Enter Our World of Nostalgia and Pride

The world of Jordan—a kaleidoscope of emotions, relationships, and events never to be forgotten. A world that we all move within and which moves within us. A place where some of our most memorable experiences have occurred, and a place that is a memorable experience in itself.

As we look at our world on this level, we see the wide range of feelings connected with Jordan—the laughter of time spent with friends, the apprehension of the future, the panic of a forgotten test, the pride that follows an excellent performance, the emotion of that final score in the last minutes of the game. We see that the world of Jordan is indeed a world in itself, yet only a portion of the total world we live in. The people we meet, those special teachers that give us so much, planning for college and careers—all are a major part of our world at Jordan.

The complete world of Jordan—a memorable one indeed—is captured in the **Trailblazer**, a tangible reminder of our time here.

1. The auditorium is a focal point of school life.
2. **Jessie DeCastro** takes the SAT, a major moment in many school careers.
3. The Jordan panther symbolizes our feelings of school spirit and pride.

1. Students voted **Mr. Jay Hagey**, **Mr. Ben Lipson**, and **Mr. Neil Van Steenberg** favorite teachers of the year.
2. **Carla Copeland** (at left) uses library resources to plan for college, and (below) **Steve Lew** waits to counsel college-bound students.
3. **Joel Sabalza** checks scholarship information in the career center.
4. **Lynda Lynch** visits a favorite lunch spot, McDonald's.
5. **Miguel Gill** and **Jules Bourgeois** prefer a lunch at home.

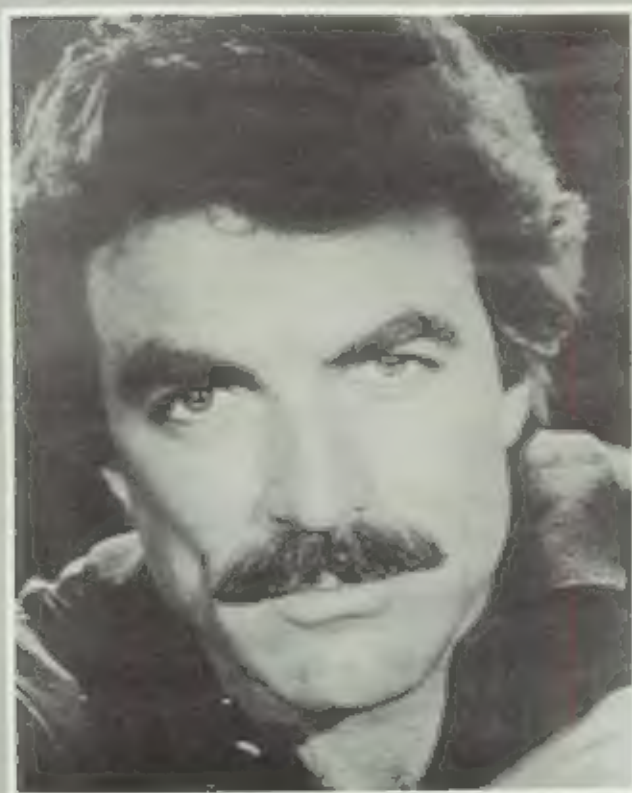

Media Trends Reflect Our Current Tastes

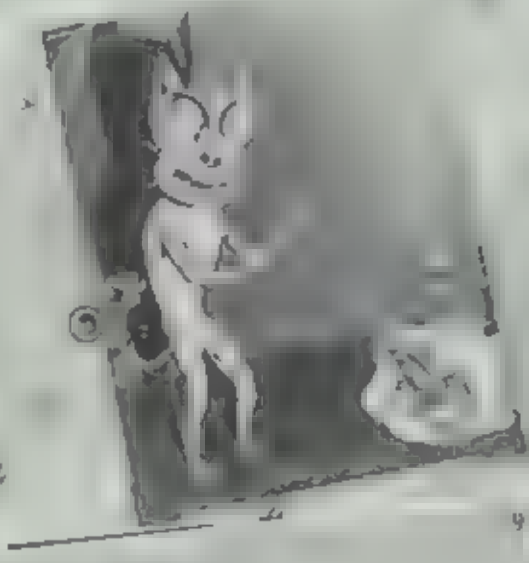

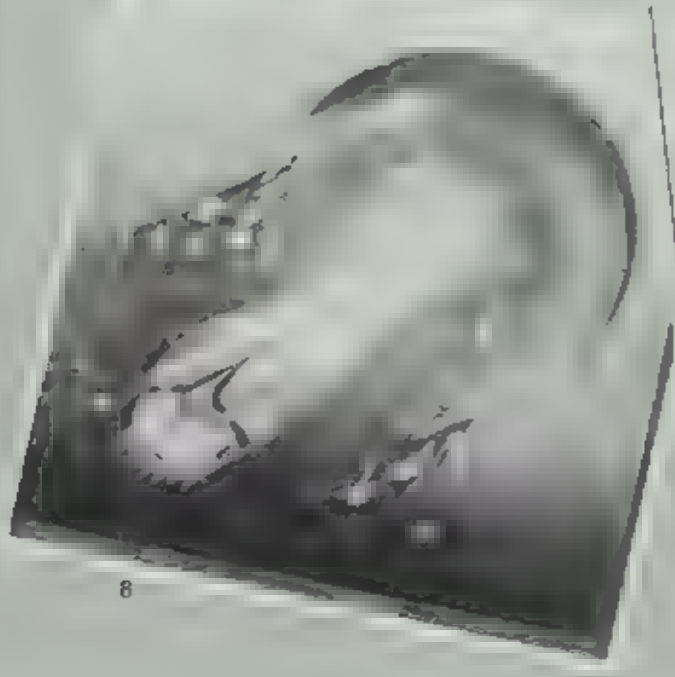

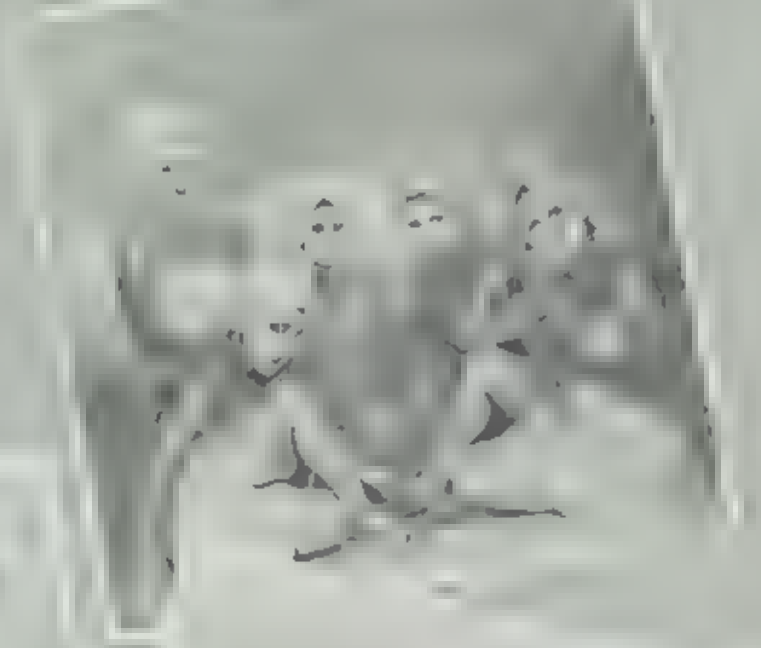

The many media in our world are not only entertaining, they keep us up-to-date on current events and are influential to the way we think, dress, and talk.

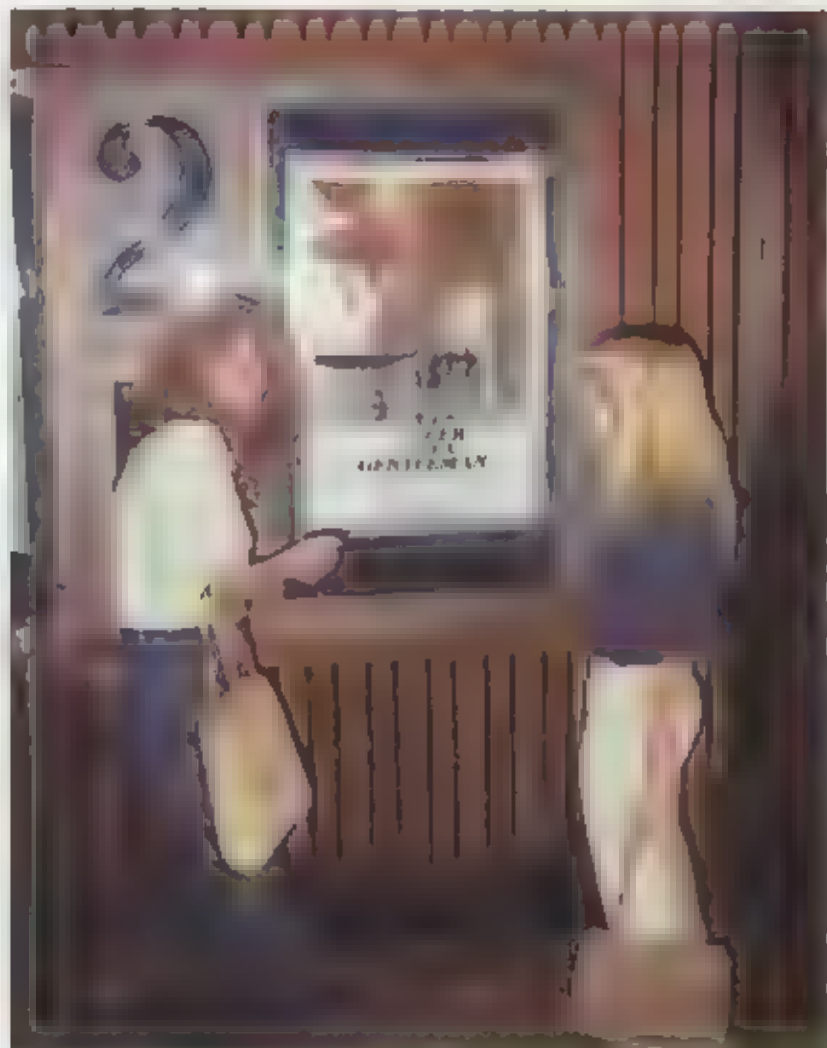

When the Extra-Terrestrial touched down on earth, he also touched many people's hearts to become one of this season's favorite movie characters. Other preferred movies were "An Officer and a Gentleman" and "Fast Times at Ridgemont High." Jordan students were also able to identify with the spirited young people from the hit television series "Fame." "Hill Street Blues" and the night-time soap opera "Dynasty" snared large numbers of Jordan fans, too.

Students' overwhelmingly voted "Hard to Say I'm Sorry" their favorite song. Music was featured in film this year with the visual odyssey "The Wall" from **Pink Floyd**. An experimental film, "The Wall" brilliantly combined the elements of animation, music, and live action into one unforgettable celluloid concoction.

1. **E. T.**, with his friend **Elliot**, formed a successful duo, breaking box-office records for the year.
2. "Magnum P.I." 's **Tom Selleck** captured nationwide attention with his first major television series.
3. **4. Fleetwood Mac** maintained its long-standing popularity, while the **Stray Cats** made their appearance as a pioneering rock-a-billy group.
5. The highly acclaimed, Emmy-award-winning "Hill Street Blues" continued its high quality programming for a second season.
6. **Ken Wilson** and **Bill Burka** dress to fit their album selections.
7. **ZAPP** invited students to the dance floor, as **The Police** kept the beat going with the reggae style.
8. Many Jordanites still favored **Journey** or **Oingo Boingo** among musical groups.
9. Breaking out of the new wave scene with their second album were the **Go-Go's**. At the same time, **John Cougar** re-established his image patterned after rocker **Bruce Springsteen**.

Our Outside World: Varying Interests Mark Unique People

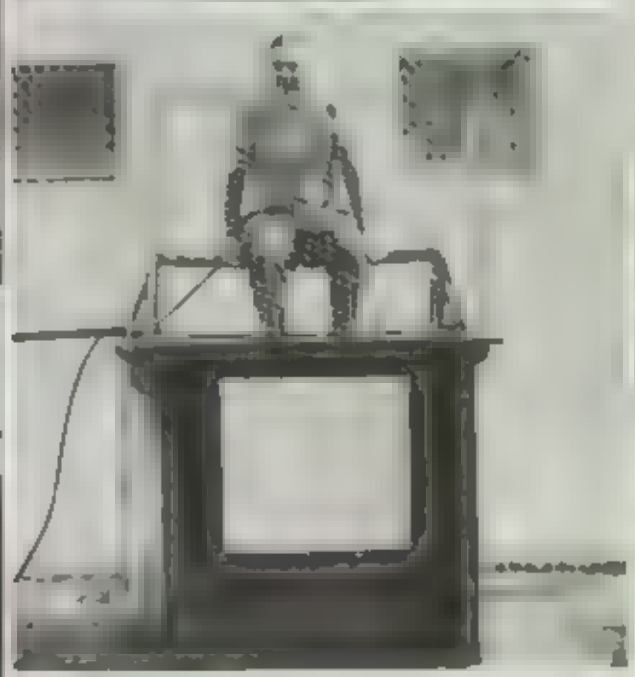

Our world is distinguished by a wide range of hobbies, interests, and activities. Each individual has his or her own special concern which adds to the colorful patchwork of our world. Whether it be a job, an unusual hobby, or just a favorite weekend pastime, everyone has something to contribute to the overall picture.

To help piece together some of that overall picture, the students at Jordan responded to a survey regarding their interests. The results in the category of outside interests reveal that approximately 8 out of 10 students hold part time jobs; favorite activities include going to the movies and going out to eat, and many students enjoy traveling.

The list of favorites is, of course, endless. We are all unique, and our interests reflect that fact. The outside activities represented here can only be a fraction of the whole scene, but a great diversity of hobbies does exist. Jordan students were represented at the annual Campus Life haunted house, a community service project; at favorite restaurants, such as Stuart Anderson's Black Angus, and in just about every other activity imaginable — sports, musical groups, and dozens of others.

In these ways, our world expands to include our community and the world outside Jordan.

- 1 Favorite radio stations are a big interest in our lives.
- 2 **Laurie Williams** and **Sheri Stolze** enjoy a very popular pastime, seeing a good movie.
- 3 Two Jordanites share a weekend moment at ocean's side.
- 4 The Campus Life haunted house was very popular with Jordanites.
- 5 Not only did Jordan students enjoy attending the haunted house, many of the monsters originated from Jordan.
- 6 **Jane Reichart** represents the working student at her job at Zody's.
- 7 **John Rayburn** and **Patty Ruff** are ready for a pleasant evening at the popular Black Angus Restaurant.
- 8 San Francisco proved a favorite vacation spot with students.

Pizza Parlors Lure Jordan Gatherings; Lunch Settings Vary

One part of our world at Jordan that will always be fondly remembered is the after-game gatherings at the pizza parlors. There we could lament over a close loss, celebrate a spectacular win, or just enjoy being with good friends. No matter the outcome of the night's game, we could always go to our favorite places, usually Barro's or the Round Table, and have the fun of a good social gathering, favorite music on the jukebox, and good food all in one. These times provided us with a chance to socialize with many friends at once and generally enjoy ourselves.

Another favorite portion of our world is lunch time. On-campus lunches provided a time for relaxation, studying, getting together with friends, whatever was preferred, and an off-campus lunch at a favorite spot provided a chance to get away from the daily pressures for a while, and to return refreshed and ready to get back to business. On- or off-campus, lunch was a very important part of our day.

1. **Cathy McCann and Cheryl Worth** like the Round Table for after-game socializing
2. **Chris Copeland** makes a selection on the jukebox at Barro's
3. **Johnny Yee** looks on as **Lance Young** tries for a high score on "Dig Dug"
4. Good times at Round Table are memories for **Traci Tidmore, Bridget Nelson, Valencia Johnson, Palace Gibson, Atheldra Dixon** and **Versie Whitmore**
5. The front of the gym is a lunchtime meeting place for **Casey Adair, Tracy Williamson, Stacy Peterson, Mike Cox, and Nina Adrian**
6. **Anna Kuzo** combines lunch with study
7. Indulging in cafeteria fare... **Janice Lumeden, Eric Hessel, and Julie Myers**
8. **Lisa Sipos, Julie Sipos, and Phyllis Ryan** gather on a bench in Cline Square

Milk Bowl, Back-To-School Night Are Traditional Fall School Events

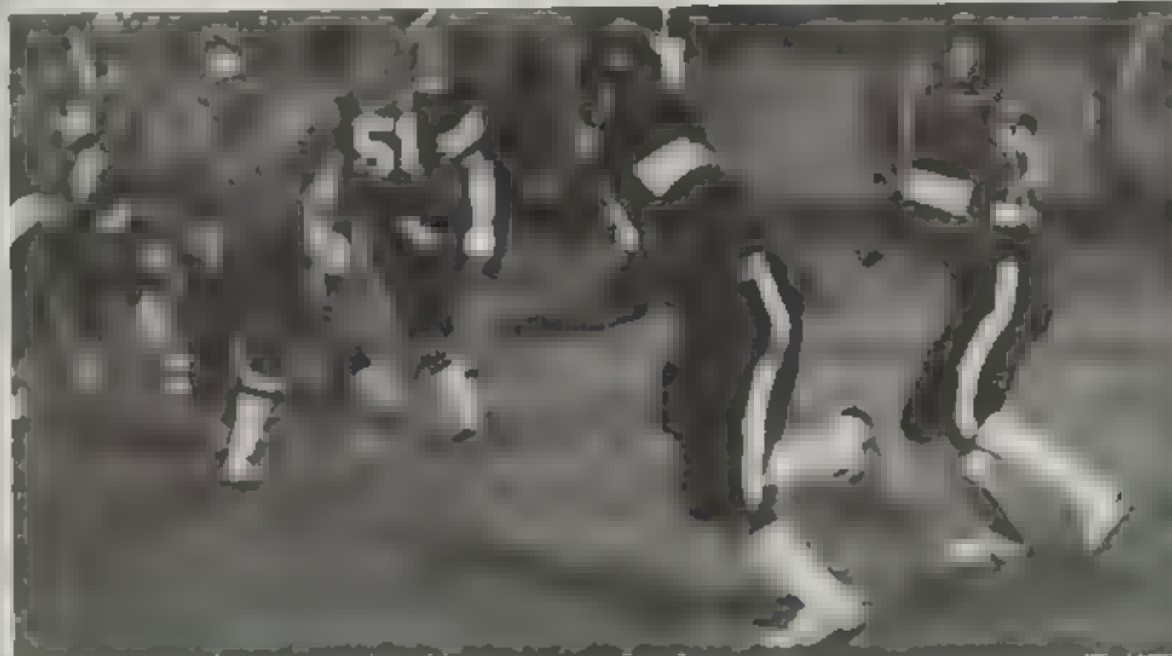

Tradition plays a large part in our world. The annual events that everyone looks forward to have gone on for years and are firmly rooted in the present as well as the past. Two such traditional events are the Milk Bowl and Back to School Night.

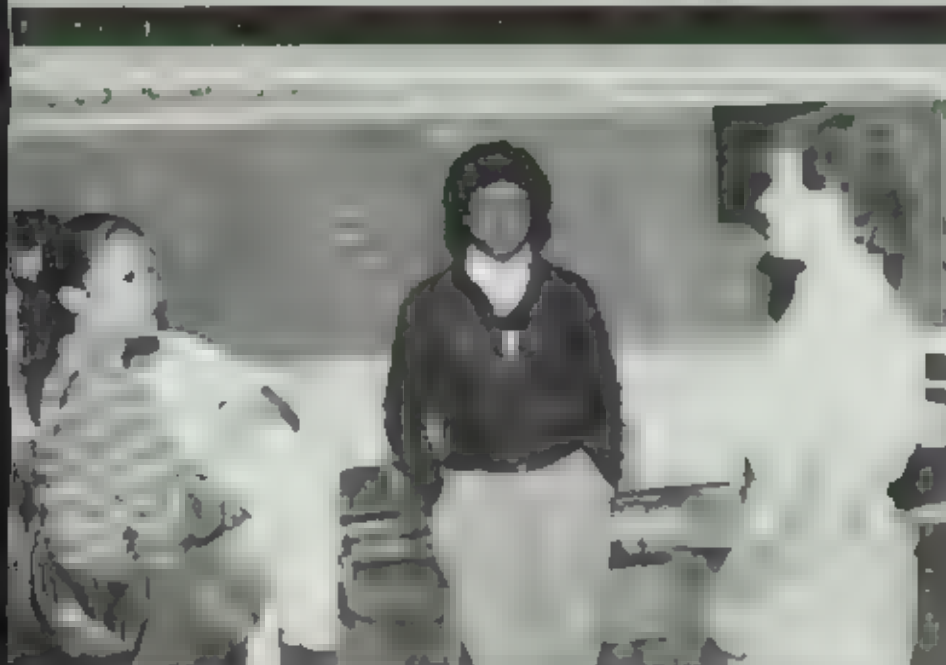

The Milk Bowl is a fund raising event sponsored by the PTA to finance help for students in various areas of need. It consists of several "mini" football games pitting the local high schools against each other. The first of the year contest provides an excellent chance to preview the teams for the coming season, to see the

band and pep groups in action for the first time, and to generate school spirit.

Back-to-School Night gives us the chance to introduce parents and teachers, check our academic progress, and generally become more familiar with each teacher's individual policies and procedures.

1. Cheering on the football team at the Milk Bowl is Carolyn King.
2. Dawn Starr and Tammy McKinnon pose with mascot April Le Doux.
3. Richard Stephens gets protection as he prepares to pass against Poly.
4. Julie Teson and Traci Condit react to plays on the field.

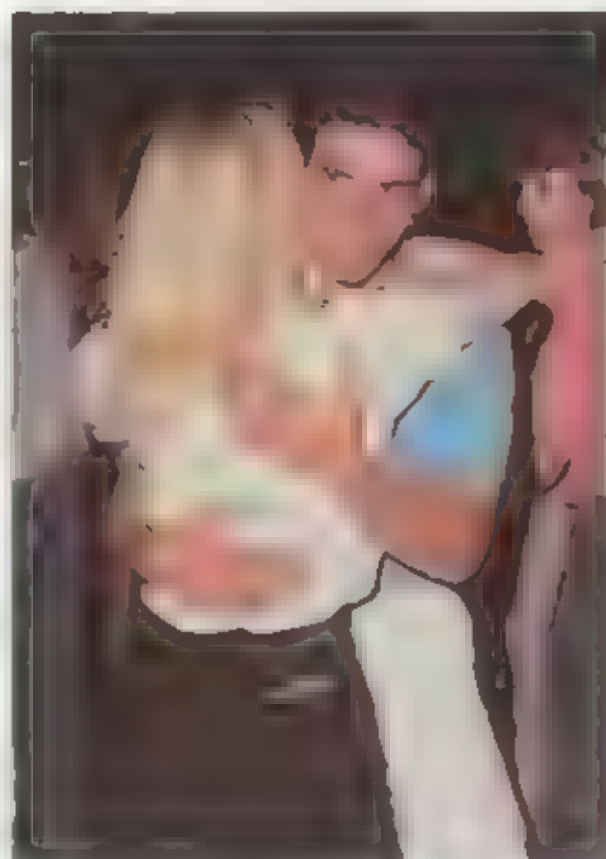

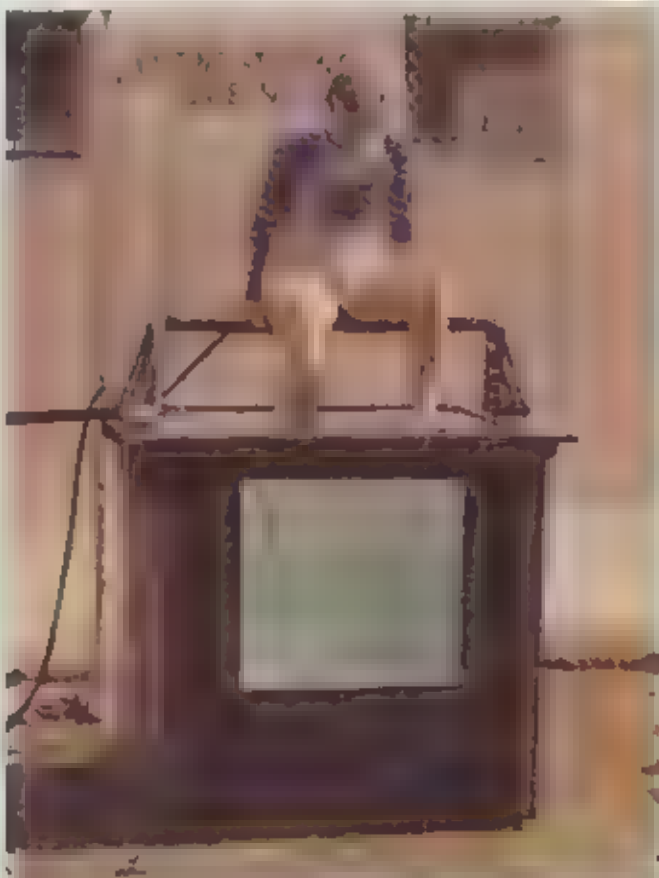

- 1 Flag squad member **Sally Shrum** appears to enjoy Max Brucel action
- 2 The Panther crowd at Veterans Stadium seems to be in happiest
- 3 **Ms. Barbara Seal** talks with guests at Back to School Night
- 4 Yearbook staffer **Digi Gower** sends a visiting parent an ad message for the **Trailblazer**
- 5 Parents get the perspective of students who may participate in the fall classroom situation

Festive Activities Greet Alumni

Probably the most popular tradition at the Jordan level of our world is Homecoming. Visiting alumni can reminisce about their school years, current students can enjoy a break from the daily routine, and everyone can take part in the festivities. The first event of the season was the dance held on Saturday a week before the Homecoming game. Besides dancing to music selected by a popular d.j., those attending had a chance to win raffle prizes with their dance tickets. At the Thursday night rally before Friday's game a mock burial was held for the Milikan Ram. On Homecoming day itself, this year's theme, "Games People Play," was met with enthusiasm as students and faculty dressed to represent their favorite games and clubs started as early as six a.m. to prepare booths to suit the motif. The carnival portion of Homecoming day, held as usual in Cline Square, was a great success, as the clubs on campus earned money by selling various items from their booths. To close the afternoon, a huge rally took place in the stadium, with cheerleaders of past and present leading the crowd in stirring up spirit for the night's game. Costume and booth winners were also announced at this time. **K.C. Dunbar** and **Steven Foe** won in the student category for their golfing outfits. The ever-imaginative **Ms. Gail Brooks** and **Ms. Lynn Fielding** ran away with the faculty division by appearing as a crossword puzzle and pencil. LASSO, ROTC, and Pirouettes had the prize-winning booths. Evening pregame activities included skits put on by the Thespians, based on the popular video games **PAC-MAN**, **Frogger**, and **Donkey Kong**.

1. **Digi Gower** and **Wes Ferracioli** enjoy the Homecoming game.
2. At half time **Dennis Rowley** is one of two drum majors leading the Panther marching band into position.
3. The varsity yell team has a "ball" at the night rally.
4. The Panther football team moves into position for another onslaught on the Milikan Ram line.
5. Student Council's dunking booth was the most popular attraction with everyone—with the possible exception of **Principal Jack DuBois**.
6. LASSO members **Patty Casarez**, **Luvina Gonzalez**, **Teresa Benitez**, **Magdalena Perez**, **Olga Tavares**, and **Linda Murillo** are proud of their prize-winning booth.
7. At the Boardwalk Cafe, instrumental music group members **Tim Sanchez**, **K.C. Dunbar**, **Steve Foe**, **Kristen Webber**, and **Denise Crevison** provided food and fun.
8. Junior Kababayans' jail is the backdrop for part of the Homecoming crowd.

McKinnon Gains Homecoming Title

Part of the excitement of Homecoming night is the vision of lovely young women dressed in beautiful gowns being chauffeured to the podium in shiny cars. Each is accompanied by the friend or relative of her choice, who shares the building tension as the nominees and the crowd alike await the naming of the queen of the year.

For **Tammy McKinnon**, the tension broke with the announcement of her name as the one selected by her classmates in a secret ballot for this honor. Escorted by **Henry Lew**, Tammy was crowned by Mascot **Glenn Oudraad**. With the sophomore, junior, and senior princesses, she gracefully accepted her bouquet and the accolades of the fans. Even a 20-16 loss to M. Kan in the closing minutes of the night's game failed to dim the glow of winning.

- 1 Queen Tammy reigns in 1983
- 2 and 3. Senior Princesses were Sharon Fryer and Bridget Nelson.
- 4 Dana Cuartero was chosen Sophomore Princess
- 5 and 6. Classmates selected Julie Sipos and LaKiesha Neal as Junior Princesses

Midnight Movies, Concerts Abound

Favorite outside activities appealed to almost every Jordan student, no matter what his or her interests. Midnight movies were very popular, and concerts abounded, appealing to every musical taste.

Midnight movies, usually viewed at the Market Place, were especially crowded on the weekends. Most often, the movies shown were geared to teens, such as "The Rocky Horror Picture Show," with its huge cult following. Concerts to suit everyone's preferences could be found nearly everywhere in the surrounding area, from the **Us Festival** to **Kenny Rogers**, from **Olivia Newton-John** to **Journey**; concerts were a big part of our year. And many of these were tastes we shared with the larger worlds of the nation and the globe.

- 1 **The Who** appears in concert
- 2 **Fleetwood Mac** concerts attracted Jordan students and thousands of others

Pepsters Win Awards; Special Squad Forms For Competition

Ms. Robinson has again led the varsity yell and pepster squads through a successful and exciting year. The squads' performances at football and basketball games, rallies, sophomore orientation, and other school events have shown the pride, spirit, and dedication of their members.

At camp this year the flag team won the Unity Award (the highest award given) and several spirit awards. The camp was held at U C Santa Barbara. The song team also made an excellent impression at San Diego State's Camp, winning several spirit and performance awards. All groups performed at the Miss Drill Team Competition, and the flag team also appeared at Disneyland.

A special competition squad, under the supervision of **Mr. Kodie Salter**, performed at Disneyland, the National Cheerleading Championships Western Regional, and the Magic Mountain Competition. They were judged on such things as originality, coordination, showmanship, and execution. The members of this special group included: **Shelly Anderson, Joyce Ballmbin, Demessa Bell, Rica Gallardo, Rene Apple, Carolyn King, Ken Hayes, Juli Hines, Becky Moss, Karrie Ross, Phyllis Ryan, Julie Sipos, Lisa Sipos, Ethel Torres, George Payne, and Mike Putman.**

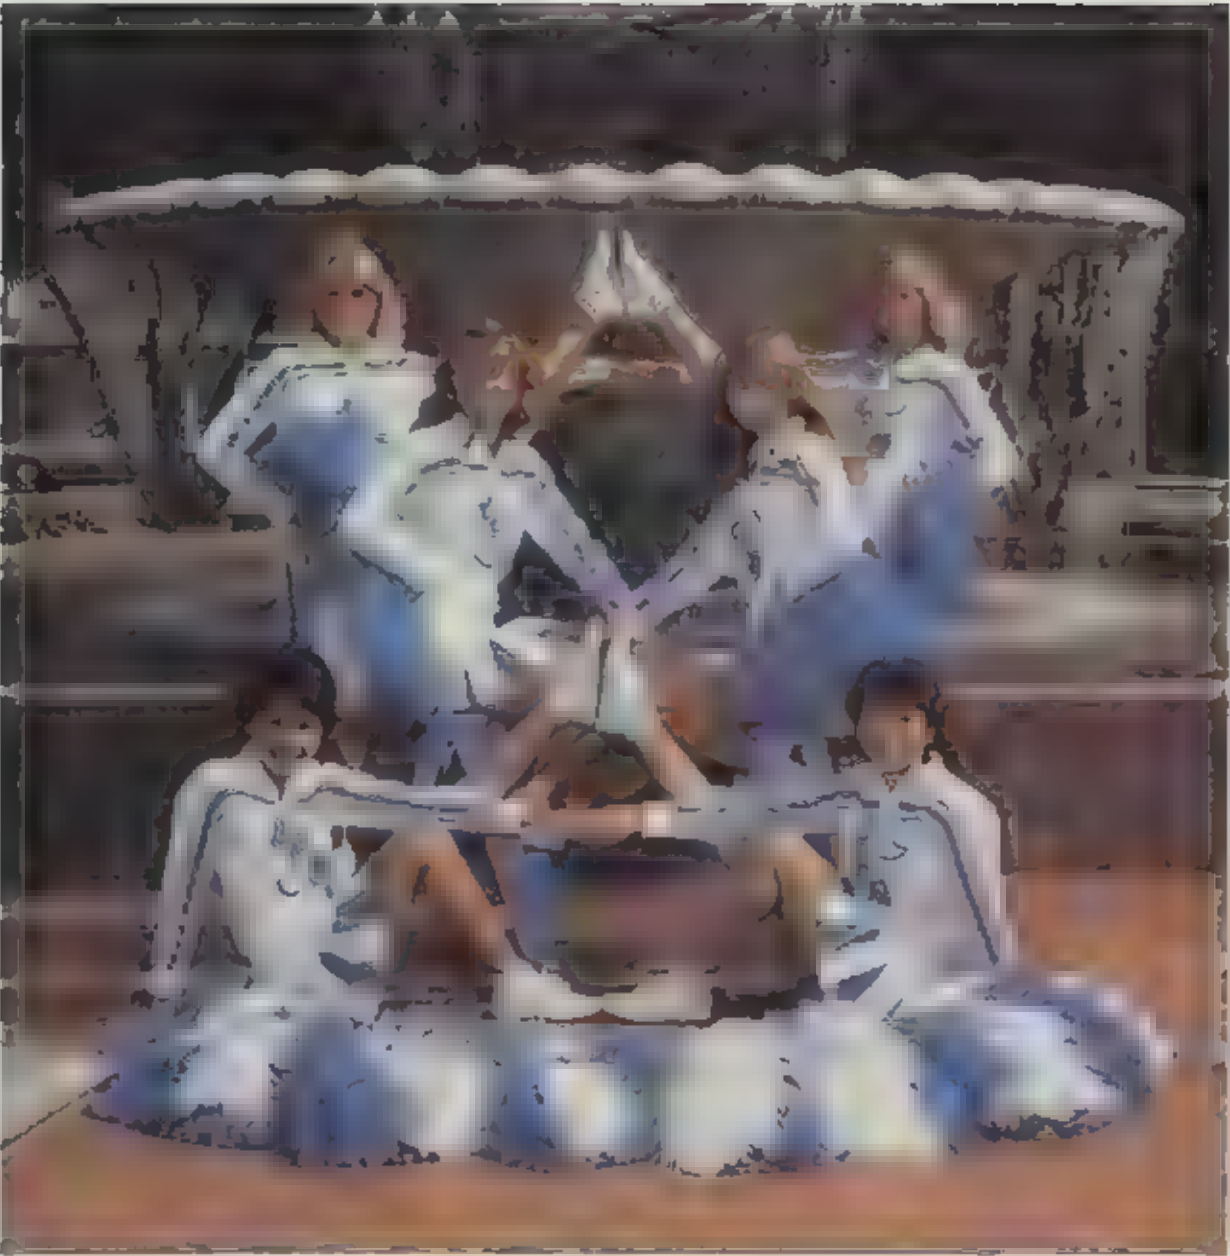

All in all the 1982-83 pep squads contributed much hard work, determination, and pride to make this school year well worth remembering.

Hard Work Goes Into Raising School Spirit

The times when all the pep groups worked together to build spirit, when everyone on campus gathered to show support for the teams — these times will not be forgotten by any who participated. But the work that went into producing the rallies and performances should not be forgotten either. Many early morning hours were put in practicing routines and readying cheers, and the members of the groups who made those sacrifices deserve a lot of appreciation.

Kane Assumes Role Of Drill Team Advisor

Ms. Karen Kane this year assumed the role of advisor to the Pantherette drill team. Under her guidance, the squad put in many long hours of work and dedication. Rallies and half time shows sparkled with the team's enthusiasm and spirit. The Pantherettes also showed their talent through their special dance team, which created and performed original dances. The entire squad entered several competitions and from one of these brought home a second place trophy.

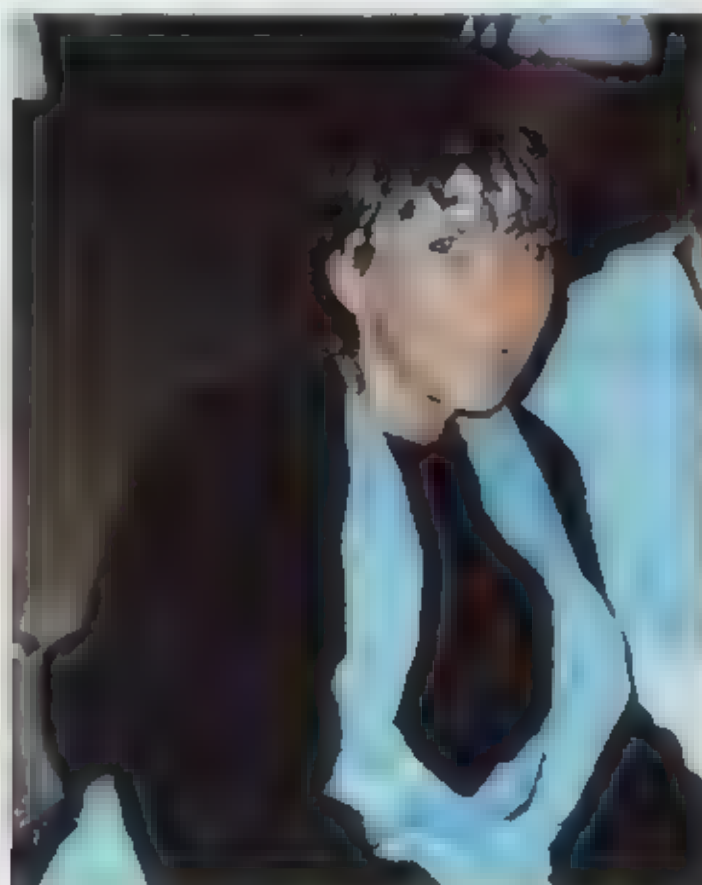

Also giving superior performances were this year's mascots, **Glenn Oudraad** and **April LeDoux**. Glenn and April represented Jordan for the first time at a camp held at CSULB, where they learned new skits and techniques. The mascots performed at games, rallies, and assemblies promoted spirit by painting the colorful signs seen on campus throughout the year, and consistently added a sense of fun and excitement to school functions. They are seen in action at right.

Tall Flag Practices Long Hours; JV Yell Wins Spirit Awards

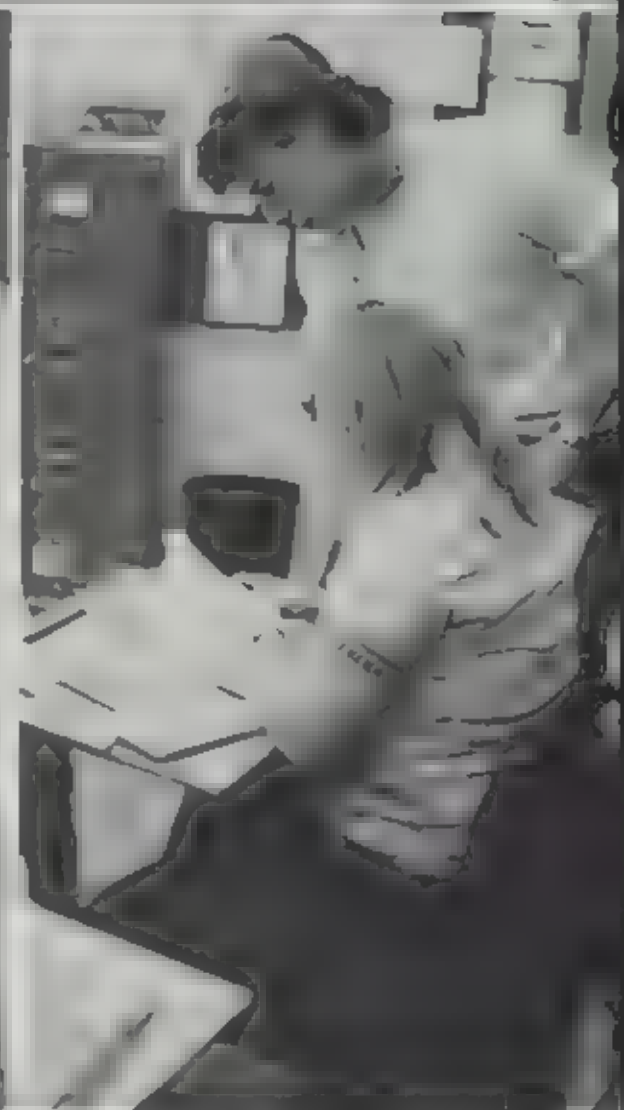

The tall flag team had an excellent year under the direction of **Richard Carpenter**, 1982 State Champion Drum Major, and **Debbie Owens**, a member of last year's team. Beginning in August, the team drilled for four hours every day, a practice schedule that led to several half-time competitions, a first place in the Savana Field Competition, a second place rating at the La Habra Field Show Competition, and a third place at Cal Poly. The group's unity and concentration paid off in impressive performances.

The junior varsity yell squad, under **Ms. Jonna Robinson's** instruction, also achieved several accomplishments. At camp in Santa Barbara, the team won a number of spirit awards. They performed in the Miss Drill Team competition, supported Jordan's j.v. and sophomore teams, and demonstrated new cheers, chants, and stunts at school rallies.

Clubs

Thespians, Speech Enjoy Performing

Jordan's on-campus clubs open a world of socializing as well as service to the school, the community, and others. The purpose of Thespians, specifically, is to further efforts in the dramatic arts. To become a Thespian, one is required to obtain fifteen Thespian points, at least five through acting. Officers are President, **Dannie Hodges**; Vice-President, **Dave Patterson**; Secretary, **Traci Tidmore**, and Treasurer, **Donna Williams**.

Qualifications for Speech Club include interest and enthusiasm for speech making and a desire to improve writing and communication skills. The purpose of the club is to make those improvements. Officers include President, **Jim Lear**; Vice President, **Laura Pendergrass**; Secretary, **Wendy Meador**; and Treasurer, **April Yoho**.

DuBois Asks Advice; Student Volunteer It

The Principal's Advisory Council is made up of about fifty students from all grade levels who show an interest in school affairs. The students act as advisors and report any feelings they have about our school to the principal, **Jack DuBois**. The Council, made up of volunteers, meets monthly to discuss such things as student relations, racial problems, and academic excellence at Jordan.

DECA stands for Distributive Education Clubs of America. Led by **Advisor Fred Edens**, the club is made up of students drawn from distributive education classes. The purpose of the club is to develop education in marketing and distribution which contributes to competence in occupational skills. The students work on projects with hopes of winning awards at annual competitions.

Clubs Serve Others, Cultivate Interests

The Aquarian Club is one of Jordan's service organizations. Its objectives are to help each other become self-sufficient and to complete projects that help improve the school and the community. To become a member, one must demonstrate a willingness to serve others. Officers are: **President, Curt Covington; Vice-President, Wendolyn Julka; Secretary, Vallyn Gehr; Treasurer, Mike Norrell.** Advisor is **Ms. Lynn Fielding.**

The word "Kababayan," to answer a common question, means "Fellow Men." The Jr. Kababayan Club is dedicated to uniting fellow Jordan students by limiting and/or eliminating racial problems on campus. Anyone having at least a 2.5 grade point average is welcome to join. Faculty advisor is **Mr. Harold Stanley**, and officers include **President, Joyce Balimbin; Vice-President, Jessie DeCastro; Secretary, Trissy Gul; and Treasurer, Marissa Paano.**

The Appetizer Club, under the guidance of advisors **Ms. Lynn Fielding** and **Ms. Gail Brooks**, learns to prepare new and elegant dishes and aims to discover other cultures and their foods. “Alphabet” Clubs Spell Recognition

NHS, CSF, VICA — this alphabet soup of clubs combines to spell recognition of top achievement in academics and school activities as well as development of occupational and leadership skills in the vocational sector. The National Honor Society, sponsored by **Ms. Sarah Carty**, was led first semester by President **Jim Lear**, Vice President **Laura Pendergrass**, Secretary **Dale Yegge**, and Treasurer **Diane Moore**. The club held fundraisers to help pay for the academic achievement awards, began a tutoring service for students in need of extra help, and combined with CSF and Friends United to form Greeters.

Mr. Joe Tucciarone continued to sponsor The California Scholarship Federation, which worked hand in hand with NHS this year in forming Greeters and raising money for the awards. The group had its annual candy sale at Christmas time, visited the UCLA campus, and took a trip to Disneyland. Fall semester officers were President **Denise Hollis**, Vice President **Joel Sabalza**, Secretary **Mona Mottin**, and Treasurer **Dana Schuler**. Leading their efforts in the spring were President **Jim Lear**, Vice President **Greg Davis**, Secretary **Dana Schuler**, and Treasurer **Dana Cuartero**.

Jordan's unit of the Vocational Industrial Clubs of America lived up to its motto, "Preparing for Leadership in the World of Work," this year, with seven members taking home medals from the Southern California VICA Skill Olympics held at Cal State Long Beach in March. Earning golds were **Roger Dunworth** (Auto Body), **Paul Soria** (Cabinet making), and **Antonia Valenzuela** (Wedding). **Mike Hall** was club president, with **Pamela Wood**, **Angela Pucillo**, **Bernardo Lutt**, and **Gary Reding** acting as vice-president, secretary, treasurer and reporter.

Kalman Advises Keywanettes Club

Keywanettes is a service club advised by **Mr. Robert Kalman**. Second semester officers **Michelle Magsaysay**, president, **Crystal Lehner**, vice-president, **Juli Hines**, secretary, and **Dana Cuartero**, treasurer, attempted to build membership and to devise a format of service. The club participated in Spring-O-Rama and visited both convalescent and children's hospitals. LASSO (Latin American Student Service Organization) is a club designed to enhance knowledge of Latin American culture. Club leaders **Teresa Benitez**, president, **Olga Tavares**, vice-president, **Linda Murillo**, secretary, **Hector Tavares**, treasurer, and **Mr. Ben Martinez**, advisor, have helped the group to participate in such activities as homecoming, where they had the first place prize-winning booth.

The Polynesian Club was designed to teach anyone interested the culture of Polynesia. Though the club is composed mainly of students of Polynesian descent, membership is open to anyone. The club is led by Advisor **Barbara Seals**, and officers **Pasami Manu**, president, **Aia Mao**, vice-president, and **Sonyah Westerlund**, secretary.

Clubs Promote Friendship,

Friends United has actively promoted friendship and love among students at Jordan. Advised by **Mr. Neil VanSteenbergen** first semester chairperson **Dana Schuler** and second semester chairperson **Sally Shrum** led this club in activities such as visiting convalescent hospitals and distributing "hug coupons" and Christmas cards. They also sponsored a women's week, black history week, and a multi-cultural assembly held in May.

Another group promoting equality was the Minority Club, advised by **Ms. Jemie Smith**. Vice-President **Traci Tidmore** cited the reason for the club as "promoting a sense of unity and to help to bring minorities together." In addition to having booths at Homecoming and Spring O Rama, the club sponsored the annual Black history Assembly at which President **Tina Tyler** served as the mistress of ceremonies.

Clubs Recognize Publication Efforts

Panther Prints and Quill 'n' Scroll are two clubs whose membership is limited solely to students involved in the publication of Jordan's yearbook, the **Trailblazer**, and the newspaper, the **Cat's Purr**. The primary goal of Panther Prints is to act as a fundraiser to provide more money for special effects, such as more color, in the yearbook. This year the club sold chocolate-covered bananas at Homecoming, message ads at Back-to-School Night, and M and M's in the spring. Sales of surplus photographs also raised money for the book. Club president was **Cheryle Lewis**. To qualify for membership for Quill 'n' Scroll, a student must have had his or her work appear in a Jordan publication. President **Sharon Fryer** led the club this year. At Homecoming the group sponsored the "pillow fight" tilting booth. **Fryer** also president at the annual year end banquet, where outstanding contributions to the paper were recognized and humorous gifts were exchanged.

Staff Sets "Destiny" As Stylus Theme

The 1983 staff of **Stylus**, Jordan's literary magazine, selected "Destiny" as the theme of this year's book and set its sights on achieving a fifth consecutive All American Award from the National Scholastic Press Association. Faculty Advisor **Marie Tollstrup** and student leaders **Johnny Yee** and **Ed Vilas** headed the annual search for student essays, short stories, pen-and-ink drawings, and black and white photographs to feature in the book. Besides the incentive of seeing their work in print, potential contributors had a chance at winning a free **Stylus** and of receiving extra credit in certain English classes.

The 1982 edition of the magazine was among less than 3% of the 1000 submitted for evaluation to NSPA to receive the All American rating. Said one judge, "The student work is fresh - lacking many of the clichés of ten used by high school writers." Illustrations were also cited for excellence with such comments as "beautiful cover," "striking theme poem illustration," and "exciting middle spread." Instructors other than **Ms. Tollstrup** who assisted the student staff were **Mr. Tak Hohri** (photography), **Ms. Sandy Lucas** (art), **Mr. Wendell Milbrandt** and **Mr. Bob Greeley** (judges), and **Mr. Lou Schumow** (printshop).

Fellowship Forms For Bible Study, Weekly Discussion

A new club to the campus this year is the Fellowship Club. The president and founder of the club, **Chip Krollic**, formed the group to discuss various facets of the Bible. Sponsored by **Ms. Nancy Gomez** and **Mr. Glenn Koons**, the club meets once a week and is open to anyone who wants to participate.

The French Geran Club, under the sponsorship of **Ms. Barbara Seals** and **Mr. Jim Mills** is an active fund-raising group. Under the leadership of President **Sally Shrum**, Vice-President **Mike Fisher**, Secretary **Kim Jackson**, and Treasurer **George Paine**, the club sold See's Suckers and put on the rope ladder climb at homecoming. In addition, members sold Valentine's Day heart-shaped suckers. The money accumulated was to be used for a Saturday field trip to Catalina Island.

Production Services is a club made up of the stage crew students. Under the supervision of **Mr. Dave Barclift** the group sold candy to raise money for their annual field trips to television stations. This year's excursions were to NBC, ABC, and KTLA.

A sport-related group is the Panther Track Club. The most active members are the distance runners, who put on a five-and-ten-kilometer race called the Autumn Classic, held in El Dorado Park in September. The race helped pay for new sweats. Eight members made the newspaper for their centipede entry in the Long Beach Grand Prix 10K run. They tied themselves together with a long rope and wore hats, vests and garters while playing kazoos.

Yet another club that promotes student interests is Shutterbugs. Shutterbugs consists of beginning to advanced photography students who want to learn more about their hobby and have fun. With the instruction of **Mr. Tak Hohri**, students meet once a week for one hour learning how to take better pictures using different techniques, how to develop film, and to use various equipment like enlargers and stabilization processors.

The Spirit Club is a combination of all the pep squads, who as a group raised nearly \$4,000 to pay for all their expenses. To help pay for homecoming festivities the club sold homecoming buttons and ads for the football programs. Members paid their own way to cheer camp with a cheerathon of 200 cheers which netted approximately \$1,500. Two big candy sales were needed to supplement the funds for necessary extra coaching, tape recorders, music, competition entry fees, and buses for transportation to competitions.

Speech, VICA Win In Competition

Entering a variety of contests this year, members of the Speech Club won many awards from competitions held at the school level to those which include district, area, and zone schools. **Steve Francis, Jim Lear, Marina Martinez, Laura Pendergrass, and Denise Hollis** engaged in and won contests beyond the school level.

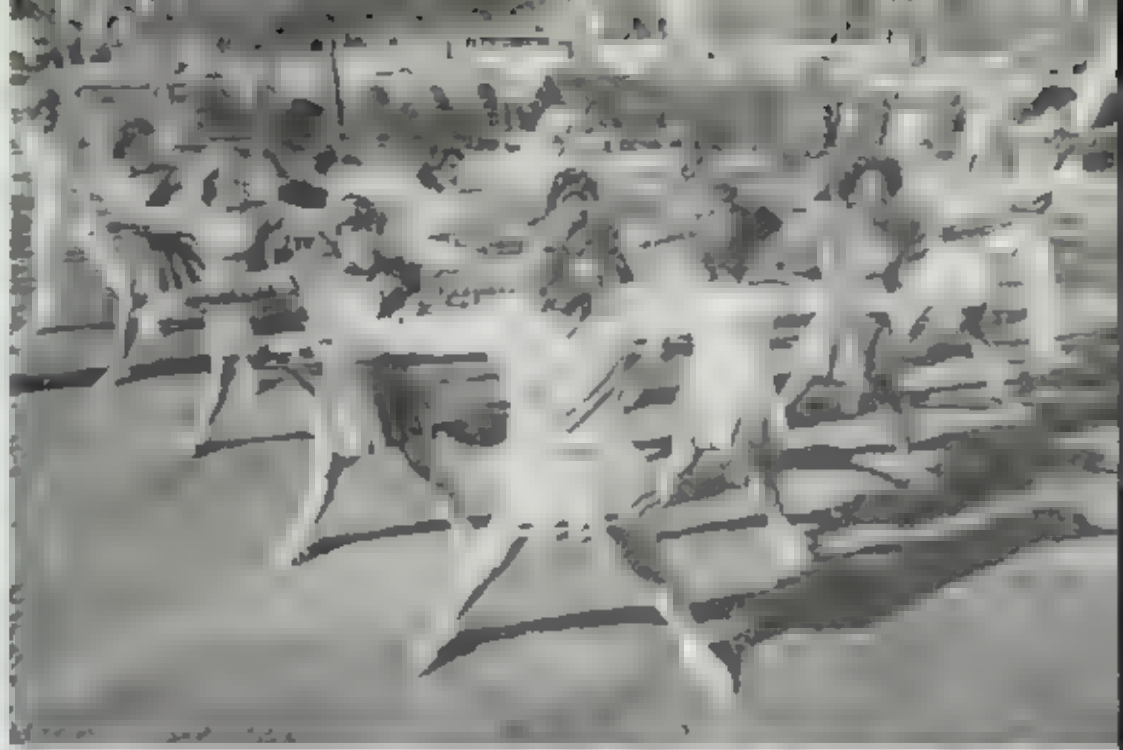

Steve Francis is a veteran speaker. Though only a sophomore, he was involved in forensics at Lindbergh gaining experience to compete this year. He entered the Lions and Optimist Club contests and was able to take first place in the men's competition of the district level event. His speech, proclaiming the motto "Serving With Pride," propelled him to the top in his area. **Marina Martinez**, a sophomore, delivered her version of this topic to capture a third place spot in the women's competition at the district level Optimist Contest. Though this was her first contest, **Marinaez** showed that she will be a dominant force in public speaking in the years to come. **Jim Lear** has been involved in public speaking for two years. He began in his junior year but really caught on as a senior. He took first place in the local level of the VFW competition contest, speaking on the subject of "Youth-America's Strength." He also captured a second place in the zone finals at the Lion's Club. This time he spoke on the topic of "Nuclear Use or Misuse." Two other participants who placed were **Laura Pendergrass** and **Denise Hollis**. **Hollis** secured a third place at the local level of the VFW contest. This was her first contest. **Pendergrass** participated in the VFW competition. This was her only contest this year, but she managed to place second at the local level.

In another type of competition, VICA members were able to capture medals of the Southern Region VICA Skill Olympics of Long Beach State University. Gold medals were won by **Roger Dunworth, Paul Soria, and Antonia Valenzuela**. Recipients of the gold medals will advance to the State Leadership and Skills Olympics to represent Southern California in Sacramento. The medalists received awards in the categories of carpentry, auto mechanics, auto body, and graphic communications, among others. Silver medalists included **Mark Anderson, Darren Davidson, and Mike Hall**, President of Jordan VICA. A bronze medal was won by **James Malone**. **Mr. Iver Rusteun**, VICA advisor, expressed praise for all the VICA members who attended the competition.

- 1 Winning in local competition, **Steve Francis** and **Marina Martinez** exhibited their public speaking abilities.
- 2 **Roger Dunlop, Darren Davidson, Paul Soria, and Mike Hall** all captured medals at the Southern Region Skill Olympics.

Special Events

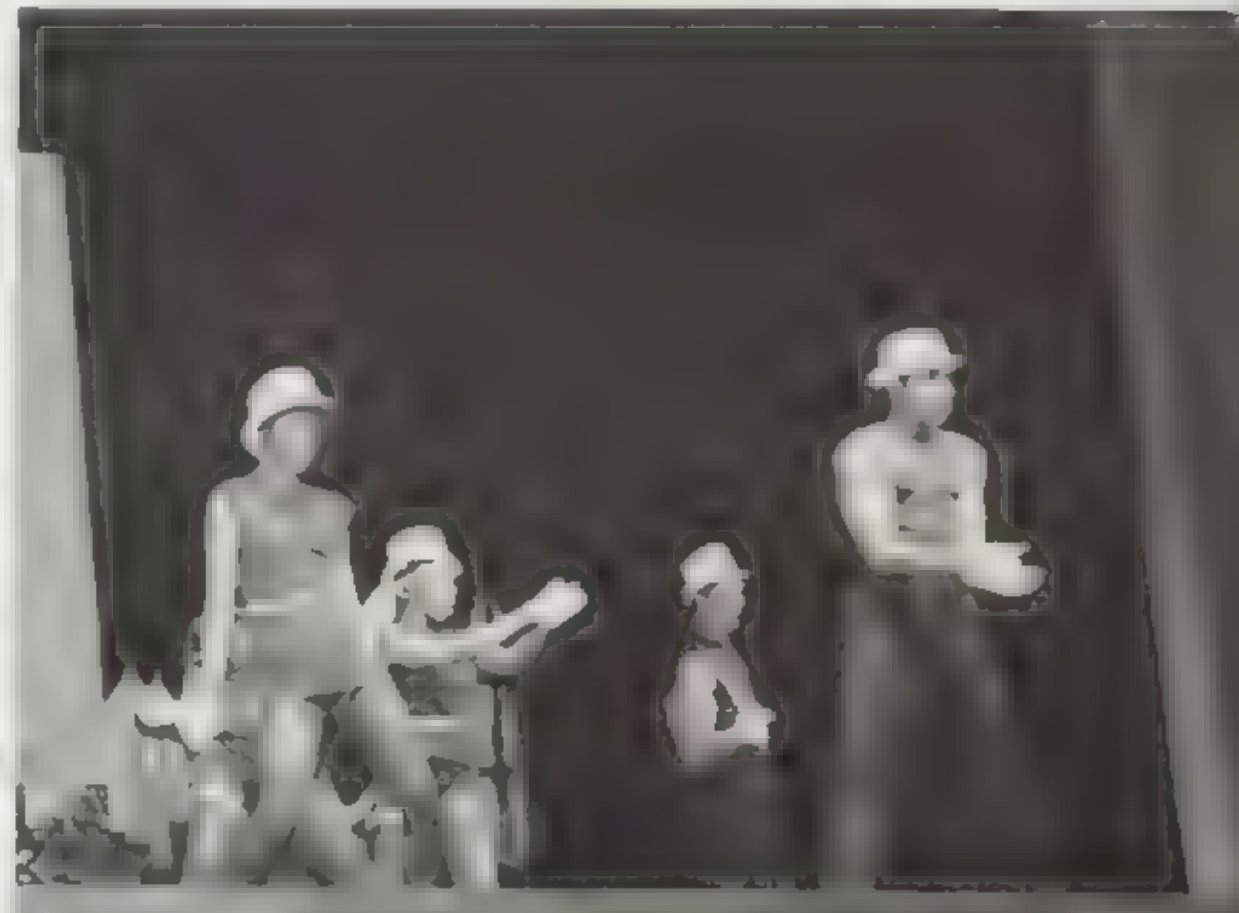

Toyota Donates Car To Auto Mechanics

Toyota Motors, Jordan's adoptive company, added another item to its list of contributions this year. In a generous gesture, the company presented Jordan with a 1979 Toyota Celica Supra to be used by the third-year occupational class in auto mechanics. The Supra was presented by **Mr. Donald Haller**, a representative of the Toyota Corporation, in a ceremony which took place in Cline Square on March 11. The Toyota Corporation has served our school in a number of other ways. They supported the 1982-83 **Trailblazer** by purchasing advertising space, and they contributed money used to fund the "Academic Awards of Achievement" medals which were presented this year.

Ms. Jemmie Smith, a Jordan staff assistant, branched out into another field as the program coordinator of the Black History assembly held on February 9. **Ms. Smith** devised the idea and began to gather acts which would revolve around the general theme. **Keith Rodgers** and his dance troupe performed along with guest speakers. **William Burford**, an attorney, **William Taylor**, a doctor, and **Michael Ellington**, a representative of Cable TV., spoke to students concerning their careers.

The program was hosted by **Tina Tyler**, a student at Jordan. She was assisted by members of the Minority Club. Comments from students who attended the assembly indicate that the show was a success.

Red Cross Asks Blood Donations

On February 25, the Red Cross held its annual blood drive at Jordan. This year the goal was to gather seventy pints of blood in donations. This was to come from the expected 100 sign-ups. The Student Council held an intensive campaign and managed to secure 90 sign-ups. Due to lack of permission slips, no-shows, and various other reasons, a total of only 41 pints was collected, however. Though the goal was not met, the Red Cross is thankful for the blood that was donated and plans to continue its traditional blood drive here.

At the request of **Principal Jack DuBols** and various junior high school principals, a travelling "road show" was developed this year. The purpose of the project was to acquaint students who will be coming to Jordan with the campus programs. On April 5 and 6, the show was performed at Hamilton, Hoover, and Lindbergh Junior Highs, delighting both the students in the audience and those who participated in the show as well.

The idea was originated by **Mr. DuBols** and, consequently, he appeared at each show personally to address the audience. In addition, members of the Student Council and representatives from various athletic groups on campus made presentations throughout the show. Slides were shown at two of the performances. One highlight of the two days came when alumni from the Jordan pep squads performed routines for their alma mater. A dance to the tune "Beal It," from this year's show "Gotta Dance," received a warm reception. Also welcomed were performances by the Jordan band, drama, and choral groups.

The shows were a success but rather hectic for those involved. In the future performances will be spread out over a longer time span. However, this year's programs were enjoyed by everyone and will surely be a staple of Jordan High in the years to come.

Dance Attendees Pick Figueroa, Valles

This year's Sweetheart Dance was made quite memorable for **Ben Figueroa** and **Edie Valles** as they were crowned Sweetheart King and Queen. The entire court included **Troy Clark** and **Ken Hayes** in a tie for Senior Prince; **Lisa Sipos**, Senior Princess; **Ken Caleb**, Junior Prince; **Carina Castaneda**, Junior Princess; **Oscar Mendoza**, Sophomore Prince; and **Dianne George**, Sophomore Princess. Jordan's on-campus clubs nominated the candidates for the court, and the winners were chosen by ballots filed by student voters as they arrived at the dance, which was sponsored by Student Council. The disc jockey, **Ken McCallum**, was chosen because of his proven ability at previous dances. The Sweetheart Court members were presented their awards by ASB President **Sharon Fryer** and ASB Vice President **Glenn Oudraad**. The dance was enjoyed by nearly five hundred students in attendance.

"Jordan's Coming Out" Sets Tone

"Ready? Okay! Jordan's coming out!" So starts a routine by Jordan's competition cheer leading squad, and the cheer seemed to come true for this group, which had impressive victories in nearly all its competitions this year. The squad entered the prestigious Western Regionals of the National High School cheerleading championships and secured an impressive third place, narrowly missing a trip to Florida to compete in the finals.

The team, coached by **Ms. Jonna Robinson**, is composed of young men and women from all of Jordan's cheer squads, including song, flag, varsity yell, and JV yell. **Advisor Robinson**, with help from **Mr. Kodie Salter**, led the team through five to fifteen hours of practice per week. In addition to competition and practice, the team engaged in fund raisers to help defray the cost of entry fees and traveling expenses. The group combined all aspects of cheer, including song, dance, yell, and gymnastics. This added interest to their routines and helped to vary them from the usual cheers.

The squad's other victories included second place in the Disneyland Sun Festival, fifth place out of twelve schools at the Miss Drill Team Competition, and sixth place out of thirty-seven schools at the Magic Mountain Competition. This record shows the outstanding ability of the squad and proves that Jordan is coming out!

Sports World Sees Individual, Team Successes

In the world of specialized sports, it takes an immense amount of dedication to excel in more than one of them. **Edgardo Vilas** is one of the few people that has that kind of dedication. In dual track meets the normally competes in the 440 yard run, 110 high hurdles, the two-mile run, and the pole vault. As a decathlete he participates in two-day meets which consist of ten events. Vilas had a personal best of 5015 points but was expected to surpass the school record of 5600 points.

In other action at Jordan this year's volleyball team went to C.I.F. for the second year in a row. In the semi-final games they lost a hard-fought, five-game match against eventual C.I.F. champion in Lakewood. Both the men's and women's soccer teams made it to C.I.F. by finishing third in league, then lost tough games in the first round to end their season. The women's basketball team also went to C.I.F. where they were eliminated in the third round by the number one ranked team.

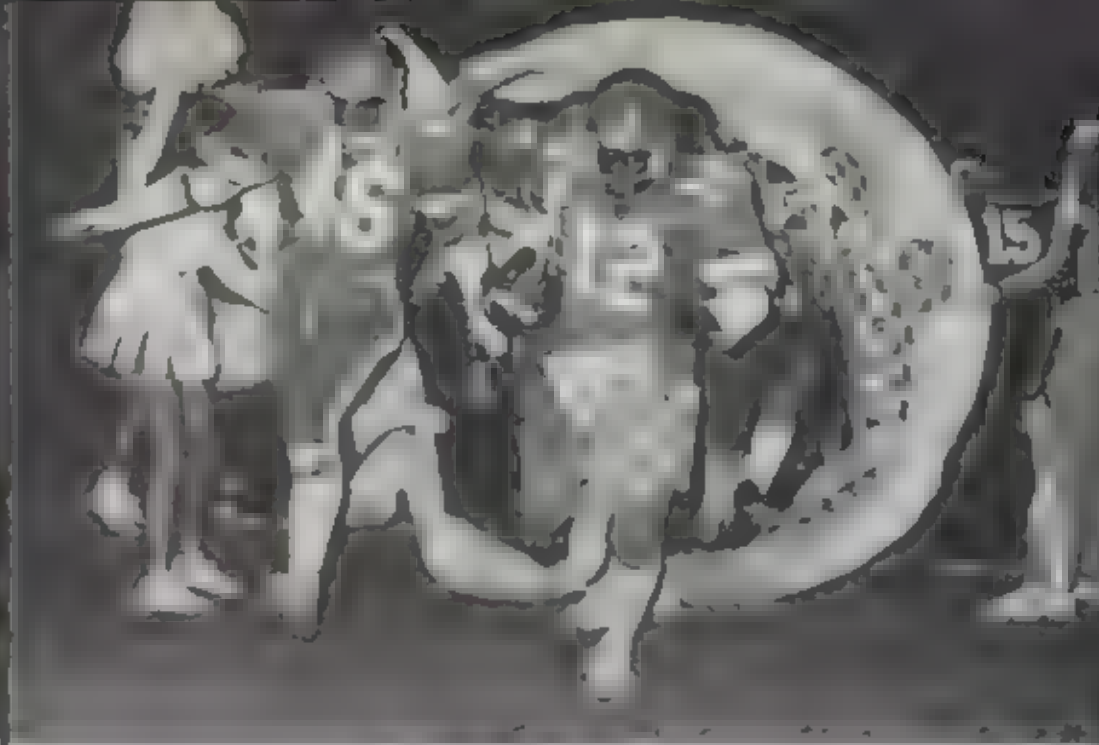

In the world of professional athletics the threat of strikes from the three major sports marked their seasons. In football, a strike shortened the schedule to nine games, making the debut of the **Raiders** in Los Angeles a brief one. The **Washington Redskins** ended up winning the Super Bowl over the **New York Jets** to close the abbreviated season. In baseball, the year was also marked by a strike, but that didn't slow down the **St. Louis Cardinals**, who came out victorious in the World Series in seven games over the **Milwaukee Brewers** in the battle of the beer towns. The threat of strike in the National Basketball Association was averted, and the season went on as usual with the **Philadelphia 76'ers** having the best record in the league. They were expected to meet in a rematch with the World Champion **Los Angeles Lakers** in the final.

In tennis, **Jimmy Connors** conquered Wimbledon, and **Bjorn Borg** surprised the world by returning in his mid-twenties. Then famed boxer **Sugar Ray Leonard** retired from the ring because of a detached retina in his eye.

Varsity Cuts String Of Losses, But Has Disappointing Year

Although succeeding in cutting a two-year string of losses, the 1982 varsity football team found victory rather elusive this season. While they posted two very impressive wins, including an exciting last-minute victory over Wilson in the last game of the season, the year was fraught with heart-wrenching frustration. For example, late in the third quarter of the game against Poly, the Panthers enjoyed a commanding 19-0 lead, then dropped the game 20-19 for the most devastating, heartbreaking loss of the year. The team was also in a position to win against Millikan when the quarterback was sacked with seconds left, securing a 21-16 win for the Rams. Despite these disappointments and a 1-4 Moore League record, the Panthers made this an exciting season for Jordan and succeeded in greatly improving their game, their image, and their spirit.

Sophs Take Seven, Win League Title

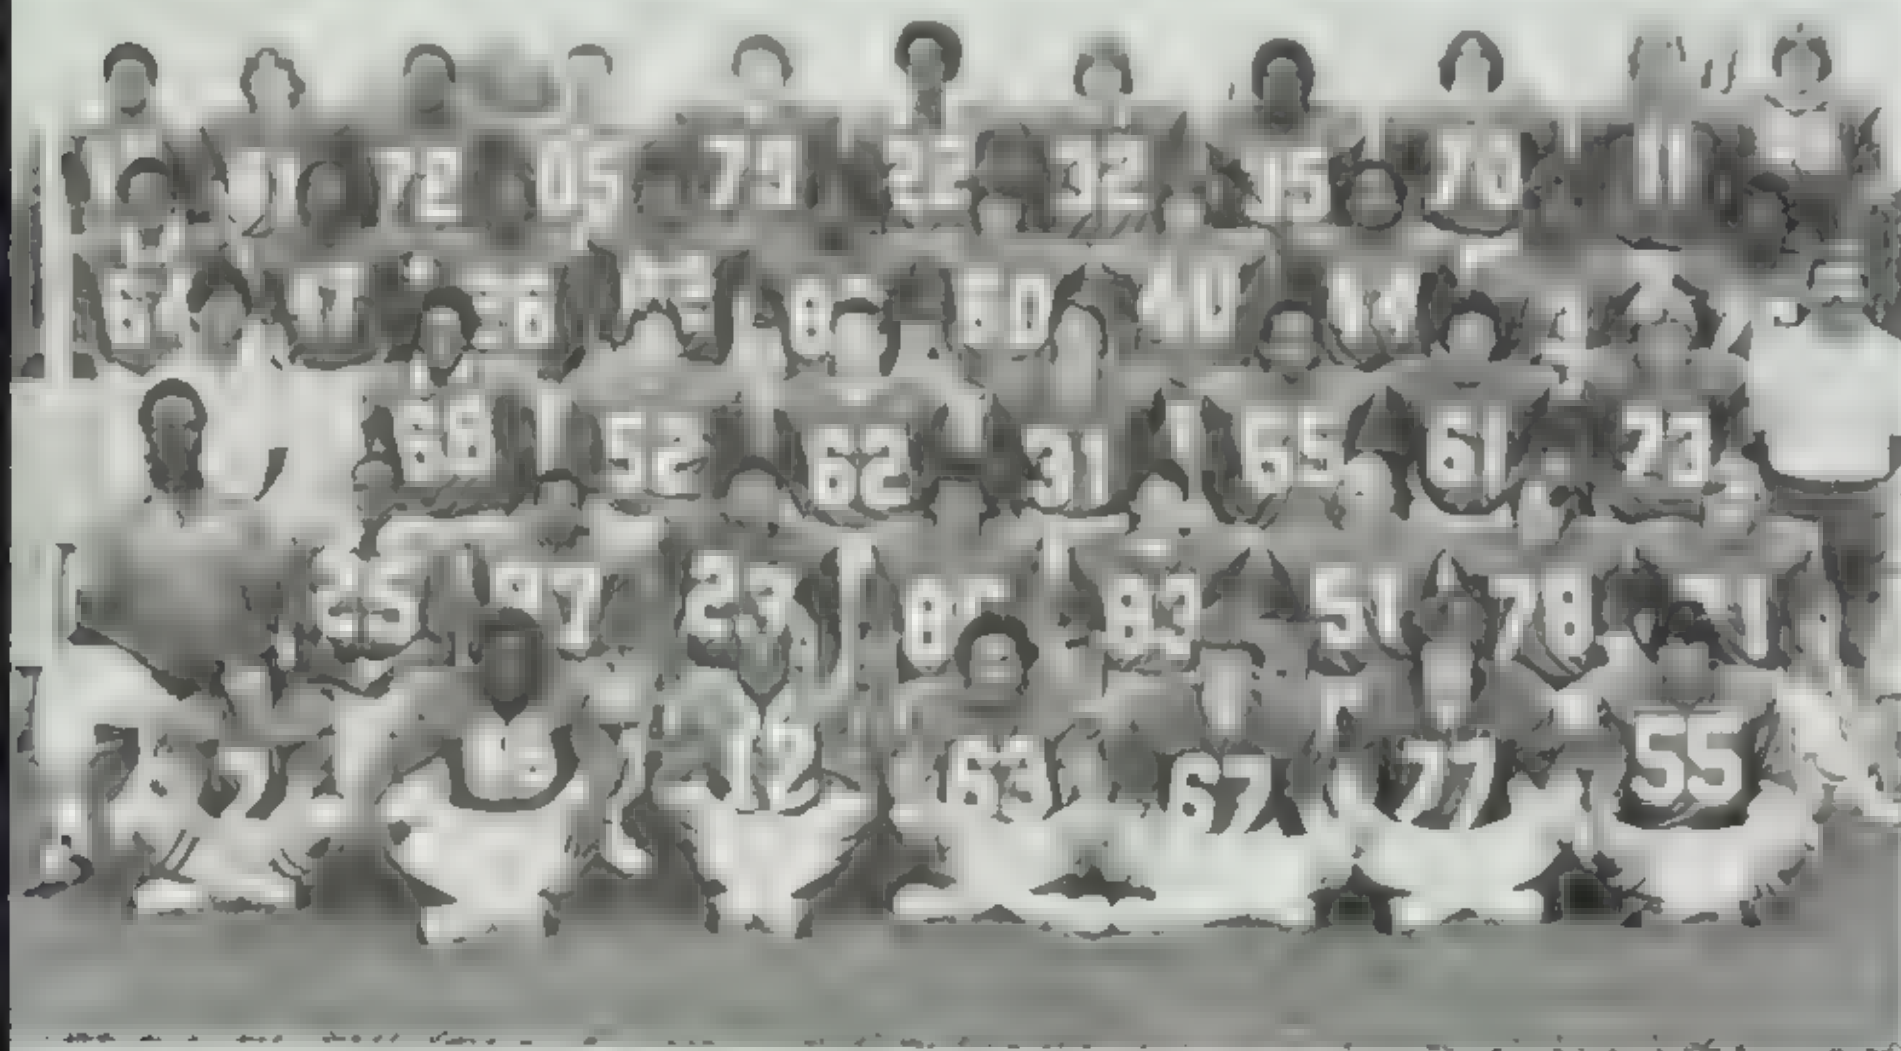

Once again the Panther sophomores were at the top of their league while the junior varsity team found the road to the top much steeper. The sophs compiled an impressive 4-1 record in league, completely dominating most of their league opponents. Because of their single loss to Wilson, the squad ended up in a three-way tie for the championship. The team had an over-all record of 7-2, including only one non-league loss during pre-season. Spikers Advance To CIF Semis Lose To Lancers

For the second time in two years, Jordan's volleyball team qualified for the CIF 2 A playoffs. Though unable to retain its Moore League title, the squad finished in a tie for second and went on to post league play. Moving through the brackets, the team put away St. Anthony's, Bellflower, and Colton in three straight games in each match. In the semi-finals, fourth seeded Jordan met the top seed, Lakewood, in an exciting battle between two powerhouse teams. Winning games one and three, Jordan at one point held a 13-1 lead in game two, only to witness a comeback by the Lancers, who won 16-14. The final game continued to build tension until Lakewood's ultimate 15-10 victory, led by the Lancers' unstoppable number one spiker.

Most Valuable Player **Huguette "Yogi" Pelletier** took All CIF First Team Honors while **Julie Myers**, Most All Around Player made All-League for the second year in a row, and **Debbie Valentovich** achieved Honorable Mention All-League. Described as a "fantastic setter," **Diane Moore** was recognized with the Coach's Award. Commented **Coach Leo Apel**, "The year was a complete team effort, and we're looking forward to a great season next year." Only **Moore** and **Myers** are graduating seniors.

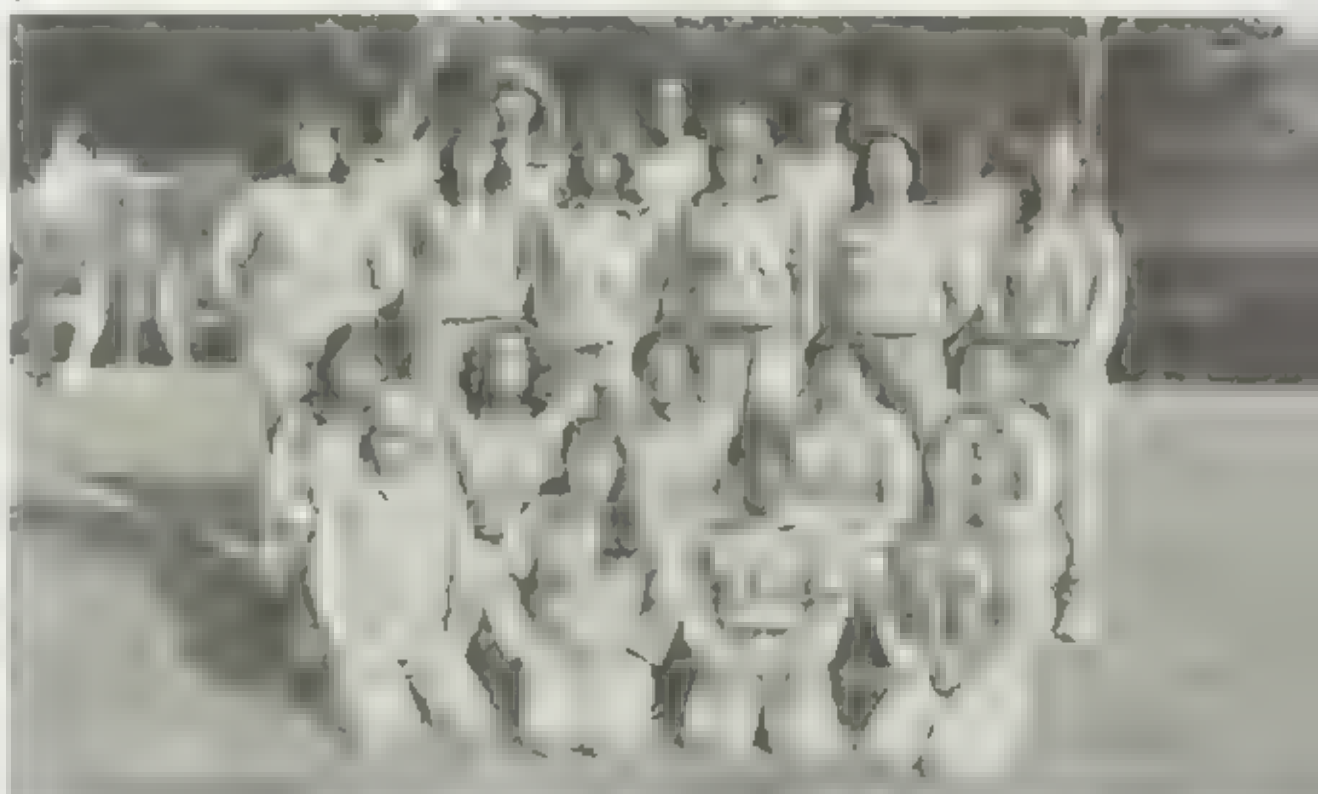

The junior varsity volleyball team also enjoyed a winning season but was not able to capture the Moore League crown. "With an unusually large team, each player had to do her share of bench time," noted **Coach Joan White**, "but everyone accepted this and everyone played." The coach further described the team as "very supportive of each other." **Donna Erickson** was named Most Valuable Player, and **Lynette Hope** received the Coach's Award.

Kennedy Leads Women Harriers

Lucinda Kennedy led a cross-country women's program that fielded a full team for the first time in two years. **Kennedy** ran undefeated for most of the season and placed seventh overall at league finals. Her excellent performance earned her a placement on both the All-City and All-League teams. The team defeated Poly at League finals to acquire 5th place overall. The remaining six members of the team were all in their first year of competitive running. They gained experience throughout the year, and as a result their times were faster and faster every week. They showed the potential for outstanding seasons in the years to come

Junior Varsity Gains Valuable Experience

The men's and women's Junior Varsity Cross-Country teams gained valuable experience this season, finishing 4th and 5th respectively in league. Both teams consisted mostly of sophomores. The men's team was led by sophomore **James Castetter**, who achieved an impressive 11th at finals. The women's squad was led by sophomore **Laura Smith**, who improved her time steadily throughout the year to reach the top spot on the team. Both **Castetter** and **Smith** should do well on the varsity level next year.

Harriers Race To CIF Season End

The gun sounded, and Jordan's varsity cross-country team was off and running toward CIF competition. Despite a rash of injuries, the harriers rallied to defeat Wilson at the Moore League finals, securing a position at the CIF post-season contest, where **Brian Lee** finished first for the team. **Harold Andoetoe** led the team's efforts and was ranked fifth in the league, while **Reggie Bernard** rallied late in the season to add his support to the team's labors. Despite a torn Achilles tendon, **Andoetoe** joined **Lee** as a choice for the All League team, testimony to the excellent performance of this year's squad.

Opponents Frustrate H₂O Poloists' Efforts

The varsity water polo team, under the direction of **Coaches Rich Peter and Greg Kautz**, struggled through a tough season. Victorious over Compton late in the season, the squad was otherwise plagued by inexperience. Nevertheless, the outstanding play of **Jeff Witt** earned him a spot on the All Moore-League second team. **Witt** was last year's junior varsity Most Valuable Player. This was **Mr. Peter's** first year in the head coach position, while **Mr. Kautz** came on board with the team this past summer.

McKenzie Becomes First CIF Contender For Jordan Tennis

Three-year varsity women's tennis player **Jan McKenzie** scored a Jordan ace this year by becoming the first-ever campus representative at the CIF level in her sport. The achievement followed a similar breakthrough in Moore League competition. Compiling a 13-2 record in second-round matches, **McKenzie** was joined by **Dawn Wilbanks** (9-6) in making the All-City Team. Their teammates **Shelly Anderson**, **Janice Lumsden**, and **Tammy Murdoch** shared the distinction of being chosen to play in the Moore League Tournament. Unfortunately the varsity's lack of depth contributed to an overall season record of 3-7, suggesting that a limited number of good players is not enough to compete effectively with other schools for all-around honors.

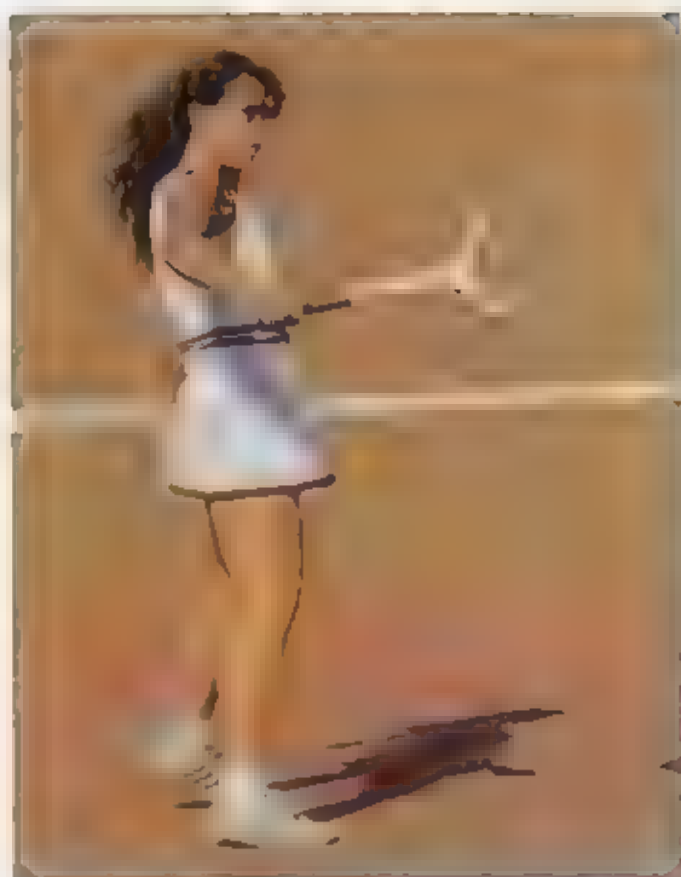

Rene Leon emerged as the outstanding player on the junior varsity team, winning the most games as a single. Recognized as Most Improved and Most Inspirational were **Jaydene Sussell** and **Debbie Nantais**, respectively. **Sussell** and **Nantais** were Jordan's top junior varsity doubles team. For total play the j.v. team's record was 2-8.

Fall Sports Produce Crop Of Talented Top Athletes

The fall sports season produced a crop of top Jordan athletes who excelled in many different ways. Junior **Huguette "Yogi" Pelletier** earned her highest honor to date when she was named to the All-CIF First Team in volleyball. Only the third team sport player from Jordan to achieve this accolade, **Pelletier** was also chosen MVP on the volleyball team and made All-League and All-City for the second year in a row. An all round athlete, she has played varsity two years on the basketball and softball teams and was named All-League for the latter in the spring of 1982. At the same time she has maintained a 4.0 grade point average.

Julie Myers, another top volleyball player was named Most All Around Player for 1982. A three-year starter for the varsity, the senior was twice named All-League and All-City. A talented singer as well, **Myers** plans to continue playing volleyball when she moves on to Long Beach City College in 1984.

During her three years at Jordan, **Lucinda Kennedy** has consistently been one of the top women on the cross-country team, holding the number one spot as a junior and senior. She defeated during most of the 1982 season. **Kennedy** placed high in three invitationals in competitions against some of the best runners in the state. Placing sixth at the Buena Park meet, she came in fifth at the Mount Sac Invitational. At league finals, she was seventh, an impressive finish against very tough competition. **Kennedy** served as Co-Editor in Chief of the 1982 Trailblazer.

Harold Andotoe was Jordan's top male cross-country runner. A team member for two years, he was the number one man and was selected for All-City and All-League honors both years. Despite a very painful Achilles tendon injury, **Andotoe** placed a laudable fifth at league finals. In addition to his athletic accomplishments, he is an accomplished violinist and excellent student.

1 and 2 **Huguette Pelletier** and **Julie Myers** sparked a CIF playoff-bound volleyball team.
3 and 4 **Luci Kennedy** and **Harold Andotoe** were stand-outs in cross-country competition.

Tennis, Football, H₂O Polo Turn Out Additional First-Class Competitors

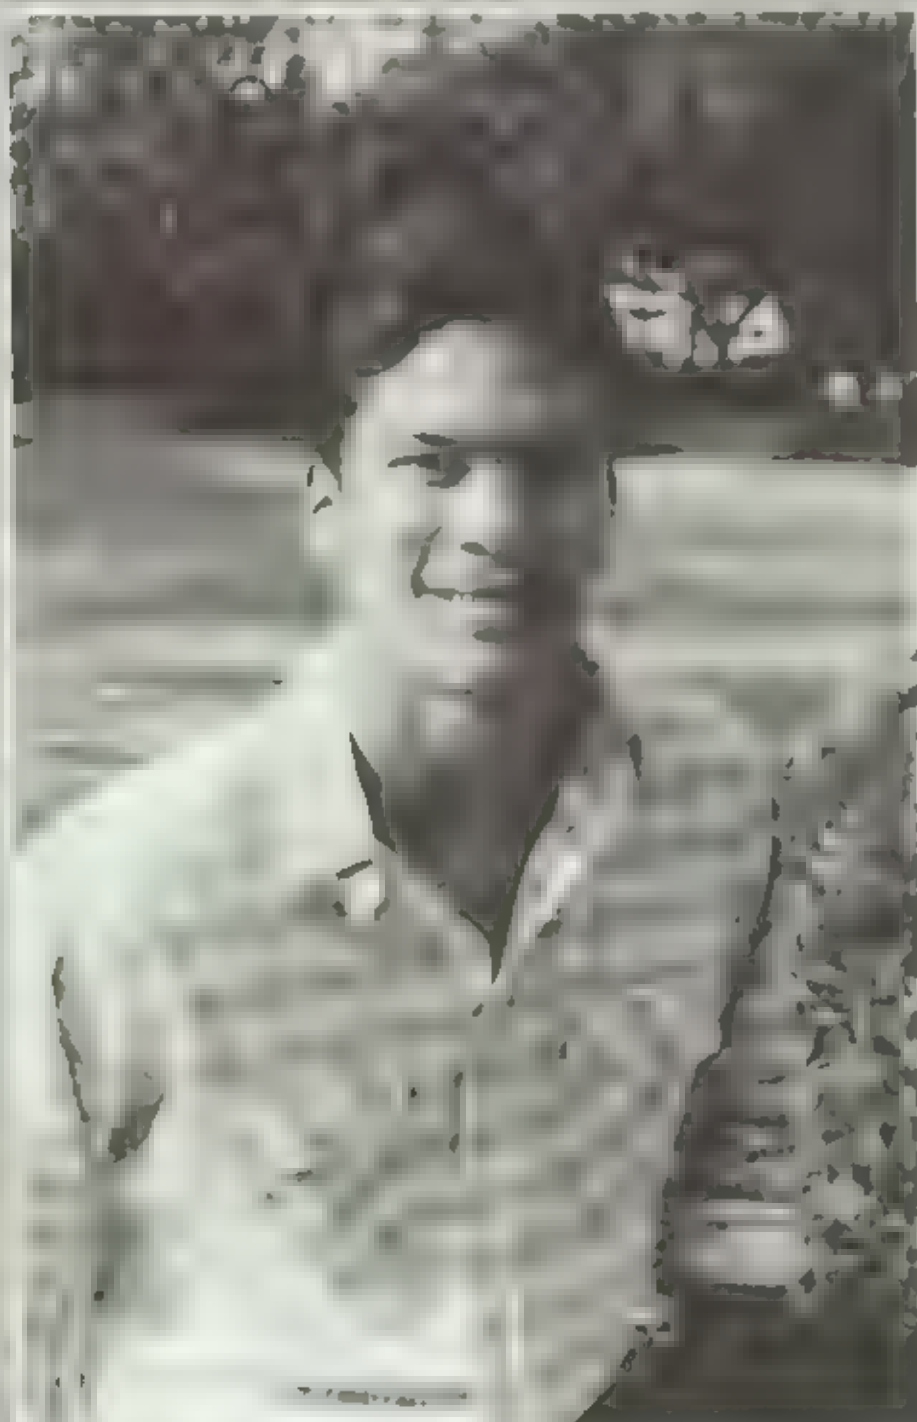

Four first-class athletes emerged from the varsity tennis, football and water polo teams. Returning for her third year on the varsity team, **Jan McKenzie** became the first Jordan player to make it to the Moore League finals and to CIF competition in singles tennis. Twice named All-League and All-City in tennis, **McKenzie** achieved the same honors in badminton in 1982, a performance she was expected to repeat this year. A highly rated student, her other activities include horseback riding. She plans to attend Long Beach State to study to become a veterinarian. **Ben Figueroa** was named best offensive athlete in 1982 varsity football. Starting the season as second string quarterback, he used his skill at pinpoint passing and his ability to perform under pressure to take over the number one spot. **Figueroa** was able to take good advantage of the experience he gained as the starting quarterback on last year's league champion junior varsity team. His season was highlighted when he engineered a masterful winning drive against Wilson in the team's closing game.

The best defensive player on the football squad was **Damon Walker**. In his first year at the varsity level, **Walker** proved himself well. His sense of timing for open-field tackles combined with a keen eye for the ball to make him one of the better players in the city. His spirit, determination, and positive attitude also contributed to his success.

Although not pictured here due to deadline constraints, **Jeff Witt** also deserves recognition for his achievements in water polo. **Witt** was selected both for the All-City Team and the All-League Second Team. His excellent swimming ability and rocket arm earned him these honors. Particularly important to his recognition was the ability to work as a team player rather than to concentrate on building up his individual statistics for personal glory.

The **Trailblazer** salutes the efforts of the outstanding Jordan athletes of the fall of '82.

1, 2, and 3 Jan McKenzie, Ben Figueroa, and Damon Walker were at the top in their sports.

Grapplers Finish In Third Place

In an impressive upward move, Jordan's 1983 varsity wrestling team accomplished a third place finish and sent seven members into CIF competition. After a year's hiatus of no wrestling team at all, 1982 saw the return

team's 2-5 record was disappointing. This year, coach Joe Zeller was brought in to build a strong, successful team, and apparently somebody made a good move in hiring him. The grapplers lost only two matches

Soccer Teams Surprise Critics

The first year of soccer competition in the Moore League brought success to Jordan, whose men's and women's teams surprised critics by both registering third place finishes. A pre-season article in the local paper predicted that the Panthers would be "in a tight race for the bottom of the standings." Instead, the chance to move into CIF action capped an exciting season whose successes were not diminished by losses in the first round of the play-off games.

The men's team received outstanding performances from **Mike Lalani**, **Jose Cuadras**, and **Richard Villaran**, who were first team All-League selections. **Jorge Cisneros**, **Gustavo Pichardo**, **Sal Barajas**, **Hector Tavares**, and goalie **Enrique Barragan** were second team All League selections. Late in the season due to an injury to **Barragan**, junior varsity goalie **Fernando Murrillo** was promoted to the Varsity level.

A consistently outstanding performer for the women was junior **Rosario Valenzuela**. Together with **Magdalena Perez**, she was named to the All-League first team. Midway in the season, the women's varsity suffered the loss of their goalie and called **Ernestine Solano** into action in that position. With little experience and only a short time to prepare for varsity competition, **Solano** nonetheless rose to the occasion, proving to be an excellent goalie as demonstrated by her selection as a member of the All League second team.

Women Cagers Finish Best Ever

Posting an overall record of 18-6 and stats of 8-2 in Moore League the women's varsity basketball team placed second and went to the quarter-finals in CIF playoff action, the best finish in Jordan history. Offsetting the cagers' lack of height were their strengths in unity, balance, and desire, according to **Coach Lorie Lindahl**. **Shaundra McMichael**, **Regina Williams** and **Kelly Craven** were singled out by selection to the All League first team, while **Huguette "Yogi" Pelletier** received an Honorable Mention. **McMichael**, leader in scoring and assists, set six team records, as did **Williams**. Team rebounding leader **Craven** and MVP **McMichael** were also All-Tournament picks in the Gahr tourney, and **Craven** and **Pelletier** each set four new school records each. The best defensive player award went to **Pelletier**, while **Gustine Jones** was named most inspirational. In the playoffs the Panthers pulverized Centennial (62-50), squeaked past Altoa Loma (55-51) and finally fell to Morningside (49-59).

Our 1983 Junior Varsity Basketball season started out on a strong note with a Perfect record in pre-season of 4-0, but ended in a third place finish in league with a won-lost record of 4-6. All team members worked together quite well, which proved to be the main asset of the team. "They are a quick team and a conditioned team," said **Coach Karen Kaufman**. "Their strengths were in their fast breaks and press." Most Valuable Player went to **Suzanne McCloskey** who was the highest point getter and who had the most steals. **Wendy Thomas** received the Most Improved award while Most Inspirational went to **Dandi Whitson**. Other standouts were **Laura Esparza** with most assists and **R.C. Crumsey** with the most rebounds.

J.V. Hoopsters Take Third Place

The hardworking junior varsity hoopsters, coached by Mr. William Mitchell, ended the season 6-4 in Moore League to come in third. Led by most valuable player Robert Holt, the team finished 10-7 overall. Holt and Stephen Heard were leading scorers, while James Carbett, Kenny Caley, and Robert Ford kept the running game going.

This year's sophomores posted records of 12-9 overall and 5-5 in League to place third also. The squad was led by Barry Thomas, who averaged thirteen points and fourteen rebounds per game. Thomas also made the All-Tournament team in the Edison Tournament. Leading the sophs in steals and assists was Brian Kennebrew, while Robert Groth was second highest scorer. George Harris and Petie Fisher came on late in the season to take starting positions.

Trailblazer Salutes Top Winter Athletes

This year eight athletes from three different winter sports and five teams were named by their coaches as outstanding. In the first year of women's soccer junior **Rosario Valenzuela** proved to be a key player on the field. With a background of only two years of previous soccer experience and some help from her brothers, **Rosario** was picked as team captain. She states, "I am very happy to have seen our team get to the position of third place!"

From the men's varsity soccer team two players, senior **Mike Lalani** and junior **Richard Vallarian**, were chosen. Although **Mike** has only played for one year and **Richard** for three, both were named to the first team A. City. As **Richard** said, "It feels good to be the first soccer team at Jordan and make CIF."

A member of the second place women's varsity basketball team, senior **Regina Williams**, is described as extremely quick with the ability to move inside and post up. **Regina** is a team leader as captain and most valuable player. An excellent college prospect, she was selected for All League and All City.

This year's wrestling team produced a senior league champion, **Eric Norwood**. Although he won the 155 pound weight division title, **Eric** did not advance to CIF.

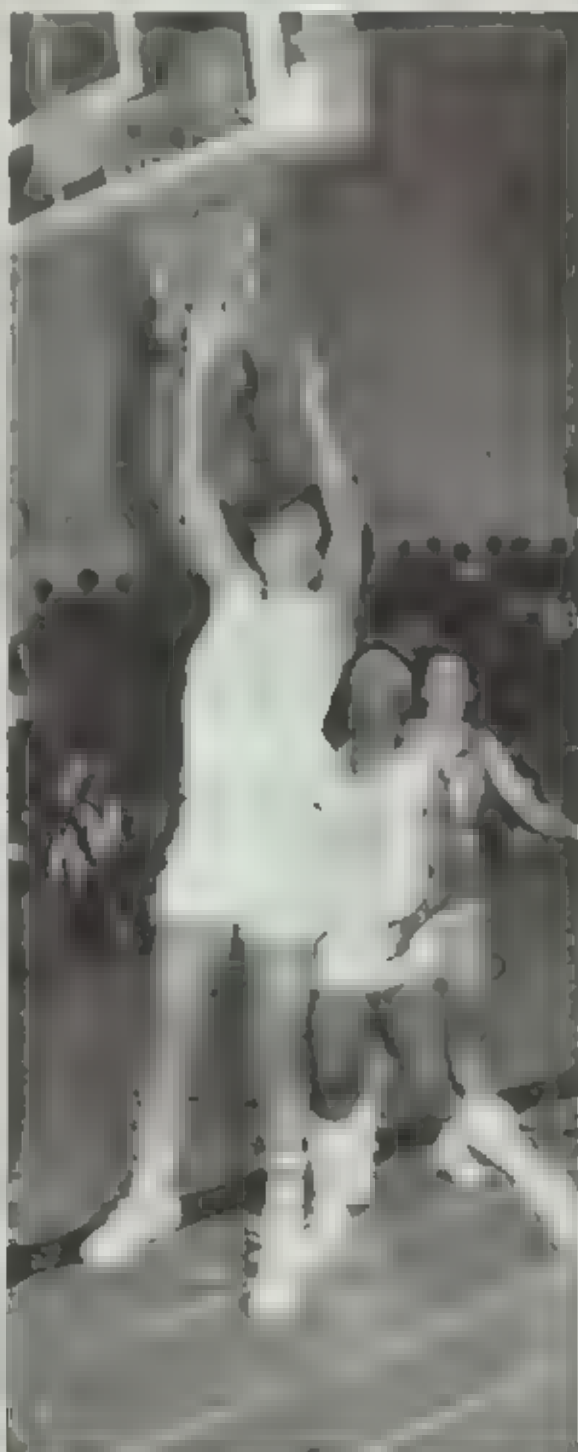

At All City picks **Mike Lalani** and **Richard Vallarian**.

Varsity Netmen Come in Fourth

Placing fourth in Moore League, this year's men's varsity tennis team was described by **Coach Ralph Meinhardt** as showing "Great enthusiasm, tenacity, and spirit under trying conditions." Returning players **Hien Lien**, **Eric Hessel**, and **Richard Layon** provided experience, while newcomers to the varsity **Jules Bourgeois**, **Sohell Zamani**, **Doug Edwards**, and **Hanh Diep** added fresh vitality. Highlights of pre-season play were defeats of Murphy (24½-3½) and Paramount (18¾-9¼).

In League competition the team posted wins against Lakewood and Compton.

"They consistently gave gritty, determined performances," said **Coach Bob Cook** of the junior varsity squad. A disappointing won-lost record was chalked up to the overall inexperience of the team.

Varsity Runners Open Season On Strong Note

This year's men's varsity track team began the season on a very strong note. Their first meet, against Santa Ana Valley High School, proved to be an exciting duel in which the outcome remained uncertain until the final event, the mile relay. Jordan was down by two points, 60-62, but four fine runners, **Robert Schafer, Kenny Caleb, Robert Holt,** and **Robert Clark,** outpaced their opponents by a tenth of a second to earn the Panthers five points and a down-to-the-wire victory, 65-62. On a long, hot Saturday at the Irvine Invitational the team proved itself once again by taking home the varsity men's first place trophy together with numerous individual medals. These victories set the stage for what was expected to be a very competitive season for the harriers.

The women's varsity set itself the high goal of defending and returning the CIF title. All but two of the championship team returned, including **Lisa Winston** and **Joyce Hilliard,** the former the defending CIF titlist in the 100-yard dash. The squad continued to suffer from a lack of numbers, especially in the field events and in distance running, but managed to show winning form by placing first at the Irvine Invitational, an outstanding achievement by a small team with big talent. The women harriers also recorded their first dual meet victory in two years by beating Lakewood in their opener.

- 4 Defending CIF champion **Lisa Winston** strides across the line well ahead of her nearest competition.
- 5 In varsity competition, **Ernest Howard** flies over a hurdle as he leads the field in the 330 low hurdles.
- 6 Junior **Stephanie Buckle** streaks past her opponent as she heads for the finish in the 880.
- 7 Varsity competitor **Helen Harris** is already a step ahead of her opponents after only two hurdles against the Lancers.
- 8 Junior **Robert Holt** outruns his competition in the varsity 440-yard run.

JV's Sophs Show Promise

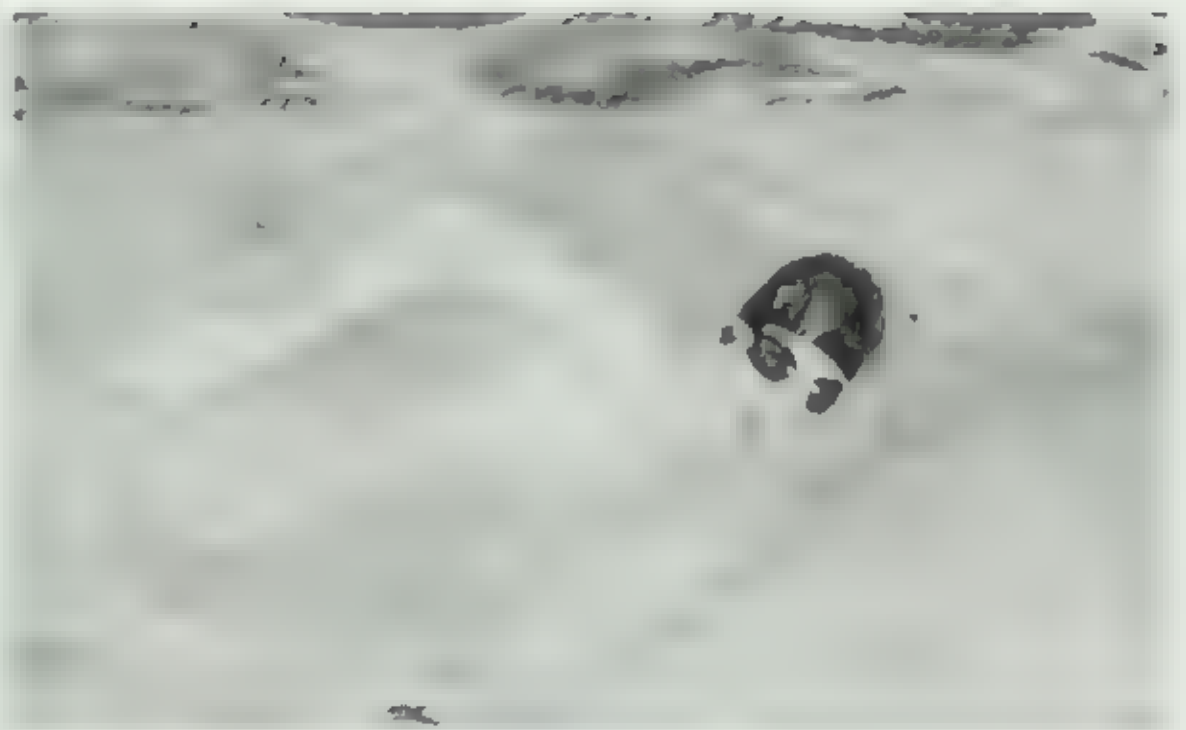

The junior varsity and sophomore track teams showed much promise in pre-season practice meets. Entering the Santa Ana Valley competition with a minimum of experience they came out victorious with a score of 50-7. The J.V. team outdistanced their opponents in every event, and though the sophomore score (72-50) was much closer, they too enjoyed an impressive win. At the Irvine Invitational the sophomore team ran away with the men's first place trophy. In the shorter distances top sprinters were **Steven Heard** and **Cliff Odums** for the J.V. team who consistently placed in the one and two hundred along with competing on the 440 relay team. The sophomore team showed much strength with tremendous performances from **Barry Thomas**, **Terrance Riley**, and **Andre Guidry** in the sprints and on the 440 and mile relay teams.

Leading the J.V. distance team was **Andre Martinez** who registered several first and second place finishes in league meets. With an injury to the top sophomore distance man **Jim Castetter**, **Mike Haugen** took over the distance events with good performances in the two mile.

Derrick Ford and **Jim DeBeck** added to the J.V.'s depth in the field events throwing the shot put. The sophomore team has great versatility with **Guidry** and **Fernando Murillo** in the long and triple jump. **Guidry** also high jumps while **Murillo** pole vaults. **Thomas** proved that he can do many events.

Peter Confronts Formidable Task

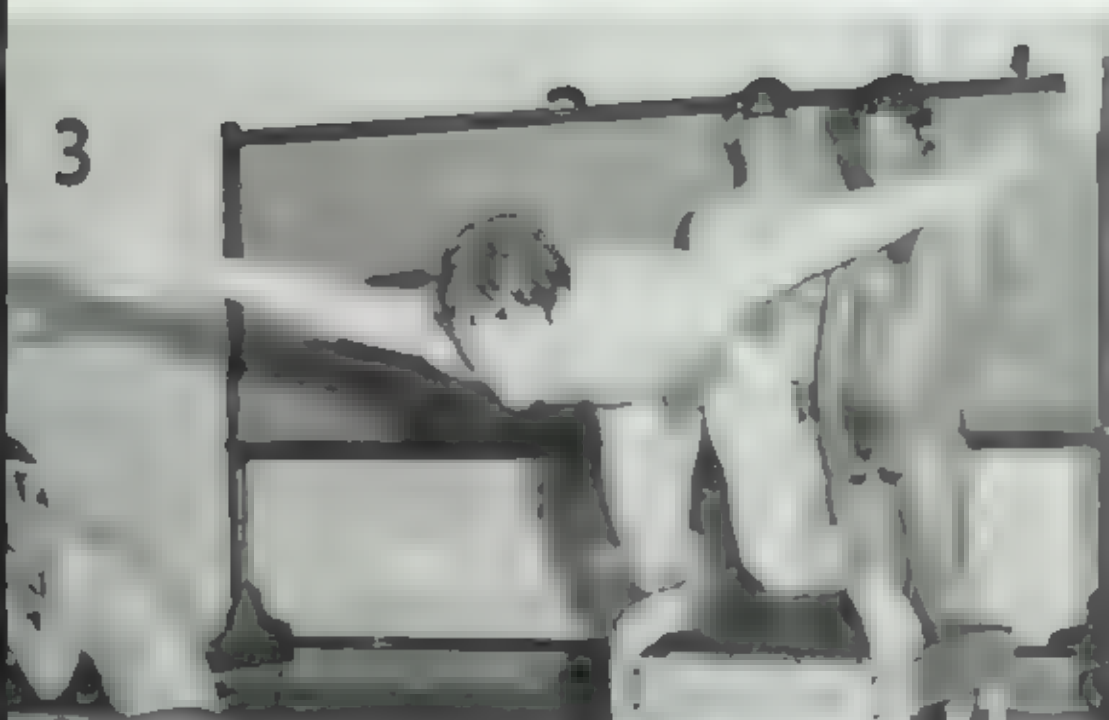

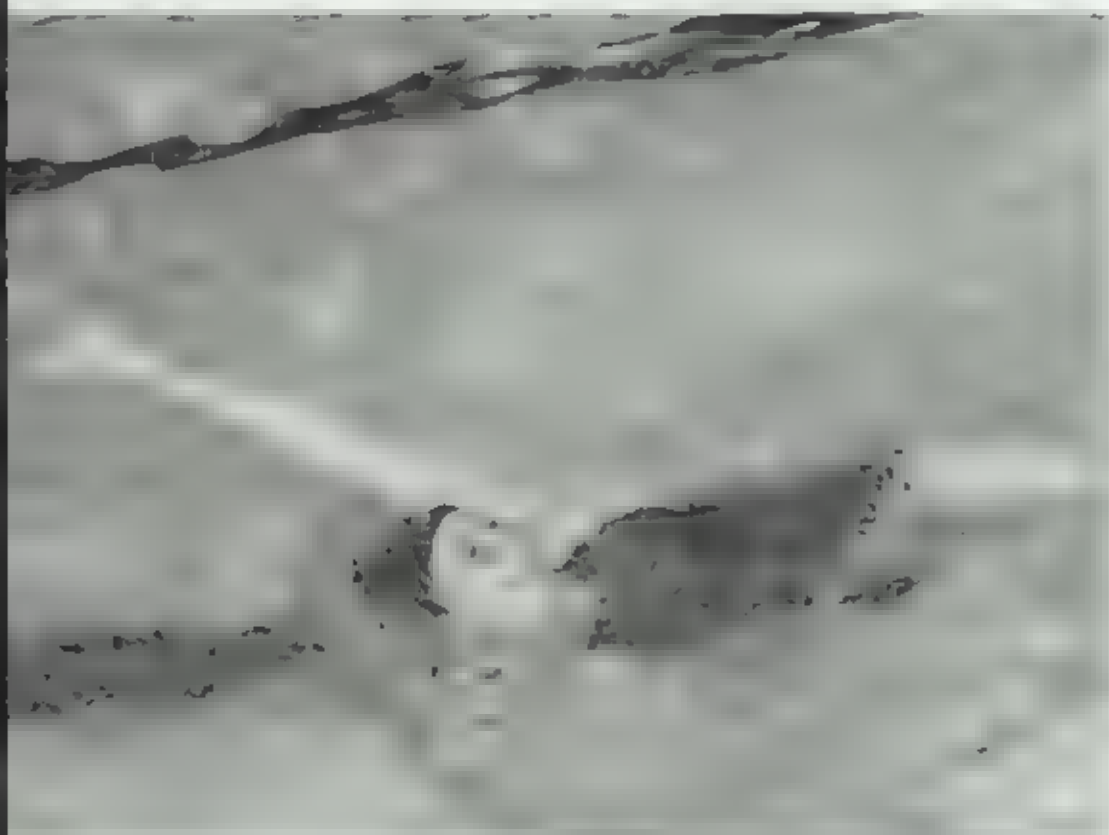

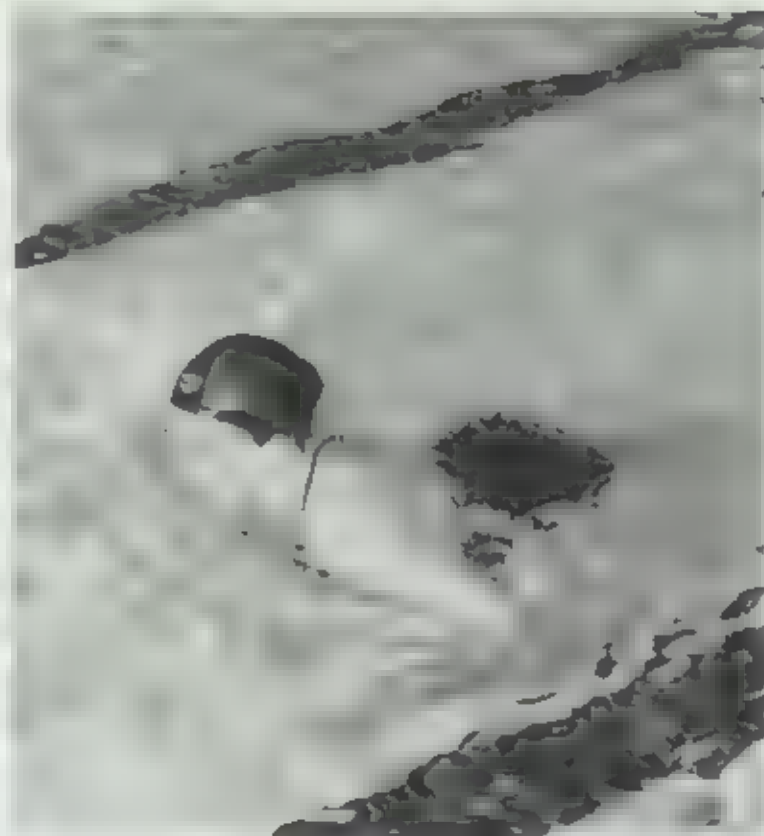

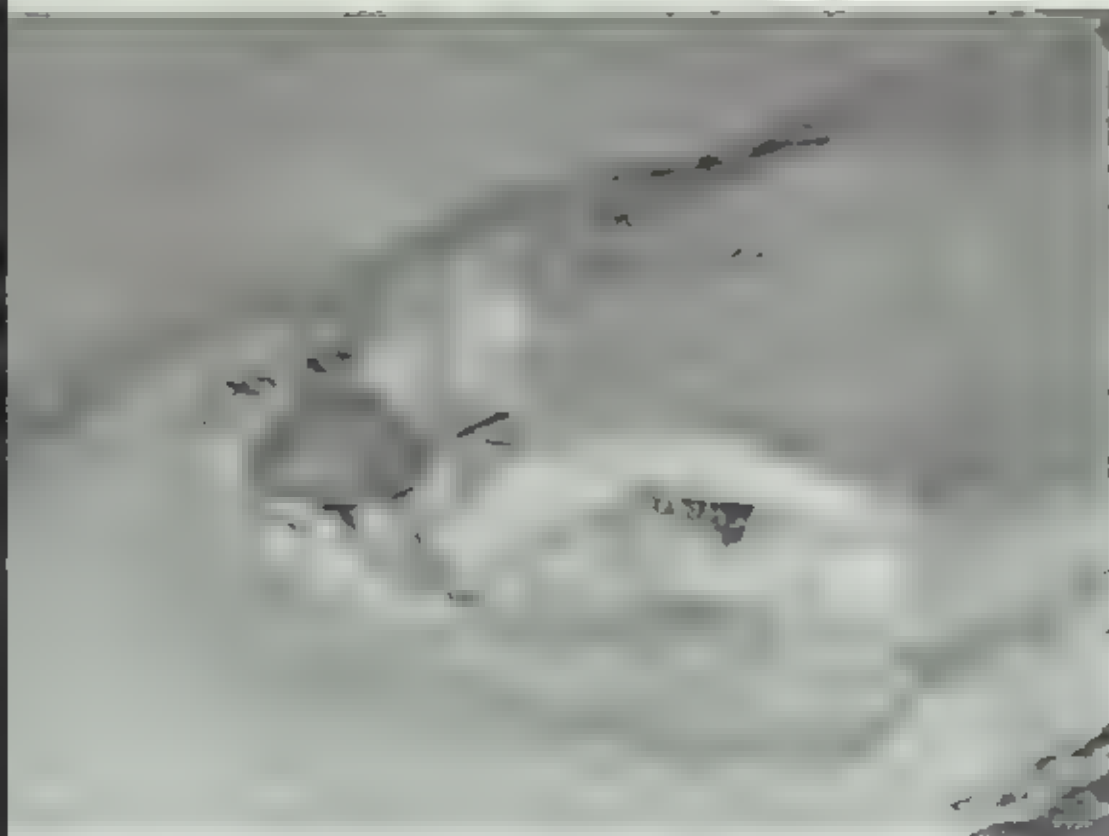

Mr. Richard Peter, in his first year as head coach of men's swim, confronted a rather formidable task this season. With no returning varsity lettermen and general inexperience among team members, **Coach Peter** had plenty of building to do, and, with the help of **Assistant Coach Greg Kautz**, he set out to do it. As the season opened, the Panther aquamen made a good start with an impressive win over Loara, and team captain **Jeff Witt** combined with **James Starbuck**, **David Garcia**, and **Dennis Rowley** to set a new school record in the 400 team medley at the Lakewood Invitational. Adding the strengths of all-around swimmer **Randy Wooten** too hoped for strong assists from **Ken Hayes**, **Jim Lear**, **John Foley**, and **Michael Scotty** fostered a high team spirit. With **Witt**, **Garcia**, **Scotty**, **Foley**, and **Rowley** returning next year, the outlook for 1983-84 was bright as they acquired important experience this season. Team managers were **Harvey Cochran** and **James Malone**.

The sophomore team was young and inexperienced and its efforts were concentrated on growth in discipline and physical prowess. Top swimmers on the squad were **Scott Guiselman**, **Richard Bowen**, and **Sean Smith**, and their coaches had hopes of as many as seven or eight sophs qualifying for Moore League finals.

In women's swim the pre-season record was 2-4 and the team was expected to win over Comp ton and Poly under the coaching of **Ms. Karen Kaufman** and **Mrs. Janis Bringley**. Team captain **April Yoho**, specialist in the 100 freestyle and breast stroke, with **Shelley Anderson** (200 individual medley, 50 free and relay) combined to lead the team. Other returning letterwomen included **Kathy Bjerke** and **Luisa Ortiz**. **Michelle Bush** swam the backstroke and freestyle for the team, and **Sheila Foote** competed in the breaststroke and 100 individual medley. **Coach Kaufman** characterized the aquawomen as "a young team, with quite a few sophomores, working really hard and showing a lot of improvement." Moore League prospects centered on **Yoho** and **Anderson**.

- 1 **Women's Swim** Kathy Bjerke, Michelle Bush, Jennifer Tansom, April Yoho, Shelly Anderson, Sheila Foote, Charie Blackwell, Jill Jeffrey, Gina Richee, Debbie Klein, Donna Williams, Rhonda Fanning, Penn Bingham, Anna Johnson, Gina Dake, Nina Adrian.

Softball Team Aims For Playoff Position

The women's varsity softball team, under the coaching of **Ms. Joan White**, set its goal as another playoff position. Last year's young varsity team returned seven players this season. Said **Coach White**, "We have a stronger defense than last year with our tight infield." The team proved this point by playing a record twenty-two inning game against Minnaka. With **Debbie Valentovich** pitching the whole game, the score remained runless until the Ram's connected with a hit to an exhausted infielder scoring the runner on third. After this season the team will lose only four players, first baseman **Devon Flint**, third baseman **Patty Villareal**, outfielder **JoAnne Baeten**, and utility player **Carol Bumbles**. The women's junior varsity team looked forward to a good finish in league. They were a strong offensive team which had many high-scoring games. "Our weakness is lack of experience," said **Coach Leo Apel**, "but we are improving every game. If we can continue to improve, I think that we can surprise one of the so called 'powers.'"
The team is led by three-year veteran, **Denise Denny**. First-year pitcher, **Sandy Baeten** was backed by especially strong new players **Donna Erickson** and **Norma Diaz** with returning right fielder, **Tina Boatman** and second baseman, **Joan Sabaza**.

Baseball Team Needs Recognition

This year's varsity baseball team opened to a very inconsistent performance. Throughout the early season the team played well but too often had just one bad inning which cost the game.

In pre-season action the team played three of the top contenders in CIF and finished with a 2-4 record. They had an impressive victory over Marina and a one-hitter against Carson with pitchers Roger Dunworth and sophomore Jay Makeson. The scores were 10-3 and 4-1 respectively.

Coach Dick Greene pointed out that his team had varsity experience with five returning lettermen in both the infield and outfield. "The varsity team has the talent, but they are just not playing up to par," commented **Coach Greene** in April. He insists that winning requires a team effort. The only question about this year's team was the pitching. The pitching staff consisted of four seniors, one junior and two sophomores that had no varsity experience. Nobody was sure how they would react to the pressures of varsity competition.

Team Sets Sights On League Title

As the **Trailblazer** went to press, the 1983 badminton team's prospects for retaining its Moore League title looked good. Returning varsity and All League team members included **Doris Frazier, Jan McKenzie, Christina Nunez, Cindy Quitoriano,** and **Laurie Williams.** "Our strength and enthusiasm should take us far," said **McKenzie**, who as the number one singles player on the team set as her goal making it to the finals in the Moore League Tournament. Commented **Coach Harriet Sprague**, "We have a nucleus of very strong players. I feel we should be one of the top teams in the league if we continue to work and practice as we have." **Quitoriano** and **Williams**, the squad's number one doubles pair, appeared to be one of the team's greatest strengths. The second double team of **Frazier** and **Nunez** won last year's Moore League Tournament and had their sights set on repeating that feat.

Spring Brings On Jordan Stars In Badminton, Swim

April Yoho and **Shelly Anderson** dominated the women's swim team this season. **Anderson** began her career at the age of six and has swum for the Phillips 66 Tide Landers. **Yoho** began when she was twelve and swam for the Mayfair Novice team. As the captain of the team, she specialized in both the 100 breaststroke and the freestyle. **Anderson's** specialties were the 100 backstroke and the 200 individual medley. Both swimmers previously traveled to Moore League and were able to place. They had high hopes of being strong contenders for both Moore League and CIF positions in 1982-83. In the future **Yoho** would like to try professional diving or coaching, and **Anderson** would like to try skydiving.

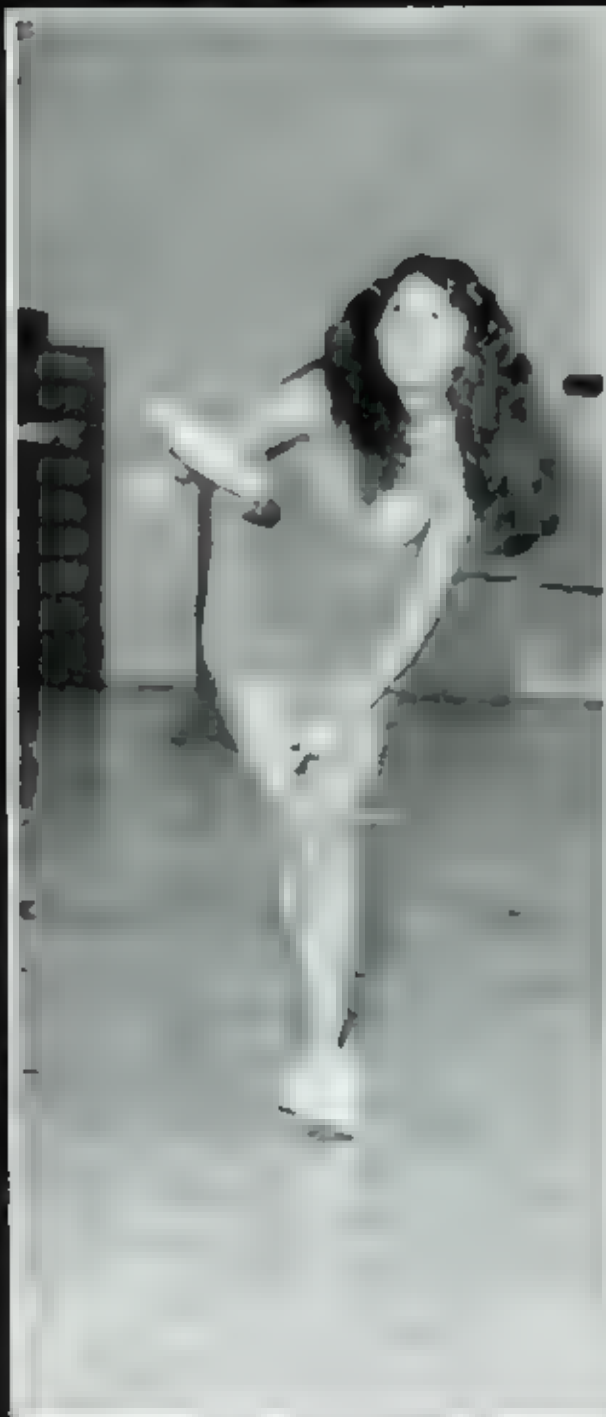

As the captain of the men's varsity swim team, **Jeff Witt** has swum competitively since the seventh grade. He has been a member of the YMCA team and competed on the Lakewood summer team in the 1974 season. **Witt** enjoys nearly all sports, including surfing. He performs as an all-around swimmer and specializes in nearly every event except the butterfly.

As a junior, **Witt** had only been to Moore League once in the past, placing eighth in the 50 free and fourth in the 100 backstroke. He performs one of his specialties, the 50 free, in 23.4 seconds. **Witt** was expected to be a strong contender in both Moore League and CIF this year and to be a dominant force when he returns for the 1983-84 season.

Laurie Williams and **Cindy Quitoriano** comprise the strongest doubles team in badminton at Jordan. These two young women have remained the number one varsity team for the past two years. Both **Quitoriano** and **Williams** played in tournaments for the last three years and have gone to Moore League every year while at Jordan. Last year the team was seeded third in the Moore League Championship Tournament. In her sophomore year, **Quitoriano** advanced to the quarterfinals in singles. The duo hoped to be seeded number one this year and make it all the way to CIF.

After graduation, **Quitoriano** plans to attend Cal State Long Beach. **Williams** has decided to go to Orange Coast College to become a Certified Animal Health Technologist.

For the second consecutive year **Jan McKenzie** became the number one singles player in the badminton for Jordan. Last year, **McKenzie** won the most games for the team. She was the Most Valuable Player in her junior year, and as a sophomore she remained undefeated as a junior varsity team member. She also received the Most Valuable Player award in that year. Last year **McKenzie** was on the Moore League and All-City badminton teams. She hoped to achieve the same feat this year.

Winston Breaks Track Records

Lisa Winston is a track star at Jordan. Though she has run for only five years, **Winston** has shown potential that could carry her into the league of the professionals. She has broken the meet record in track in the 100 meter sprint with a time of 11.9 seconds. But it was in the CIF finals of the 1982-83 season that **Winston** displayed her true potential. She broke the CIF 100 meter record with a time of 11.6 seconds. Now **Winston** is secure about her future. She is sponsored by Nike and has signed to attend the University of Arizona next year. **Winston** was selected for the All-American track team and has run with Coast Athletics. How does **Winston** feel about running? "It's been great!" she responded.

As an all-around athlete, junior **Marcus Turner** has shown true ability in his track career in the 1982-83 season. While others enter perhaps one or two events, **Turner** always competes in the maximum for events per meet. He is a strong contender in the triple jump, and at the beginning of the season, **Turner** set a new school record of 47' 11 1/2". **Coach Hartzell Alpizar** feels **Turner** has the potential to jump fifty feet. His other strong events include the high jump, 100-yard dash, and sprint relays.

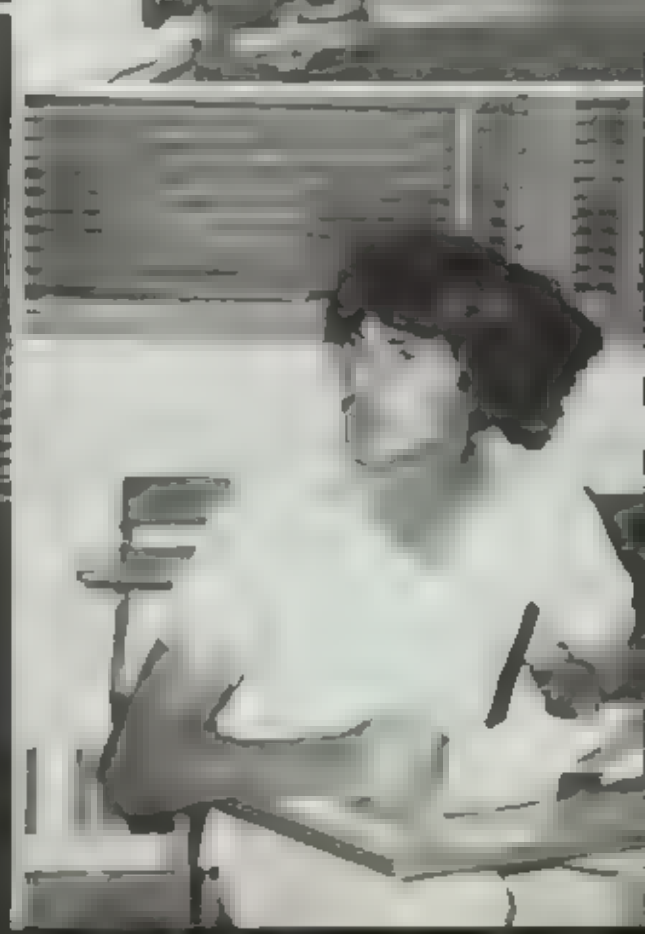

Turner was honored by being selected, along with **Lemuel Neal**, as one of the two male track members to compete in the Arcadia Invitational. A prestigious event, the Arcadia accepts only the top eight athletes in the state to compete.

George Paine has been on the gymnastics team for three years. **Paine** became interested in gymnastics as a sophomore when a friend told him about the team. To him, gymnastics is a reason to do well in school. "You have to have some sport to be an active person," he says. Noting that gymnastics takes a lot of time and hard work, "It is a mental as well as physical sport," he added. **Paine** likes gymnastics because "It's a team sport, but you can excel individually." As a sophomore he was honored as the most valuable team member and was named the most valuable gymnast as a junior as well. He placed second in Moore League in the vaulting competition and was also All Moore League in 1982. This year he placed second at the El Rancho Invitational in the all-around competition.

Gymnastics does not take up all of **George Paine's** time. He performed on the Panther cheer competition squad for two years. He enjoys water and snow skiing. **Paine's** plans for the future include going to Long Beach City College for their outstanding gymnastics program.

- 1 April Yoho, Jeff Witt, and Shelly Anderson left competitors in their wake
- 2 3 4 Cindy Quitoriano, Laurie Williams, and Jan McKenzie were the outstanding badminton players of the 1982-83 season
- 5 **George Paine** was at the top of his field in gymnastics
- 6 7 **Marcus Turner** and **Lisa Winston** sprinted their way to fame

Students Earn High Honors

Throughout the school year many students on our campus have achieved acknowledgment, honors, awards, and impressive positions.

In recognition of International Women's Week in March, the Friends United Club honored five female students. First to be recognized was **Luci Kennedy** for her contribution to the yearbook and her running performances. **Hang La** was honored for her courage in leaving her home country of Viet Nam. She not only learned a new language and culture, but she has become an excellent student. On the third day **Margaret Van Hoorn** was singled out for the courage, strength, ability, and humor that she shows everyday when she comes to school in her wheelchair. **Magdalena Perez** is a representative of the many Latino and Hispanic students on campus who contribute their culture for all to learn. The final day featured **Versie Whitmore**, for her strength, dignity, gentleness, and love.

Performing at a drama competition at Dominguez Hills, **Charlene Garvey** and **Cassandra Wright** earned "best actress" certificates for their roles in **They Run in Our Family**.

Jay Ettinger was another super achiever this year. **Ettinger** is restricted to a wheelchair, but was the Outstanding Special Education Student of the Year and was presented with a \$25 scholarship from C.E.C.

Robyn Thomas was named the State Twirl Champion in a competition held at Wilson High School in November. **Thomas** has been twirling for five years.

1. **Hang La, Versie Whitmore, and Lucinda Kennedy** were recognized during Women's Week for their outstanding achievements.
2. **Charlene Garvey and Cassandra Wright** received "best actress" honors.
3. **Jay Ettinger** was cited as the Special Education Student of the Year.
4. Chosen as the State Twirl Champion, **Robyn Thomas** awaits the National competition this summer.

Students Excel in Variety Of Areas

Students excelled in all area of school work this year. Showing skills in academics, **John Simpson** and **Gary Newkirk** joined the ranks of some of the top students in the nation. **Simpson** won a national Merit Scholarship for \$1000. His high scores on the PSAT and the SAT qualified **Simpson** for this honor. He was selected from among the top 1% of students in the nation. **Gary Newkirk** is a member of the 700 Club. This prestigious group is composed of students who score above 700 on the Verbal and math sections of the SAT.

The Special Education Department adds more to our list of achievers. **Lamonte Clayton** and **Long Dau** made it to the quarter finals for bowling in the Special Olympics.

In another area, musicians emerged actively this year. Outstanding soloist awards from the Cal Poly Jazz Festival went to trombone player **Steve Foe**, and to **Dwight Williamson**, and **K.C. Dunbar** on the trumpet. In addition to the festivals, four musicians, **Lisa Cheoros**, **Kristen Webber**, **K.C. Dunbar**, and **Steve Foe**, played in the prestigious Rose Parade Honor Band.

Jorge Cueva proved his artistic talent by winning the district wide poster contest sponsored by the Family Health Program. **Cueva** won first place out of fifty five participants with his airbrush painting, which won him seventy-five dollars.

- 1 **John Simpson** and **Gary Newkirk** gained recognition for their high achievement on the SAT.
- 2 **Long Dau** and **Lamonte Clayton** emerged victorious from the Special Olympics Bowling Tournament.
- 3 **Lisa Cheoros** and **Kristen Webber** are two of Jordan's outstanding musicians.
- 4 **Jorge Cueva** earned \$75 from the Family Health Program for his award winning poster.

High Absentee, Tardy Rates Spark Jordan Policy Changes; Testing Center Gets Once-Over

The facts that the average rate of absence for students at Jordan was from thirty to forty and that the ratio of tardies was equally high have sparked Jordan policy changes that are far-reaching in nature. Begun in the second semester of last year, the new policies were completely phased in 1982-83. According to these new provisions, parents are notified as soon as a student has accumulated five absences. After ten absences the pupil and parent must petition for permission for the student to remain in class. This may be granted when sufficient effort and success have been demonstrated. Otherwise, the student is placed in a supervised study program. Failure to succeed in that program may lead to enrollment in an off-campus independent study course for one semester.

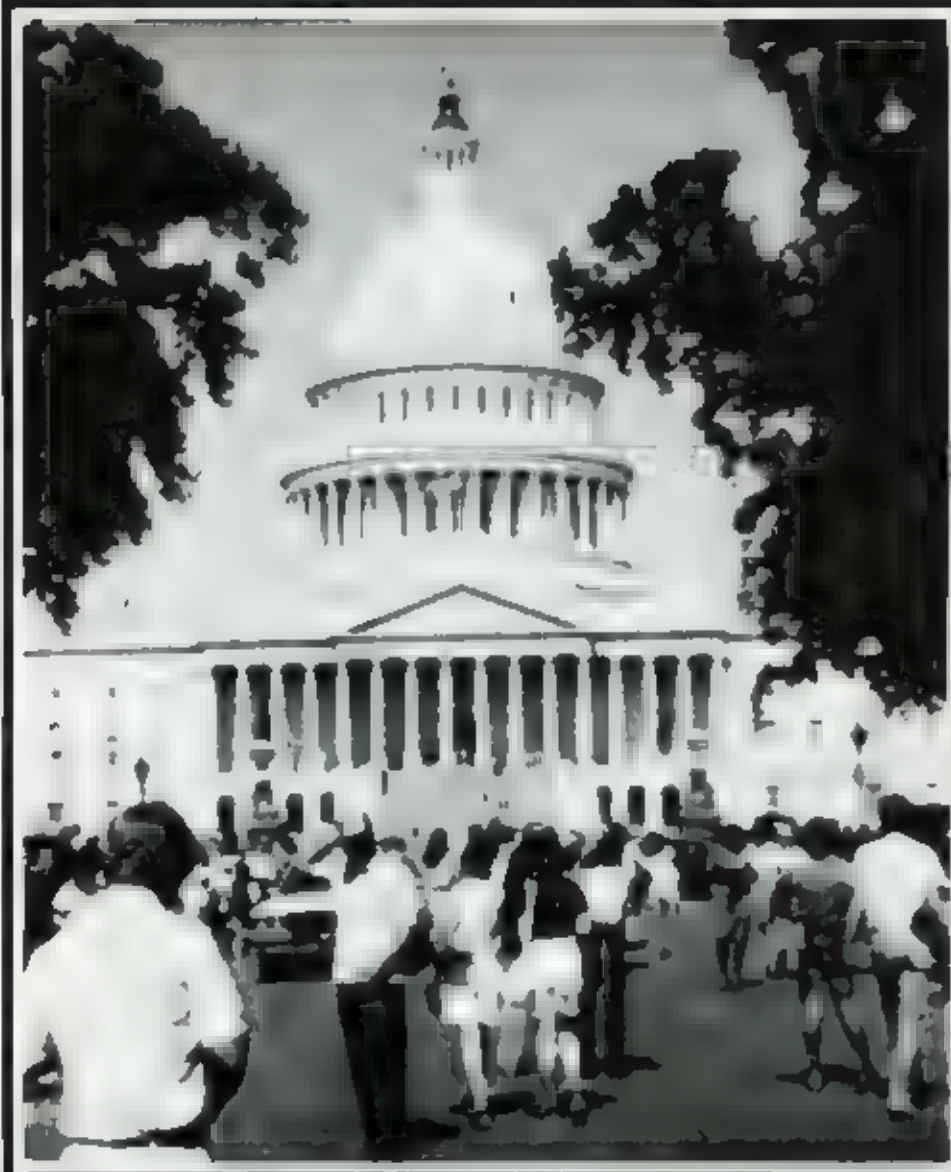

Continuing a policy begun last spring, five tardies in a class resulted in an automatic "U" for the semester. After the third tardy, teachers notified students' parents. Successive tardies led to conferences with grade level administrators, suspensions or Saturday work detentions and parent-teacher or parent-administrator conferences. In an unofficial review, administrators and teachers reported a trend toward improved attendance and punctuality.

Another change on the Jordan campus came as the 450 building testing center went through some remodeling. The once drab, dark room, after much time in a cocoon of scaffolding, paint cans, and workers, emerged as a sunny, pleasant place to work. With nearly 160 new desks, freshly painted walls, and better and brighter lighting, the testing center is slier, more cheerful, and much more conducive to studying and test taking.

- 1. The door to Room 202 is the door to supervised study entered by students with excessive absences.
- 2. Ms. Suzanne Bemo, coordinator of the supervised/independent study program for absences, discusses the new policy.
- 3. A sign in every room is a constant reminder of the Jordan tardy, truancy, and absence policies.

"Capitol Classroom" Opens Doors To World Of Washington, D.C.

Capitol Classroom, which annually presents an American studies seminar in Washington, D.C., has involved three members of the current Jordan family. Seniors Reggie Bernard and Laciada Kennedy participated in the 1982 seminar last summer and have been appointed to the Capitol Classroom staff for summer of 1983. This is the first time in the history of the program that Jordan has been represented on the staff. Jordan alum and current social studies teacher Barry Welch is also involved in Capitol Classroom and encouraged Bernard and Kennedy to take part. A non-profit, non-partisan educational program, it is directed by Long Beach-area business people, educators, and public administrators. The project's aim is to provide local citizens with a firsthand understanding of America's major political and cultural institutions. The seminar in Washington offers a nine-day in-depth study of the national system of government, America's heritage, and America's achievement in the arts. The program involves the Congress, the Presidency, the Supreme Court, the National galleries, the National Archives, and the Smithsonian Institution.

Special Programs Train Students For Working World

Regional Occupational Center/Program classes involve over 1200 students throughout the Long Beach Unified School District. This year 120 students were enrolled in ROC/P on the Jordan campus. The first such classes were begun at Jordan a decade ago. They were Public Services and Air Transportation.

The purpose of this program, which is funded by state and federal grants, is to train students for entry level skills for jobs after graduation. Courses offered at Jordan include Auto Body, Air Transportation, Bank

ing and Finance, Heavy Metals, Off Set Printing, and Small Engine Repair. An additional vocational class that is not a part of ROC is Bricklaying.

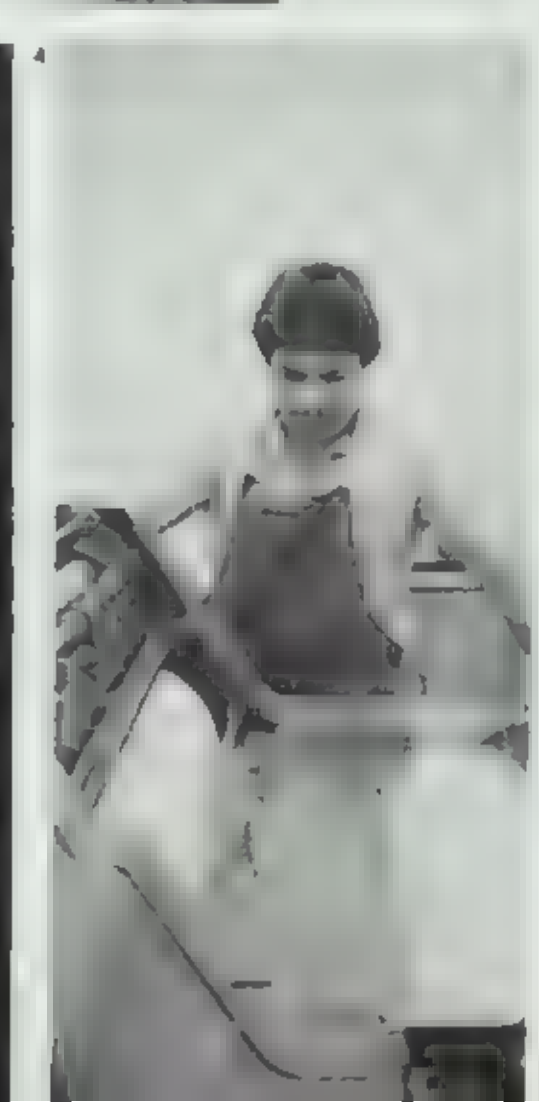

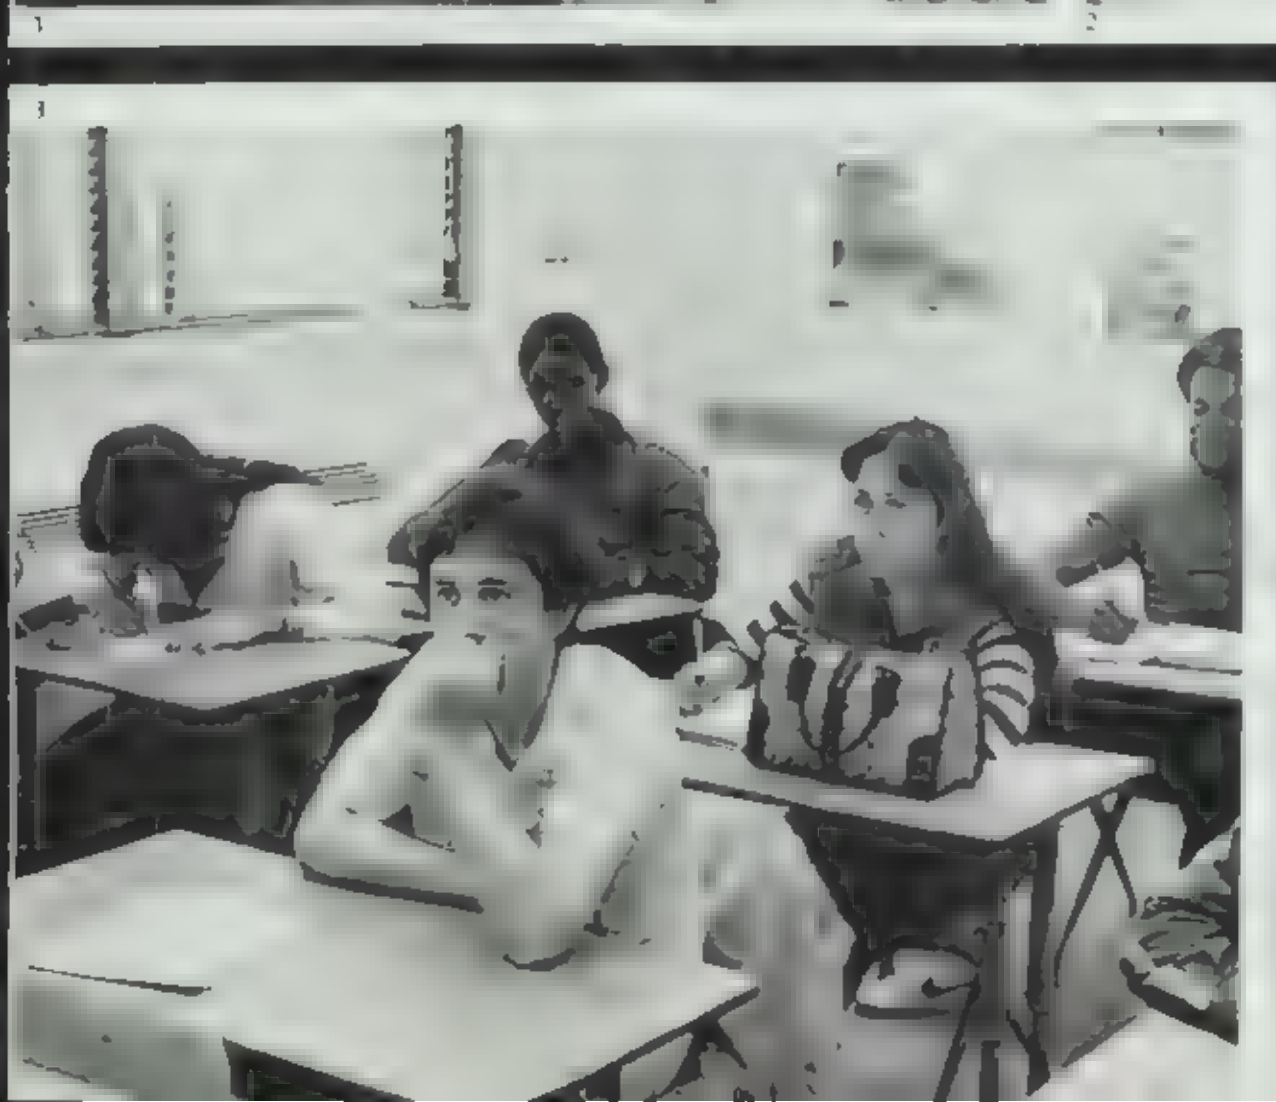

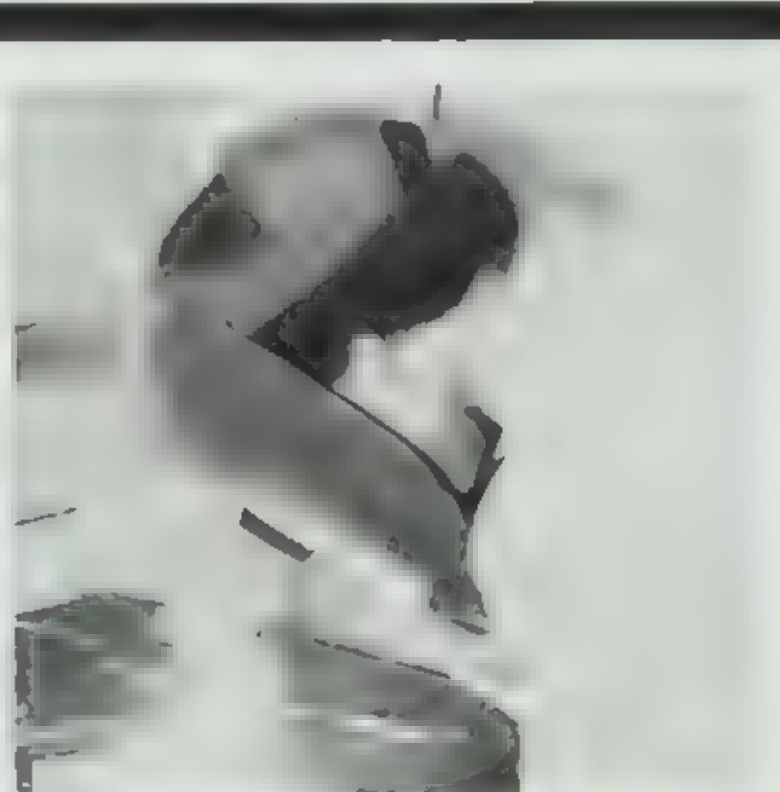

There are twenty other such programs in place at other sites in the District, including Lakewood, Millikan, and Poly High Schools, the Lakewood Mall, the Long Beach Plaza, the Long Beach Tree Farm, the Pacific Coast Campus of Long Beach City College, and the local riding stables. The newest class to be offered is Data Processing, which opened spring semester of 1983 at Lake

wood. Others offered cover appliance repair and servicing, carpentry, commercial food preparation, cosmetology, diesel mechanics, fashion merchandising, graphic design, hospital health services, hotel and restaurant occupations, landscaping, media occupations, PBX training, and welding.

1 and 2 Greg Zinc and Darrin Walker practice their welding skills.

3 Preparing for careers in air transportation are Sharon Awal, John Murrey, Glen Beltran, Josephine Kuniye, and Ron Thomas.

4 Enrique Vargas sets the presses in motion in off set printing.

Magnets Lure Jordan Students To Poly Campus

Some segments of the Jordan student body spend a part of each day on the Poly High School campus attending special "magnet" programs. The Program of Additional Curricular Experience (PACE) is an accelerated college prep program in which most classes are advanced placement with AP exams at the end of the year. Advanced placement offerings include U.S. History, English, European History, medieval history, music theory, music history, chemistry, and biology. Also available are marine biology, economics, sociology, world literature, and computer programming. PACE students are required to take math through intermediate algebra/trigonometry and usually also take a foreign language and science.

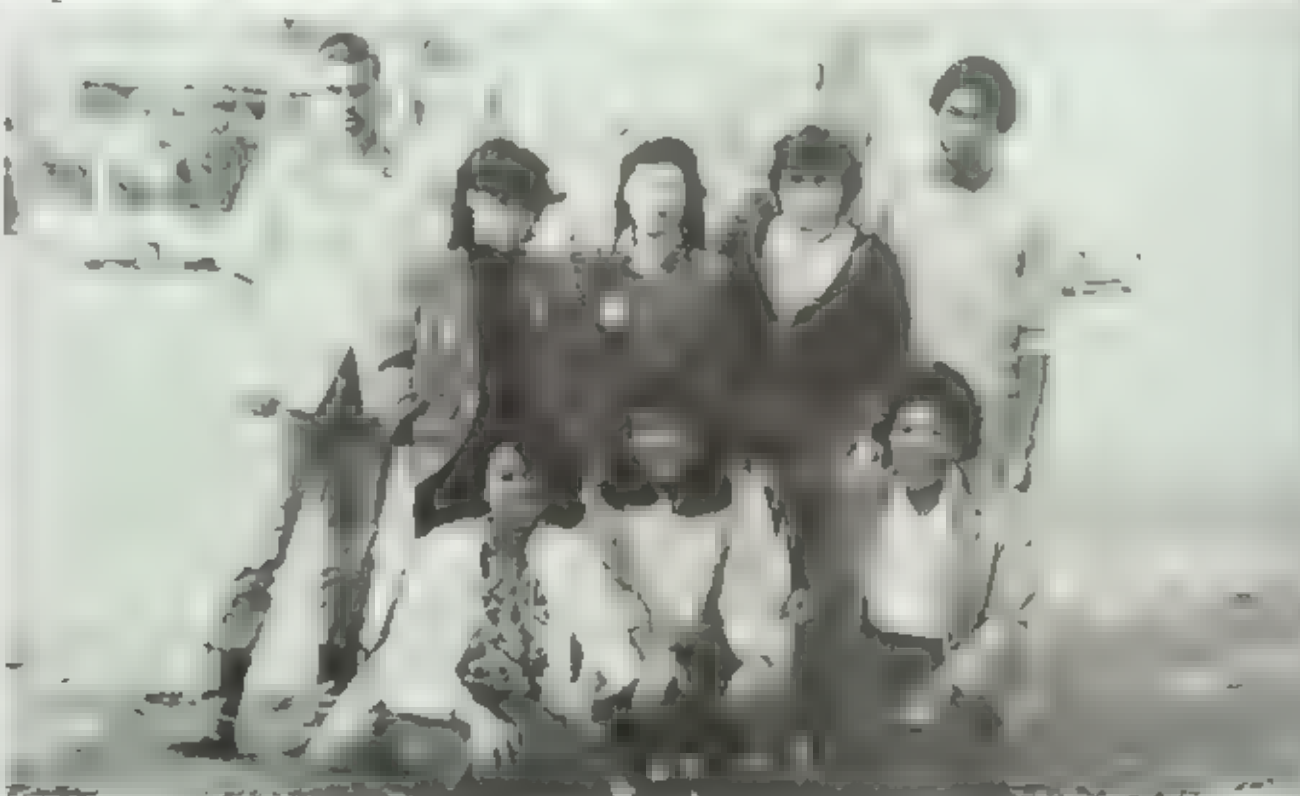

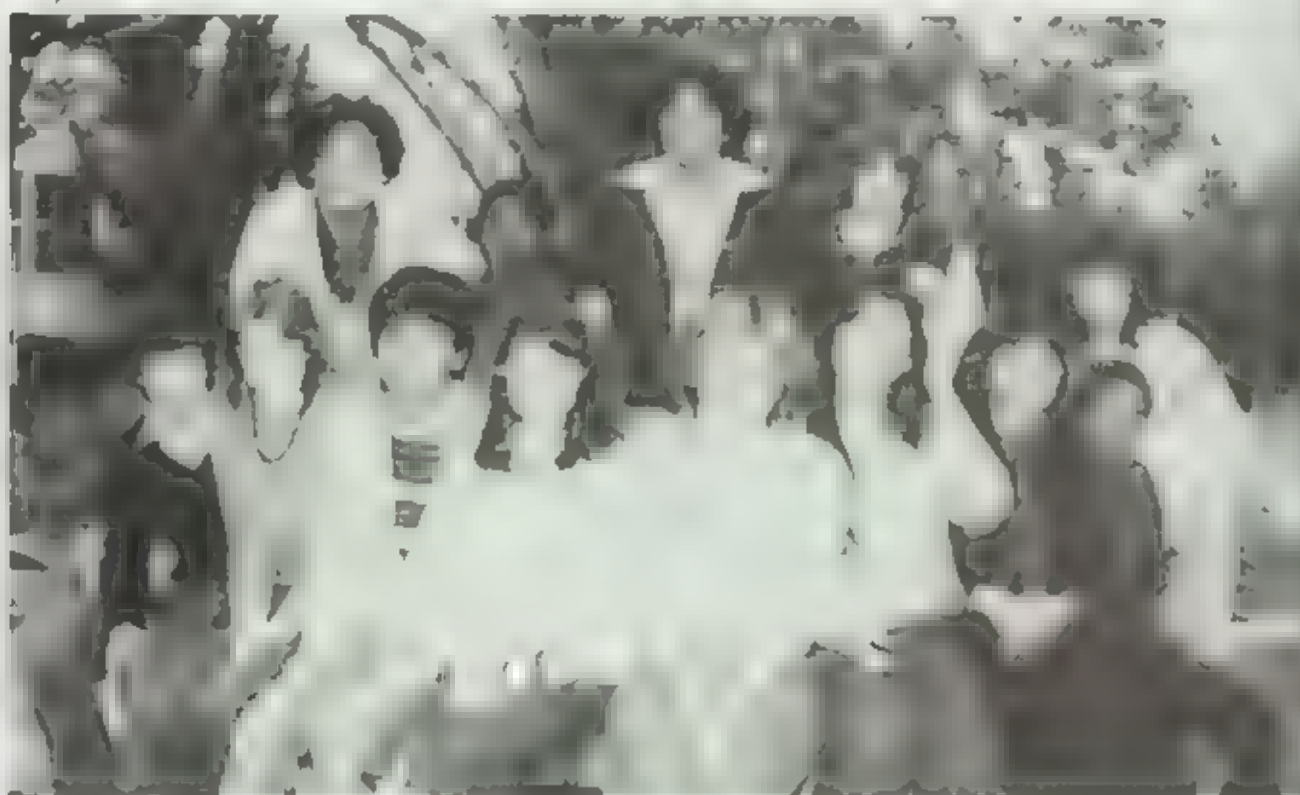

The Center of International Commerce (CIC) is a new magnet program at Poly this year. The project involves students from the ninth through the twelfth grades. The purpose of the program is to provide a business education in applied sales with special emphasis on international commerce. Imports and exports are a focus of the students' work. In keeping with its international orientation, CIC's students study such languages as Chinese, Japanese and Russian.

The Visual and Performing Arts (VAPA) magnet offers special opportunities to the artistically talented, especially in art, dance, and music. Between 100 and 130 students are involved each year. In order to enter the program, prospective students must demonstrate their abilities in front of a panel of judges and must submit a portfolio of accomplishments as well. The students are given opportunities to work with practicing professionals in their fields.

Crew Sets Stage For Productions

Providing the lighting, scenery, and sound systems for drama productions, assemblies, and pep rallies is the province of stage crew. Under the direction of Ms. Sandy Lucas, the class meets daily in the stage shop. Students learn stage technology in sound, lighting, props, and painting.

"The crew gets valuable experience in the use of the electrical equipment and in mounting dramatic productions," said Ms. Lucas. "Besides, it's fun!" Most students take stage crew for three years, she notes.

This year's productions included the plays "They Run in Our Family" and "Ramshackle Inn," the film "Grapes of Wrath," the music department's Evensong, the Pepsi Cola and Black history assemblies, and the dance show.

Copeland Assumes Top Role In World Of School News

Carla Copeland, a three-year journalism student, led this year's staff of the **Cat's Purr**, Jordan's newspaper. She was selected for the position of editor-in-chief by **Ms. Fran Anderson**, veteran teacher of journalism and newspaper advisor, who last year saw the campus paper rise from "First Class" to "All American" in rankings set by the National Scholastic Press Association. "That's one of our goals," said **Copeland**, "to equal last year's success. But each individual issue also carries the goal of doing the best job possible to bring an effective combination of news, editorial opinions, features, and human interest stories to our readers."

As one means of keeping Jordan students informed, the **Cat's Purr** staff has continued the tradition of publishing issues approximately every two weeks, an example other district student papers strive to emulate. Membership on the newspaper staff offers practical experience in news and feature writing, editing, headline writing, and layout. The **Cat's Purr** is printed by Jordan's graphic arts classes.

Balimbin, Fryer Lead Students

Sophomore orientation, homecoming, the United Way and canned food drives, the Snowflake Dance, assorted assemblies and rallies — these were the activities that were planned and promoted by Fall Student Council under the leadership of ASB President Joyce Balimbin. Said Balimbin, "Starting in the fall, our council was a relatively inexperienced group, so I'm really proud of everything we accomplished." Spring ASB President Sharon Fryer and the Council members she worked with were responsible for the Sweetheart Dance, the word search contest, the talent and car shows, Spring Spirit Week, and the junior high school road show. Both Councils worked with Adviser Jim Keck. The Councils also prepare and adopt the student body budget, making adjustments as needed throughout the year and authorizing expenditures from any surplus funds.

Cadets Learn Military Skills

The JROTC (Junior Reserve Officers Training Corps) program offers its cadets first hand experience in such military skills as map and compass reading, marksmanship, rifle maneuvers, and camping and adventure training. This year's unit racked up a number of honors. Leading the way were First Lieutenant **Jeannette Drake** and Master Sergeant **John Matas** who were selected to fill two of four positions on the All-City Corps staff. **Drake** acquired the rank of Major and the position of Operations Officer, while **Matas** gained the rank of Command Master Sergeant. A major social event planned by this staff is the Military Ball.

Further honors for the unit included taking five out of seven possible first place trophies at the annual Army vs Army competition between the Long Beach high schools. The Jordan JROTC ranked as a blue star honor unit based on the fact that the cadets scored over 85% on their annual formal inspection. **Sergeant Ray Schilling** and **Colonel Edward Tighe** head the JROTC program here.

DuBois Pushes Pride, Achievement

In his second year as number one administrator at Jordan, **Principal Jack DuBois** continued and expanded his efforts to instill pride in the student body and to improve student achievement. Having secured faculty support, he implemented a new absence policy that, together with last year's revisions in the tardy and truancy rules, helped Jordan climb from the bottom of the charts to the best record in attendance and the second-best grade point average in the district as of the end of first semester. Proud as he is of this accomplishment, **Mr. DuBois** is still concerned that "too many students don't believe they can be winners" and is determined to improve that attitude. "I love this school," he says, "and I'll do everything in my power to make and keep it number one!" Another new program **Mr. DuBois** has instituted with the cooperation of the faculty is the "skill of

the month" attack on such basics as spelling, reading, and vocabulary. In this effort, all subject area teachers stress these skills in their lessons for the month.

A ubiquitous (check your vocab words) man-about campus, **Mr. DuBois** is likely to show up anywhere, any time. A jogger and a fisherman, he says he'll never forget the Jordan women's win in CIF track and the first football victory after seventeen losses. Students will no doubt always recall his "open door" attitude, his concern for the school, and his willingness to be "dunked" at Homecoming.

V.P. Logs 16 Years

Jordan Vice-Principal Bob Dixon has accumulated a total of sixteen years of service at this school and has logged a number of years elsewhere, such as Wilson, where he was Activities Director for three years, Poly, where he was an assistant principal, and at the Reid campus. Back in 1953, when he first came here as a "music man," Mr. Dixon's impression of Jordan was "one of anticipation for the opportunity to work with talented young musicians in the band and orchestra." As a musician himself, he has always maintained his sideline of playing woodwinds. The rest of his spare time is devoted to reading, travel, and enjoying his grandchildren. Asked about his impressions of Jordan today, Mr. Dixon responded, "We have a fine school with opportunities galore for our students. All they have to do is simply apply themselves." His overall feeling about Jordan is that "this is the best and friendliest school in Long Beach!"

Hyland Is Newest Jordan Counselor

New to Jordan's counseling staff this year was **Mr. Frank Hyland**, a former teacher of drafting and woodshop who had worked at Huntington Beach High and Lindbergh Junior High previously. Married to a p.e. teacher and the father of one daughter, **Mr. Hyland** enjoys his collie, racquet ball, fly fishing in the mountains, and traveling every chance he gets. He describes Jordan's faculty and students as "very friendly."

According to **Head Counselor Carl Wulfsberg**, his department is responsible for providing students with all necessary advice regarding graduation, scheduling students into classes, giving out information on college entrance procedures, and publicizing vocational/career opportunities. He suggests that to go into counseling, one needs to be able to give advice, work with local juvenile agencies, handle scholarships and awards, and "just generally like kids."

Specialists Support Programs Offered By Teachers In Classrooms

Supporting classroom programs is the role of the librarian, activities director, and nurse. Three Jordan veterans provide that support. Students need to be healthy if they are to be able to learn, and **Nurse Helen Miller** makes it her business to see that they are. A major program administered through her office is that of immunization records. No matter how they feel about submitting to "the needle," students must keep their shots against disease up-to-date or face exclusion from school. Handling first aid for those involved in on-campus accidents, physical tests for admittance to driver training, and information to teachers on student disabilities further occupy her time. **Activities Director Jim Keck**, a Jordan staffer since 1972, oversees student body activities such as Student

Council, Homecoming, the prom, grad night, elections, dances, spring follies, the senior breakfast, and club sales. Under his direction, the Council this year introduced a Vocabulary Treasure Hunt as part of the skill-of-the-month program. **Librarian Linda Gil** presides over an impressive array of print, audio, and visual materials in Jordan's Media Center. Working with classroom teachers she coordinates library visits and provides assistance to classes working on special projects, aids students with research, and oversees the continuing upgrading of available sources. Another major function of the Media Center is to provide audio visual programs for class use and to record sports practices and games as well as other school functions.

Commeau Enters World Of Retired After 29 Years

Ms. Bernice Commeau has been the friendly face in Jordan's student store for twenty-nine years now. This is her last June on campus, as she prepares to go into retirement. Born in Bakersfield, Ms. Commeau came to Long Beach at age eight after spending earlier years in Arizona. She is a graduate of Poly High School. Reminiscing with a Trailblazer reporter, she remembered working at Newberry's in her high school year, putting in nine hours for wages of two dollars a day. Having raised two daughters and a son, Ms. Commeau now spends her spare time walking and reading. Westerns are one of her favorite types of books. In her retirement years she plans to learn to play golf.

Reflecting on no longer working at Jordan, Ms. Commeau commented, "I'm going to have to learn to relax! But I know I'll really miss the kids here at school." We'll miss her, too!

Holman Comments On Two Careers

Mr. Nathaniel Holman is a very familiar figure to Jordan students. As a staff assistant he is seen regularly mornings and at lunch time in the parking lot and other times just about everywhere, often delivering or retrieving t.v. sets, used for classroom instruction and always doing his part to keep things going smoothly at school. Mr. Holman came to this job as a second career. From 1943 to 1967 he served in the United States Air Force, attaining the rank of Lieutenant Colonel. As a navigator, club officer, and administrative officer, he was stationed in Virginia, Alaska, Texas, England, France, and finally California, and served in World War II. Mr. Holman took the Jordan position because, "after I got out of the air force, I wanted something to do that was not an all-year long job."

Mr. Holman's interests include history, biking, swimming, and traveling. "I like dancing to 'old time' music, too," he says, "although I'm not very good at it!" Summing up his attitude toward Jordan, he comments, "I get along with almost everybody."

Above left: Mr. Nat Holman fulfills his familiar roles of checking lunch passes and directing parking lot traffic.

Electronic Age Hits North Long Beach

This is an electronic age, and every student should be enrolled in a typing class in order to efficiently operate the computers which have invaded our society." This is the emphatic opinion of **Business Department Chair Carolyn Price**, and the equipment to be found in her department alone seems to bear out her statement. Apple computers, an IBM word processor, electronic typewriters, and IBM transcription machines - all are used by students taking business courses. In addition, the science department has its Apple, while industrial education sports a new Angela Pucillo II copy-setting computer, and the math department now offers a computer course as well. New equipment was in important plus this year in the art division, too, with the addition of a new disc sander, three airbrushes, a drill press, a sand blaster, and facilities for a silkscreening technique making use of the sun. New staff members using this hardware with their students included **Art Teacher Kathy Lipold** and **Printshop Teacher Jerry Krumm**. The purpose of providing all of this modern machinery is to help prepare Jordan students for entry-level employment in a wide variety of fields and for success at education after high school.

District Teachers Honor Donna Cukras

Long Beach teachers honored Jordan social studies teacher and department chair **Ms. Donna Cukras** with the 1983 January "Golden Apple Award" from the Teachers Association of Long Beach. Commented TALB Awards Committee Chair **Mr. Joe Henderson**, teacher at Wilson High, "I don't think we've ever had a recipient for this award whose nomination was so extensive." Current and past students and present and past colleagues combined to put together a portfolio of acclamation urging recognition of **Ms. Cukras's** many contributions to education in education in Long Beach. Students testified to her personal concern and support for them, while faculty members noted her outstanding efforts on behalf of teachers in providing needed materials, sharing good teaching ideas, and organizing faculty social activities. Jordan teachers **Ms. Sarah Carty** and **Ms. Teledo Johnson** were key figures in putting together the nomination and shepherding its passage, while **Mr. Glenn Koons** made the actual award presentation at a TALB meeting attended by many Jordan faculty members. Also present at the awards ceremony was a proud "**Mom**" Cukras. "The timing of the recognition was especially propitious since **Ms. Cukras** left Jordan at the end of first semester on a sabbatical leave for travel in the United States related to her subject areas of APB and U.S. History. She is indeed missed."

Greeley Jettisons Chalk, Erasers

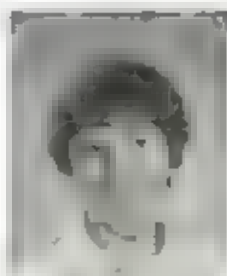

"I'm breaking the chalk and throwing away the erasers!" exclaimed 36-year teaching veteran **Mr. Bob Greeley** about his impending retirement. A Wilson High graduate who taught in Riverside and at Milikan, Stephens, and Lindbergh before coming to Jordan, **Mr. Greeley** was born in Iowa and moved to Long Beach at the age of fifteen. He earned a Bachelor's degree at the Naval Academy, a Master's at Louisiana State, and did graduate work at the University of Colorado and Claremont. **Mr. Greeley's** working background includes jobs as a grocery and department store clerk, an auto parts salesman, a sports official, a construction worker, and a naval enlisted man and officer. He has visited forty seven of the fifty states and traveled to Panama, Cuba, Japan, Korea, China, and the Philippines. And he's taught every sort of math course except computers, as well as earth and physical science and physics.

"The most marvelous thing happens every year when the young people come in and go through changes in growth," **Mr. Greeley** responded when asked what's most exciting about teaching. Does he have a favorite vacation spot? "No, because I find beauty wherever I go." Retirement will give **Mr. Greeley** more time to read, and, depending on his mood it may be Agatha Christie, Shakespeare, or Jules Verne. His summary comment on Jordan: "Of all the faculties I've worked on this is the most like a family. It's most outstanding faculty in many respects." The **Trailblazer** staff salutes **Mr. Bob Greeley** and wishes him well in his retirement.

Hagey Is Math Veteran At Jordan

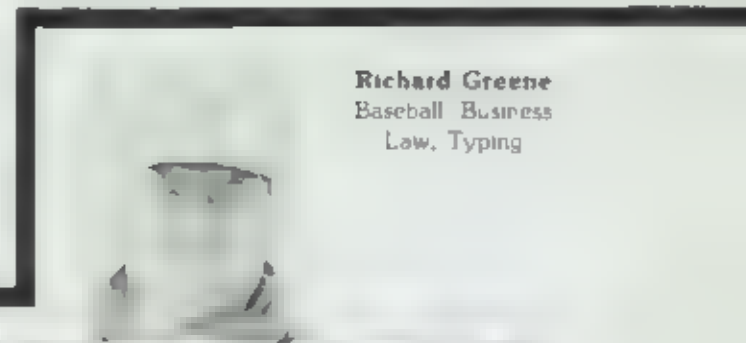

Mr. Jay Hagey ought to be well known at Jordan, since he has taught here for twenty-four years. Math is his field, and in its various forms, that is the only subject he has ever taught on the Jordan campus. But since 1967 **Mr. Hagey's** "outside" assignment has consistently been as a coach to one or another team sport.

1982 saw **Mr. Hagey**, take on a new, and some would say, particularly thankless coaching job: chief mentor to Jordan's varsity football team. Inheriting a losing streak stretching back over two seasons did, he admits, make him "a bit apprehensive," but he rates the time and effort put in as an overall good experience. "I learned not to let the little things get me down," he said. "Although the team's performance wasn't consistent, we were exciting. We never knew what would happen until it was over," he added.

And excitement was indeed the mark of the varsity football schedule, as the Jordan eleven had its first win in eighteen games and kept fans on the edge of their seats in close contests with other Moore League teams. Probably the least outwardly excited person was **Coach Hagey** himself. That might have something to do with the facts that away from school and coaching he jogs fifteen miles a week and is an avid reader. He cites Robert Ludlowe as a favorite author. About Jordan High School, **Coach Jay Hagey** has this to say: "People need something to look up to in music, in athletics, in academics, in dramatics, and Jordan is making large strides in all areas to turn itself into a class act."

- 1 **Mr. Jay Hagey** has taught math at Jordan for 24 years.
- 2 Making a point to his psychology class is **Mr. Robert Kalman**.

Lindahl Likes Appreciation

Ms. Lori Lindahl likes Jordan High because "students show their appreciation for what I do." She ought to know since she has just completed her nineteenth year at this school. A native Southern Californian, **Ms. Lindahl** moved with her family to Paris, France, when she was in the fifth grade. She spent her high school years in San Jose, Costa Rica, then returned to California for college ultimately completing her M.A. at Chapman. While learning an A.A. degree at Long Beach City and a Bachelor's degree at State, she played on the school basketball teams. She is most proud of her Hall of Fame Award from CSULB and of the records she set on the courts.

During her ten years of playing basketball under the auspices of the AAU, **Ms. Lindahl** competed in the U.S. Russia series in 1966 and played for the U.S. in the World Championships in Czechoslovakia in 1967. Having retired from this activity in 1975, she enjoys doing "something to be competitive in my age group" and has taken up running.

A fan of poetry, travel, and video games, **Coach Lindahl** plans to spend this summer in Hawaii and Panama "being lazy and relaxing." She likes to surf fish, and soak up the sun and describes Jordan as "a good school with a lot of qualities people don't always look for."

At Right: Coach Lori Lindahl casts a critical eye on her women's basketball team in action and talks strategy in timeouts during games leaning up to a (page 11) here.

Lipson Lends Life To Jordan

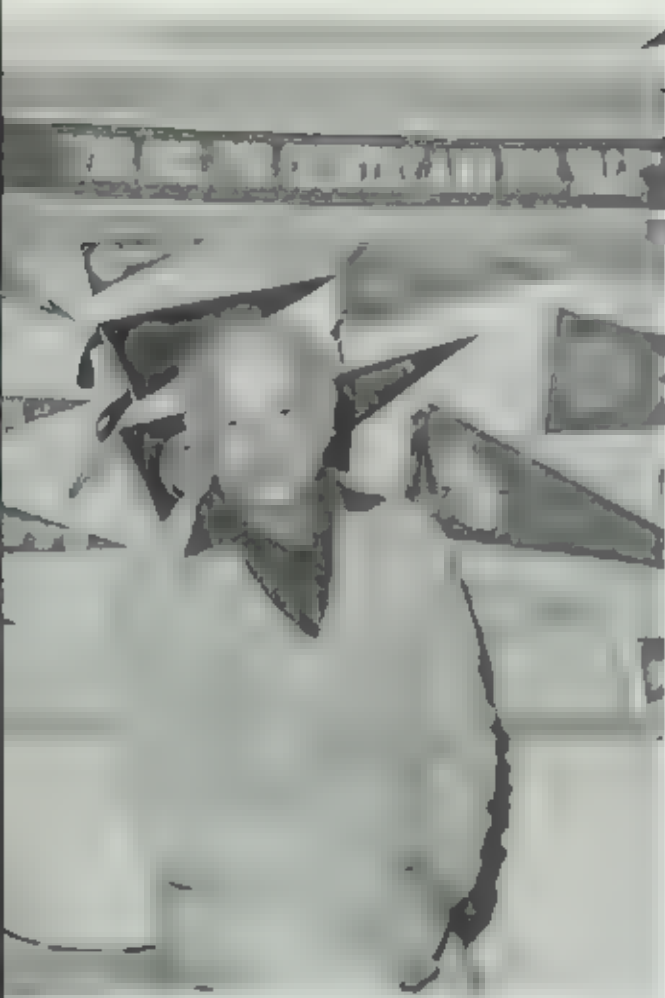

Mr. Ben Lipson has taught United States history and American political behavior at Jordan for eleven years. He is one of those faculty members that add life and color to teaching and the campus. In **Mr. Lipson's** early years of teaching here in his classroom under the auditorium, the Civic Light Opera was using Jordan as the site of its musicals. While his class was taking a test, **Mr. Lipson** left the room to get a drink of water. He got curious about the costumes and stumbled across a gorilla outfit. He put the suit on and returned to his class. The class did not notice him at first, so he leaned over a student's desk and asked, "Do you need any help?" He was answered with a scream and a roar of laughter from the class.

When gas prices rose in the mid 1970's, **Mr. Lipson** took walking to and from school. That's nine miles. He also once walked to San Diego. It took him four and-a-half days. "I took the train home," he admits. He has a habit of picking up pennies that he finds.

It's stupid for people to throw away money, he says. He puts the money he finds in a jar and at the end of the year he has about \$40 or \$50. "That buys a nice dinner out!" he exclaims.

Mr. Lipson taught at DeMille and Stephens Junior Highs and put fifteen years in at Ladewood before coming to Jordan. He says that he is "fascinated" with the student body here and finds it pleasant. To him our racial mixture is "reflective of our society."

AT RIGHT **Mr. Ben Lipson** is seen posing in front of his bulletin board. Prepared for the rain, **Mr. Lipson** makes his way across campus. On another day, he adds fun to **Cheryle Worth's** routine.

Governor Puts Powell On Board

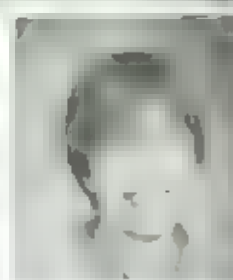

"It's one of the most exciting things that's happened in my professional career," declared teacher of English **Ms. Judith Olmsted Powell** of her appointment to the State Teachers Retirement System Board, announced by **Governor Jerry Brown** in August of 1982. Since October **Ms. Powell** has sat on the Retirement System's Investment Committee, which oversees almost \$10 billion in investments. "I've been a teacher ever since I left college, and on my salary I've hardly had millions, much less billions to invest," she said, "so, I've had to study hard and be super alert in order to fulfill my obligation to help get the best possible return on the teachers' money."

A busy person with many outside commitments to her church, her teachers union, and her political party, **Ms. Powell** reported that the funniest and most accurate assessment of her this year occurred during her usual frantic preparations for yet another substitute. Said student **Tony Gunn**, "Don't you wish you had a little breather?" Responded **J.P.**, "Yeah, just maybe a half-day to catch up!" Laughed **Huguette Pelletier**, "If you had a half day free, you'd join another committee!" For better or worse, **Pelletier** was probably right!

Special Ed Has Special Purpose

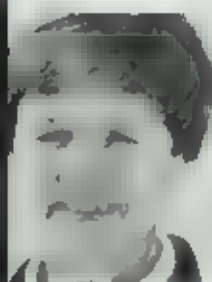

The special education department has a special purpose: to help students with learning problems to achieve their potential. And An exciting achievement this year was sending two Jordanites to the finals in the Special Olympics bowling competition. The department doesn't get a lot of extra help in the way of special equipment, and the use of teacher made devices such as flash cards and of tape recorders is the order of the day, but the provision of aides to assist the program's teachers is a plus. In order to fund contestants at the Special Olympics buttons were sold with the help of volunteers who believe in the department's purposes.

"It's important that our 'special' students can attend school at a normal campus," declared **Teacher Virginia Wisniewski**. "They would very much like to feel a part of the school. They're not different," she added. "They just have problems that other people don't have."

Neil Hasn't Been Teaching School Long Enough Yet

Mr. Neil VanSteenbergen is known to all those who have his classes as "Neil". Asked how long he has been teacher, he answered, "Not long enough! I like it here and still have lots to give and lots to learn." He left Millikan High after sixteen years "to see if I could function at another place," and adds, "I came to Jordan because it is a school with a better racial balance."

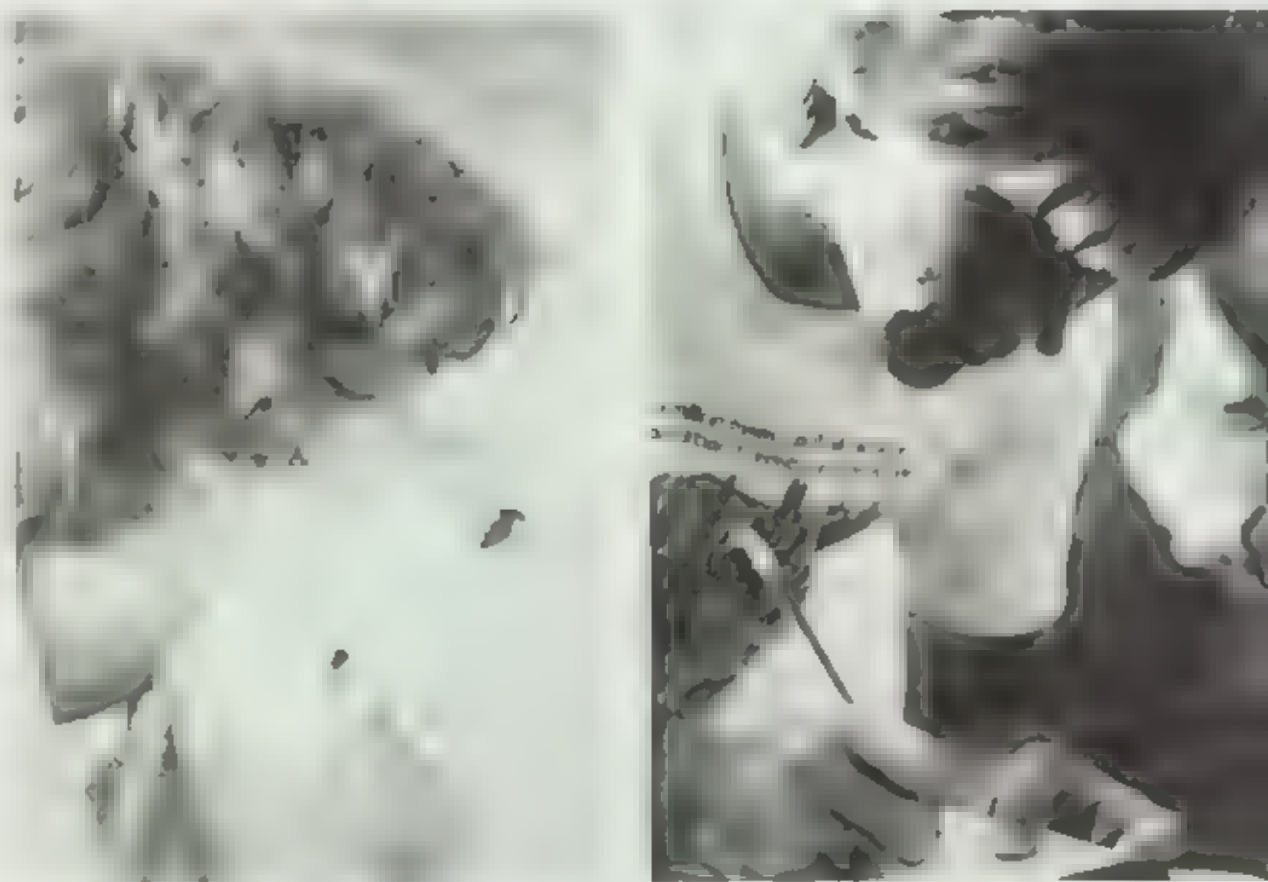

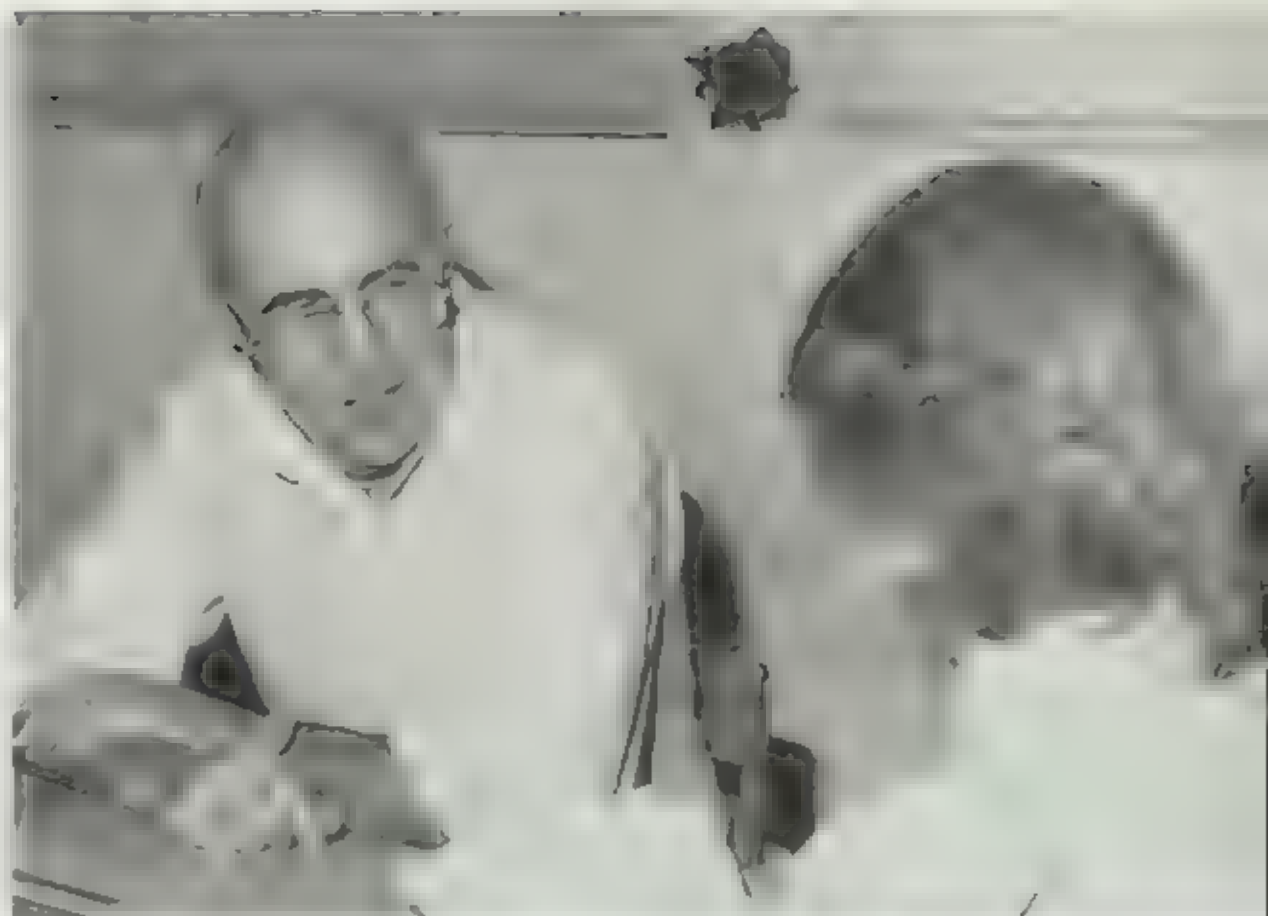

Neil has many hobbies, such as running, reading, traveling, hiking, and volleyball. Running is important to him because it's a time to be alone "to think, wonder, and meditate." In 1980 he ran the grueling 26-mile Senior Olympic race in Irvine. "Finishing was an exhilarating experience!" he exclaimed.

Neil has traveled to many parts of the world, studying people, their cultures, and their religious beliefs. He and his wife once toured Germany with a church group, singing their way through two-and-one-half months in Holland, Denmark, Sweden, Italy, England, and Switzerland.

A big part of Neil's life is "people and the life process." That, he explained, is how Brotherhood Camp came into his picture. The camp involves about 150 students from different backgrounds who spend a week together discussing such topics as self-awareness, family, racism, sexism, and male/female roles.

Of Jordan, Neil says, "I'm delighted to be here. I'm impressed with Friends United. I like the principal. He's the first principal I've ever hugged!"

Choral Groups Have Crowded Calendars

Jordan's choral groups had a full schedule of performances in '82-83. All groups participated in the annual fall concert, where they were joined by the orchestra and stage band. Other yearly events were the Evensong in December and performances at Vespers and Commencement. In addition, the choirs performed at the Southern California Vocal Association convention and entertained the community at Christmas-time by singing at the new Long Beach Mall, the Market Place, the Kwan's Club, and the North Long Beach Methodist Church. During Public Schools Week, **Director Alan Caddick** took his singers to Masonic Lodges in the city, and also in the spring, Jordan sponsored an invitational festival in which junior high choral groups performed with their senior high counterparts. A special activity for A Cappella Choir was its participation in the Long Beach City College Invitational Festival.

Wheat Takes Over As Drama Coach

"All the world is a stage, and our students bring the stage to the world." So says Jordan's new drama instructor **Ms. Barbara Wheat**. A graduate of CSULB, she has studied at the University of Missouri Conservatory of Music and the Arts and has acted in the directed many plays for schools and communities. **Ms. Wheat** set the ambitious goal of producing four dramas this school year. The first was the mystery farce "Ramshackle Inn," followed by the athletic comedy "They Run in Our Family." Student directors for the two productions were **James Close** and **David Patterson**, respectively. Planned for spring were a serious drama and a musical. The advanced drama class also entered theater competitions at Dominguez Hills with a scene from "Ramshackle" and at Cal State Long Beach with an excerpt from "They Run."

Scenes from **Ramshackle Inn** include

1. **Dannie Hodges, Robert Nale** and **Dave Patterson** as three bad guys in an argument
2. **Vallyn Gehr**, as a damsel in distress and **Monika McMillan** playing the wife of one of the villains of the piece; and

Band, Tall Flag Get Competitive

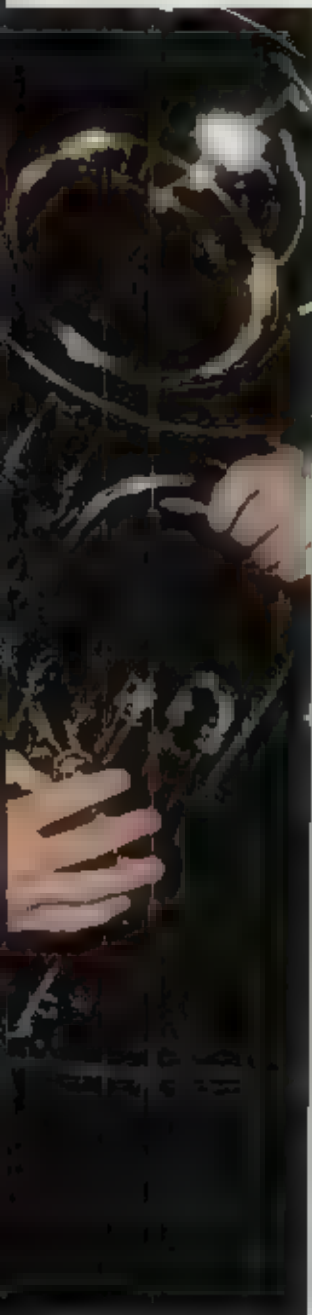

In the world of music and marching, this year's Jordan band was the most competitive ever. Under **Director Phil Wyatt**, the band, together with the tall flag team, entered three half-time competitions and placed in all of them. At the La Habra Field Tournament both groups came in second. In the Cal Poly Pomona competition band placed fourth and tall flag came in fifth, while at Savanna the band took sixth place as the tall flag brought home the first place trophy, the first win for a Jordan flag team. Another first for tall flag was entering an indoor competition this year. **Director Wyatt**, a bandman for the past ten years, has just completed his fifth year here

Orchestra, Jazz Ensemble Utilize Talent

Throughout the year, several concerts and other similar events served to prove that the Jordan music department is comprised of some very talented musicians. The orchestra and jazz ensemble groups, under the outstanding direction of **Mr. Phil Wyatt**, gained respect and experience through their excellent performances at competitions, festivals, and concerts this year. The orchestra met its goal of incorporating more and more difficult music into its program, and concerts combining all music department groups displayed an array of talent of which we can truly be proud. Time-consuming rehearsals as well as many hard hours of individual work paid off, as proven by these two accomplished groups.

Class Of '83 Reminiscences, Looks Ahead, Bids Farewell

Facing the end of our preparatory school careers, we, the Jordan class of 1983, have been met with a series of decisions, changes, and new opportunities. We emerged in the fall of 1980 as 787 eager sophomores. Now the spring of 1983 closes on a class of 611 expectant seniors. Along the way, we have bid farewell to 176 of our classmates. For various reasons, some students have left and others have taken their place. Many moved or joined the service. Some chose an early graduation in order to find work or begin advanced studies in a university, apprenticeship, or trade school.

Despite the many changes in our enrollment, the class of 1983 emerged as a unique group offering prospects for future accom-

plishments. We chose competent people to lead us. **Traci Tidmore** and **Althedra Dixon** led the class through its final year's activities. Ably supporting these two were **Juli Hines**, **Brinetta Thomas**, and **Kathy Bjerke** as senior secretary, treasurer, and representative-at-large respectively. This was a year for decisions, hard work and anxious waiting. For many, applications for college, financial aid, and scholarships had to be filled out. It seemed like an endless process, and when we were all through, we waited. The answers filtered in. For some, it was rejection; for most, it was acceptance. For others the wait was for enlistment dates to come up on the calendar and the anxiety to be endured as potential military careerists

wondered about their capacity to survive basic training. Still others sweated through job interviews and kept an ear open for that important phone call indicating employment was in fact theirs. Whatever the question and the response, they signaled a new phase of our lives—a new beginning.

And so we say goodbye. In this our last year, we see many faces that will soon be only memories. The limousine we arrived in at the prom, the tuxedos and gowns we donned for one of the most exciting nights of our lives, the senior awards night, ditch day, vespers, and grad night—all are only stepping stones to the grand finale, our senior high graduation. With tears and laughter, joy and sorrow, we face this night.

Lisa Excels As Artist

Lisa Schatzman, a very talented senior in the field of art, first discovered her interest in this area six years ago. Curiosity and the influence of her father led to the disclosure of her own artistic ability.

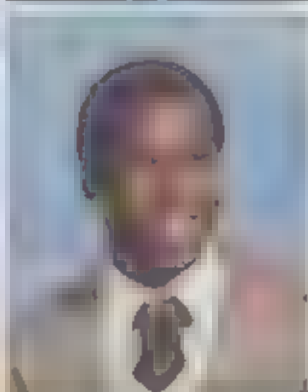

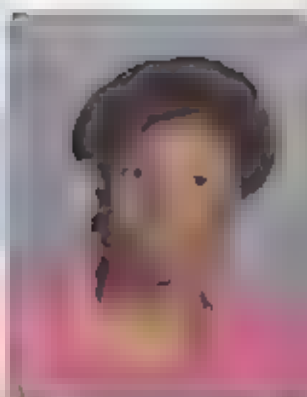

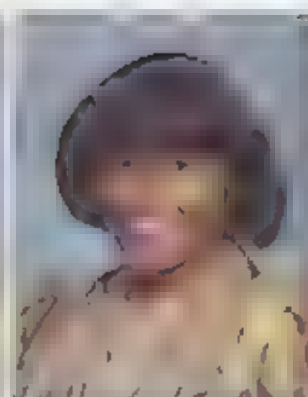

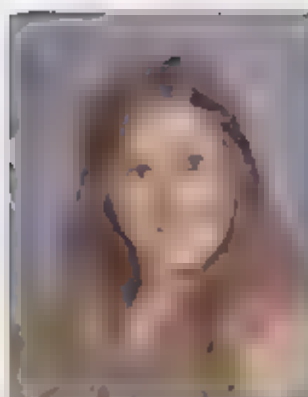

Lisa specializes in airbrushing and has entered several competitions. She was also awarded a scholarship to Pasadena Art College where she attended classes every Saturday for three hours.

Lisa's future plans include attending Long Beach State University. She intends to go into architecture as a career and wants to continue her artwork as a hobby.

Ken Joins Yell Squad

As the only male member on the 1982-83 Varsity Yell Squad, **Ken Hayes** has gained valuable experience in unity and team spirit. Ken joined the squad because he felt intrigued by the challenge, and he felt he could help boost the spirit needed to support our teams.

In addition to Varsity Yell, Ken is a member of the Jordan competition cheer squad. Serving as a mount, Ken helped the squad to place second in the annual competition. He put in many hours of practice, but Ken feels it was all worth it.

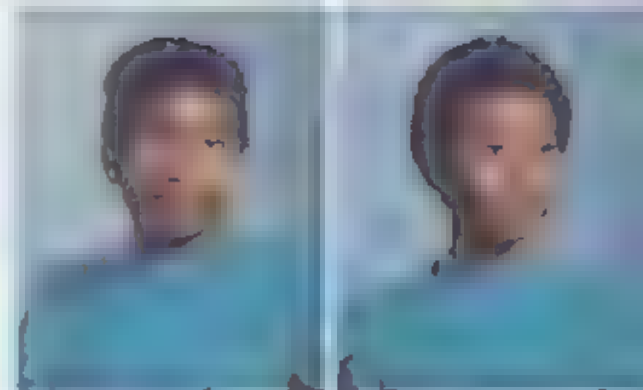

Ken said, "It's heavenly being on the team. We have grown into a uniquely close family." He is extremely proud of his part on the squad this year. He says it has been a great experience and he will always cherish the memories of this year.

John Stands Out In Dance

John Rayburn, the only male in Jordan's dance program, has truly excelled in his chosen field of interest. John first became interested in dance five years ago when his sister inspired him to try it. Since then, he has participated in two school shows and numerous parades and production shows for Disneyland.

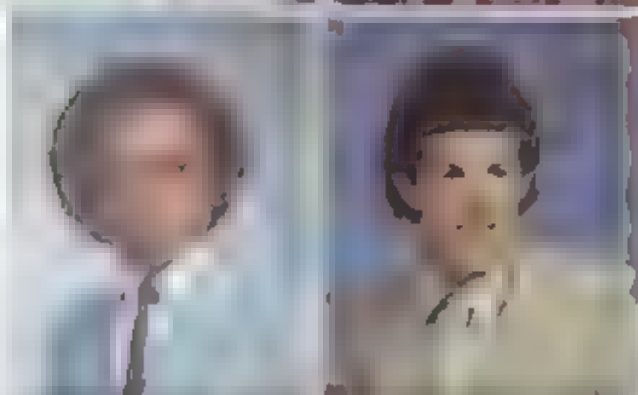

Being the only male dancer does create problems, according to John: "Since I'm a guy, I had to come up with my own costume ideas when the girls could just order theirs 'bulk' from New York." However, John feels, "it's a great field for a guy to get into. Parts are very easy to find because of the shortage of males."

John plans to continue his work at Disneyland and the Steven Peck Dance Company and also plans to teach dance sometime in the future.

April Yoho Breaks Into "Male" Domain

The only female on a varsity team must surely face difficulties. It would take a fair amount of courage to face the increased pressure to excel, being so much in the spotlight. But for **April Yoho** these problems were almost non-existent. The one female on the 1982-1983 water polo team, **April** felt "no different" about playing on an all-male team.

April first became interested in competitive swimming in her sophomore year. This interest grew to include water polo when she spent time watching the team practice. The natural outgrowth of that interest was to try out for the team.

"The guys were never really resentful," **April** remarked. "In fact they were pretty protective of me!"

Five Potential 4.0's Do More Than Study

Diane Moore, Dale Yegge, Joyce Balimbin, Kathy Bjerke, and Jim Lear have maintained 4.0 averages throughout five semesters. Each is active in other areas as well as academics. **Diane** is active in church, tall flag, and NHS, and was a member of the varsity softball and volleyball teams. **Dale** has a part-time job, was a member of jazz ensemble, All-District Orchestra, and NHS. **Joyce** served as ASB President, played in All-District Orchestra, and was on the varsity yell and competition squads. **Kathy** works ten hours a week, is active in church, skis, and plays tennis. **Jim** competed on the swim team, had a part-time job, was Trailblazer Co-Editor, served as NHS and Speech presidents, and founded Platform.

Potential 4.0's Kathy Bjerke, Dale Yegge, Jim Lear, Diane Moore
Not Shown: Joyce Balimbin

Paul Bastio Makes His Future Happen

Paul Bastio is one senior who is making his future happen, starting now. **Paul** was always interested in a career in law enforcement, and this year he joined the Sheriff's Deputy Explorer Academy. Eighteen weekends of rigorous mental and physical training were endured to reach graduation and the issuance of a full uniform.

"An Explorer Deputy Sheriff does basically what a deputy does, but doesn't carry a gun," said **Paul**. After graduation from the Academy, **Paul** will begin work at the Lakewood Sheriff's Station. When he reaches age twenty-one, he will become a deputy, the result of much hard work and determination spent on fulfilling a career goal of long standing.

Bill Cloud Stands Out As Top Percussionist

Bill Cloud, yet another outstanding musician at Jordan, has been a percussionist through his high school career and has been playing for much longer than that, since the sixth grade, in fact. **Bill** first became interested in music through his mother, who played accordion with **Bob Hope's** U.S.O. show during the Vietnam War. From that beginning, **Bill** went on to become a very important part of the 1982-83 high-placing Jordan drum line.

Bill feels, however, that a friend and fellow drummer, **Pat Remley**, deserves to share any recognition he may receive. "We're not only good friends," says **Bill**, "but we also learn a lot from each other by helping with any problems that come up."

K.C. Dunbar Demonstrates Special Talent In Music

K.C. Dunbar is one of Jordan's many talented musicians. Though he serves mainly as a trumpeter, **K.C.** also excels in playing a variety of other instruments, including the piccolo trumpet, French horn, and trombone. Hard work has paid off well for **K.C.** Through his participation in the Glendale District Symphony Orchestra, **K.C.** has earned the right to be included in a trip the orchestra is making to London. In addition to this, **K.C.** was named the co-principal player in the All-Southern Orchestra and for two years served as the leader of the Herald Trumpet Section in the Tournament of Roses Parade. **K.C.** was named the outstanding high school player for the Pasadena City College Honor Band and Herald Trumpets. He has shown outstanding ability as a solo performer. **K.C.** only began to play five years ago and has taken lessons for only four years. He has shown a fantastic amount of talent and ambition in his drive for success and excellence.

Opal Davis Achieves Modeling Recognition

Opal Davis could very well be considered one of Jordan's most fashionable seniors. She had the honor of being chosen for a special modeling job at Bullock's Department Store, where she now works. The Campus Board there sponsored several events throughout the year, offering students a paid, informal modeling experience. Opal was chosen, along with fourteen other top students, on a basis of grades, personality, appearance, and fashion sense. Though Opal is not interested in modeling as a profession, she feels it is a very constructive way to spend free time and that it is good experience for any career choice.

Opal's future plans include attending college and majoring in business administration. She also plans to remain single for as long as possible!

Andoetoe, Brill Make Music With Talent

Harold Andoetoe, one of Jordan's top talents in the field of music, has sacrificed many hours to become the excellent musician he is today. He has studied the violin for seven years, during six of which he received private instruction. Harold's dedication has paid off in some very big ways. Acceptance into such elite groups as the South East Youth Symphony Orchestra, the All Southern Honor Orchestra, the All District Honor Orchestra, and the Southern California Chamber Orchestra have rewarded his efforts in very tangible ways.

Not limiting himself to the area of music, **Harold** also wrote for the **Cat's Purr** this year and enjoyed an excellent season on the Panther Track team. In 1981 and 1982 he was named All-City and All-League in cross-country.

Diane Brill has played the cello for almost ten years, studying privately for the last six. She also plays the flute and piccolo and has been honored by inclusion in the Elementary All-District Orchestra and the Junior and Senior High All-City Orchestras. Trophies and medals have come her way, too through competitions in solo and ensemble festivals.

"I got interested in the third grade because my sister played the violin and I wanted to play something, too," explains **Diane**. "I like to listen to a lot of different kinds of music, such as rock n' roll, new wave, and some punk," she adds. **Diane** feels that her musical experience has given her a lot of coordination which has helped her in typing skills and other things as well.

AT UPPER LEFT **Harold Andoetoe** and **Diane Brill**, top Jordan musicians, pose without their instruments, the violin and the cello.

Bjerke, Lear, Yegge Get Plaques

In a year when scholarships, college applications and so many other things fill our minds, the Bank of America awards emerge as a prestigious event. Though the cash awards are not the highest, this competition has earned respect for the high level of success and achievement boasted by its winners. This year's recipients of plaque awards were **Kathy Bjerke** in fine and applied arts, **Jim Lear** in liberal arts, and **Dale Yegge** in science and mathematics.

All plaque winners advance to the zone level of apt participation. At this level students from all different high schools compete. Judging is based on grade point average, a list of activities, participation in a group discussion, and a written response to an impromptu topic. Thus, students are judged on their quickness and depth of thought as well as on their ambition and achievements. Winners at the zone levels advance to the final competition where a minimum of \$500 is won with the top prize at \$2,000. Unfortunately, none of this year's winners were able to make it to the finals, although **Lear** and **Bjerke** made impressive showings in their areas. **Bjerke** secured a fourth place in the fine and applied arts category and won \$50. **Lear** managed a second place position in liberal arts, beating Wilson, Lakewood, Poly, and Milikan students and winning \$100.

AT LEFT: B of A plaque winners **Jim Lear**, **Kathy Bjerke**, and **Dale Yegge** share a light-hearted moment in front of Bungalow 10.

Krolik Takes Tough Classes, Makes Definite Future Plans

Who's **Chip Krolik**? He's a Jordan junior with a formidable schedule of classes and some very definite goals in life. The only junior in the 1982-83 Advanced Placement English class, **Chip** also took Spanish 5-6, Precalculus, and physics this year and emerged from that tough program with a GPA that qualified him for the Principal's Honor Roll first semester. As a top campus academician, he has been actively involved in both the National Honor Society and the California Scholarship Federation.

Despite spending an average of four hours per night studying, **Chip** has taken the time to preside as president of the newly founded Jordan Fellowship Club, a group formed to consider campus and world issues from the perspective of the Christian faith. In his leftover moments, he reads "to improve myself."

By the time this feature appears in print, **Chip** hopes to have passed the high school proficiency test so that he can go directly on the college after his eleventh grade year. "High school holds no challenge for me at this point," he says, "and I'd like to move on to John Brown University in Arkansas to study for the ministry."

Whether **Chip Krolik** leaves high school this year or next, the **Trailblazer** salutes his singlemindedness and determination.

Chip Krolik laughs at a question posed by his **Trailblazer** interviewer.

Richard Layon poses with his surfboard.

Layon Pursues Surfing And Grades, Dispels Stereotype

Since seventh grade, **Richard Layon's** main interest has been surfing, one he pursues seriously, often rising at 5 a.m. to get to the beach. **Richard** belies the stereotype of the low-intelligence surfer who cares about nothing but the height of the waves and soaking up the sun. He has carried a 3.6 grade average through five semesters, in such courses as biology, trigonometry, Spanish 3-4, and journalism. And **Richard** stresses that his sport is not reserved for "beach bums." "Many surfers have very lucrative jobs," he says, "such as modeling for major companies, and some even become doctors and lawyers." Taken seriously, surfing is in fact an expensive sport, with a good board costing some three hundred dollars and a wet suit about two hundred.

It may seem surprising, but surfing helped turn **Richard** into an accomplished pianist. In order to get to the beach to surf, he made a deal with his mother: she would drive him there if he would take piano lessons.

About surfing **Richard** cautions, "It can be dangerous if you don't know what you're doing!"

Juniors

Robyn Thomas Leads Juniors

"I wanted the experience and the privilege of working for my school," responded **Robyn Thomas** when asked why she ran for junior class president. Describing herself as a "neophyte" because she had not previously been on Student Council in high school, **Thomas** saw her role as presiding at meetings of junior representatives and offering her opinion at daily meetings. She noted that only the class president and the representative-at-large attend the regular sessions unless the class vice president is called in to take over. Activities that involved juniors specifically in 1982-83 were a planned "yellathon" in the spring to raise money for next year's prom and working on the '83-'84 celebration of Jordan's fiftieth anniversary.

Besides her involvement in student government, **Thomas** is best known on campus for her expertise as a baton twirler. Her highest achievement in this field so far has been taking first in the California State Twirling Competition. In a five state regional competition she placed third. A two-year veteran of Pepsters, **Thomas** also likes to skate, water and snow ski, and go to Lakewood's basketball games. "I collect glass dolls and trophies. I read and I eat," she says. Serving with **Thomas** this year as junior class officers were Vice-President **Lesley Washington**, Secretary **Joan Sabalza**, Treasurer **Trissy Bul** and Representative-at-large **Brenda Vis**.

Six Juniors Keep Perfect Records

Huguette Pelletier, Debra Valentovich, Jules Bourgeois, Sonia Woodard, Dana Schuler, and Mona Mottin are a 11th grade 4.0's. Despite that perfect record these juniors are normal people who like doing normal things. Although they spend an average of two and a half hours studying, they find time to do things they enjoy, such as windsurfing, tennis, softball, dancing, rollerskating and more. They enjoy school and pick their favorite classes to be American literature and pre-calculus. They also set high goals for their future, planning to attend colleges like U.S.C., Harvard, U.C. Irvine, Pepperdine or Reed to someday become lawyers, politicians, computer engineers, and future leaders.

Allen Vela is pensive as he looks back on his act of heroism.

Allen Vela Qualifies As First Class Hero

When **Allen Vela** arrived at Camp Pendleton Marine Base at San Onofre, he never imagined he'd leave as a hero. Yet on October 2, 1982, an act of bravery that nearly cost him his life also qualified him for a recommendation for the U.S. Army's Medal of Heroism.

It was a Saturday afternoon. Tired from the rigorous activities of that morning, everyone decided to go for a swim. When **Allen's** group arrived at the beach, they noticed two young men who had apparently swum out too far. Still wearing his fatigues, **Allen** decided to plunge in and see if the two were all right. By the time he reached the boys, **Allen** knew two things: he was tired from having swum out too fast, and the two young men were really in trouble. **Allen's** first act was to try to signal the people on shore for help. Then he swam to the nearest person, **Glenn Peterson**, who turned out to be in most need of his aid. To combat the huge waves breaking close to the shore, **Allen** dove under the waves, kicked **Glenn** upward, then followed him and repeated the procedure. "We were two very tired people when we reached that shore!" exclaims **Allen**. This Jordan junior is looking forward to a career in the Marine Corps.

Valentovich Should Be Scouted For Multi-Talents

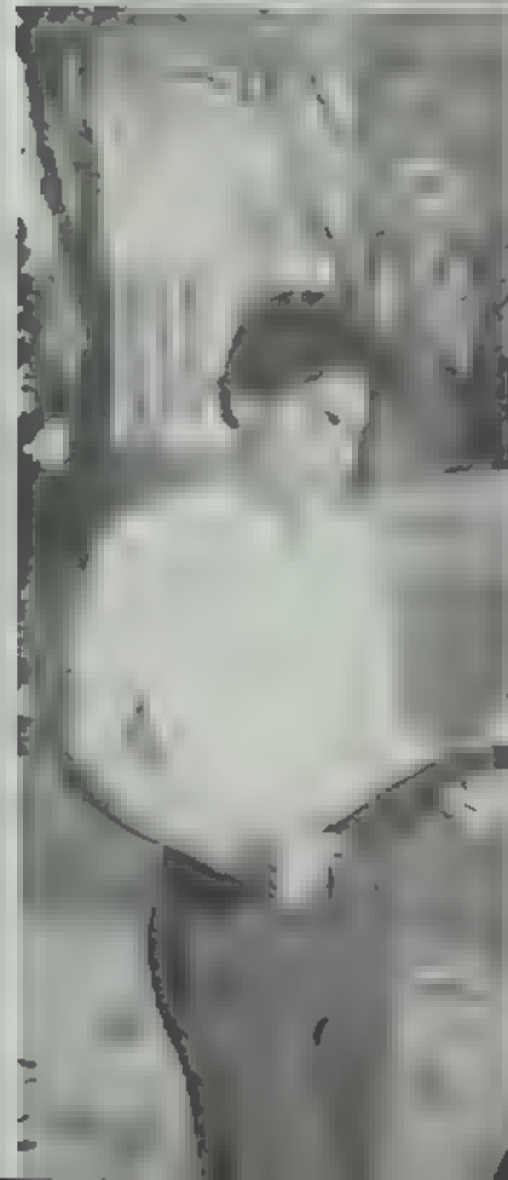

Junior **Debbie Valentovich**, a 4.0 academically, is also a member of the varsity volleyball and softball teams. Easy classes aren't **Debbie's** trick for getting good grades. Her schedule this year included history, Spanish 3-4, and physiology, with creative writing and trigonometry being her favorite other classes. She studies an average of four hours per day. Pure talent is not the only key to her success in sports either. To keep up her volleyball skills, **Debbie** attends a volleyball camp each summer. For softball she practices every day, throwing up to 200 pitches per session. To perfect her skills, she also attends the Lefebvre pitching school.

A member of both CSF and NHS, **Debbie** does find time for other pursuits. When not studying or practicing, she enjoys snow skiing, swimming, and working with kids. The last may explain why she hopes some day to open a nursery school. But before then she has other goals in mind. One of these is to complete college. She is presently considering Colorado, Oregon, and Arizona State Universities. In the meantime, scouts for colleges who are looking for bright, talented women athletes are definitely looking at Jordan's **Debbie Valentovich**.

Debbie Valentovich stands out both in sports and academics.

Sophomores

Martinez Serves As Soph President

"I got a lot of cooperation from the sophomore representatives and officers," said Sophomore Class President **Marina Martinez**. "They were really involved." Fundraising was a major concern for the sophomore leaders. They sold 350 carnations with messages for Valentine's Day and planned a candy sale and car wash as other income sources. Another goal was to instill more Jordan spirit in the Class of '85. The sophomores also participated in the "road shows" at junior highs, informing ninth graders about the many activities and opportunities available at Jordan. Among those who went along were musical groups, 40 students involved in school activities, and sports team members.

Martinez herself likes to attend sports events and is the president of her church youth group. She likes Jordan, but it bothers her that many students don't really support their school. "I think everyone ought to support the school and work to make it number one!" she exclaimed. "I want to see more involvement," she added. "Jordan has a lot to offer both academically and athletically."

Twenty Sophs Achieve 4.0

In their first semester at Jordan, twenty sophomores managed to obtain a 4.0 grade point average. In the semesters to come, this number will thin out and grow smaller, but for now, these students deserve praise for their accomplishment.

World Shines On Gehr

Dara Gehr has led an exciting life. Though only a sophomore here at Jordan, she has extensively traveled the world and lived in Saudi Arabia.

Dara has traveled in over 35 different countries. She has seen Rio de Janeiro, London, and Paris, to name just a few international cities she has visited. While living in Saudi Arabia, Dara discovered many differences between their nation and ours. She reflected, "You learn to appreciate freedom and all that this country has to offer." Dara lived in Jeddah, Saudi Arabia, for five years. Her family originally moved there because of the good economy and financial situation. Dara recalled the large market place called the "souk." "It was like a huge swap meet," she said. "All the official business was done there. They even conducted public executions there!"

Dara feels a strong love for drama, which she has studied for five years. This is her first year with Mr. Wheat, whom she feels is an outstanding teacher of theater arts. This year Dara was awarded parts in the productions of "Ranahochle" and "They Run in Our Family." She feels committed to all areas of performing and strives to excel in as many as possible. Not only does she act, but she has taken dancing lessons and has recently been involved with singing lessons.

Dara hopes to become a professional actress.

At a young age Dara already seems to have experienced much that the world has to offer, but she has formed a simple opinion on life: "It's awesome!"

AT LEFT: Sophomore Dara Gehr already has a history of worldwide travel.

Events Make Year Unique

This school year saw many unique events occur. These were the interlocking pieces that joined to become the complete picture of a year always to be remembered. President **Ron Reagan** was still in office, fighting problems such as inflation and unemployment, pushing towards an increased defense budget, and reforming the Social Security program. Other national concerns included the MX missile, and a five cent gas tax designed for highway repairs. Long Beach's **George Deukmejian** was elected California Governor and began his campaign to deal with state budget deficits, and the challenger space shuttle was successfully launched once again. **Alan Cranston** was re-elected and **Pete Wilson** became our state's second Senator in the 98th Congress by defeating then-Governor **Jerry Brown**.

In Long Beach, in order to create a more attractive business neighborhood, the City Council made some rather drastic surface changes. The Long Beach Airport began to expand, a new Hyatt Hotel was constructed, and the new Long Beach Plaza Mall ushered in a host of visual improvements. The Spruce Goose became an attractor of tourists when the huge plane built by Howard Hughes went on display near the Queen Mary. Another Queen caught the city's attention when **Her Royal Highness Elizabeth** paid a visit. Perhaps the most remembered event of the year, both for its unusual nature and its sometimes tragic results, was the winter rainfall. The total rainfall for 1982 was 10.64 inches, but by April of 1983 the total had already reached 13.02 inches. Homes and even lives were lost in the resulting floods. Tornado strength winds battered the state, and lightning hit very close to home when it struck the roof of Jordan's auditorium.

Queen Elizabeth's yacht Britannia docked in Long Beach when she and Prince Phillip visited the United States. The American flag flies at the Washington Monument in a year that saw voters elect Long Beach's George Deukmejian as California's governor and send Senators Alan Cranston and Pete Wilson to the Capitol. Looming behind the Queen Mary is the Redone covering the Spruce Goose, a new Long Beach tourist attraction.

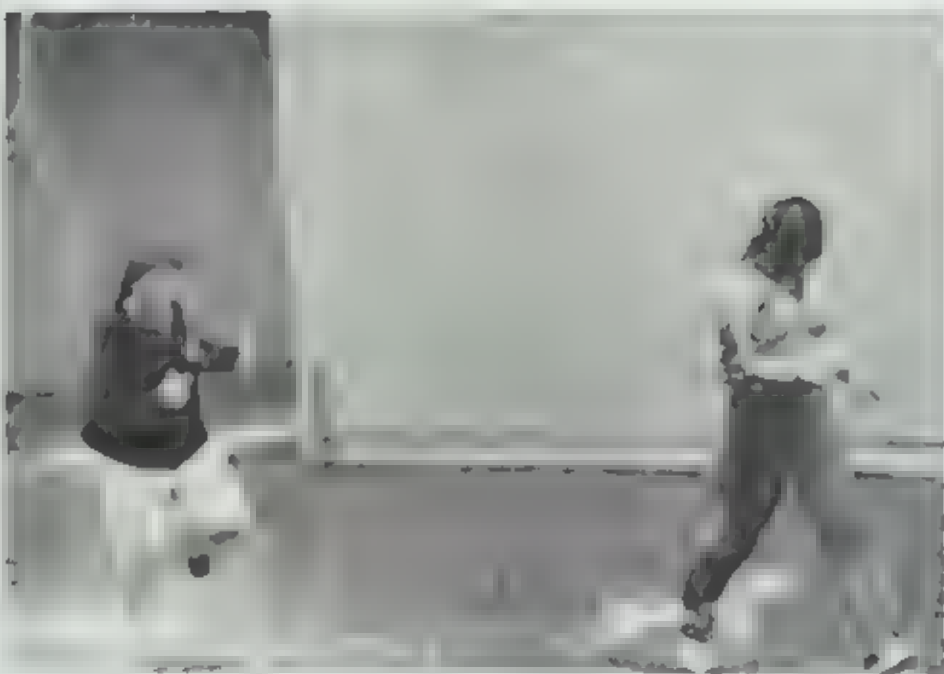

Two views show the upgrading now completed in the downtown area.

Rescues like this one were a common sight during the heavy rains that struck Long Beach as well as the rest of the state.

Jordan's track field was converted to a lake by the downpours.

A cloudburst catches two Jordanites between classes and drenches them.

Some cars managed to splash through the streets, but many others gave up on their stranded drivers.

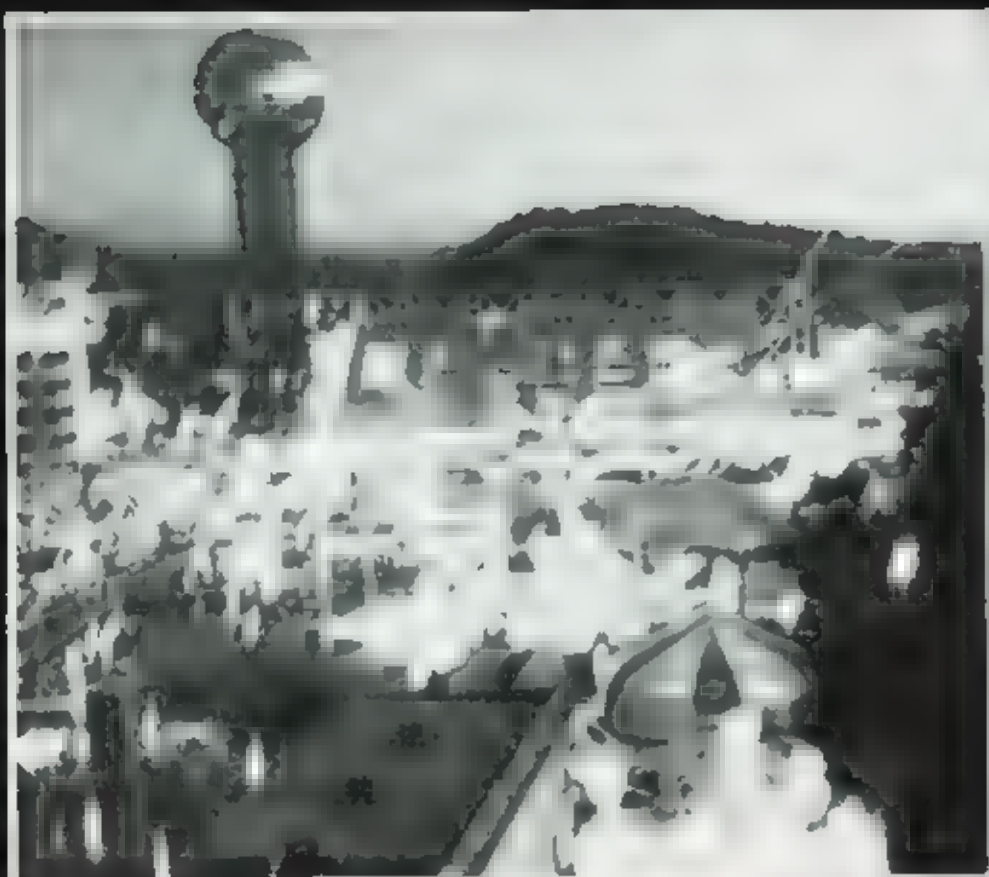

Stars' Of Year Draw Interest

1982-83 was a year for breaking free, for setting new ways. From all places and activities, people showed they've got what it takes to win. New stars emerged, and old stars demonstrated that talent which has made them last so long.

The World's Fair was held in Knoxville, Tennessee, and drew crowds of people. Displays from many countries fascinated the equally integrated masses of people who attended. About this same time, **Frank and Moon Zappa** sprang on the scene with their hit song, and new fad, "Vally Girl." In movie theaters across the country, audiences were aroused by the chemistry of **Richard Gere** and **Debra Winger** in "An Officer and a Gentleman." Other top movies draws this year included "Tootsie," "Ghandi," and "E.T." Top Oscar picks looked to be one of the three aforementioned for Best Picture, **Dustin Hoffman** or **Ben Kinsley** for best actor, and **Meryl Streep** or **Jessica Lang** for best actress. On the sports scene **Mary Decker** **Tabb** emerged as the dominant force in women's track. She went on to set seven world distance records in one year. In tennis, **Jimmy Connors** showed why he was once the champion by capturing dual titles both at Wimbledon and the U.S. Open.

Internationally, the world held its breath once again as they did just a short time ago when millions cried and cheered as **Lady Diana Spencer** wed **Charles, Prince of Wales**. Now, a little over a year later, millions did the same as **Diana** delivered the future King of England, **Prince William**. From Politics to entertainment to sports, new faces continually emerge. These are the faces which will set this year apart and make it distinct from all the rest. This is a year we can identify and always call our own—a year we spent growing and changing at Jordan High.

The Valley Girl craze, led by Frank and Moon Zappa, made popular the sayings, "Gag me with a spoon," "Totally," and "I'm sure."

Dazzling lights and spectacular displays attracted millions to the World's Fair in Knoxville, Tennessee.

The nation's newest newspaper, The U.S.A. Today, adorned many street corners in our area.

Mary Decker-Tabb dominated women's track by breaking seven existing records and winning the Sullivan W Award.

Richard Gere and Debra Winger clicked in as the hottest duo on screen in "An Officer and a Gentleman."

Popular with royalty watchers was this portrait of the future ruling family of England: Charles, Diana, and William.

Jimmy Connors cheers after defeating the opposition and the winning the U.S. Open.

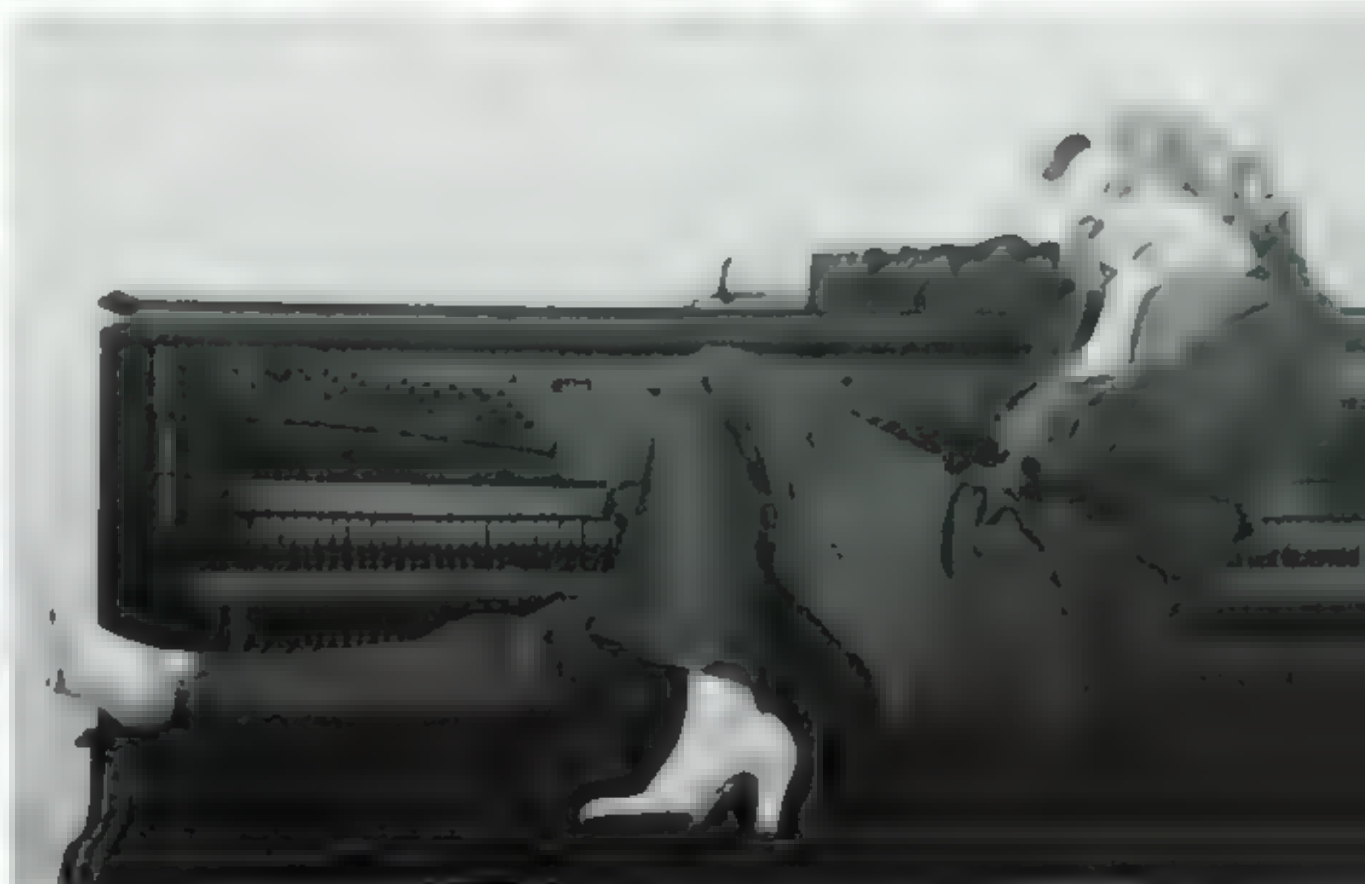

'82-'83 Sees "Late, Great" List Grow

Whether it was the end of a favorite television series or a popular music group, the death of a political leader or a well-known performer, many names were added to the list of the "late and great" in 1982-83. The tragic story of **John Belushi's** controversial drug overdose has been a news item throughout the year. The silver screen lost such great performers as **Ingrid Bergman**, and **Henry Fonda**, while the Cinderella-story life of **Princess Grace** came to an untimely end in an automobile accident. The literary world absorbed the loss of playwright **Tennessee Williams**, and multi-talented musician-director-composer **Eubie Blake** died, too, shortly after his 100th birthday. Elsewhere, the death of powerful Communist leader **Leonid Brezhnev** was announced last December.

Television fans said good-bye to **Ed Asner** and the canceled "Lou Grant" series, and hit T.V. show **M*A*S*H**, in its eleventh successful season, aired its farewell episode. The 4077th attracted more viewers during the two-and-a-half-hour program than the "Dallas" episode of "Who Shot J.R.?" Their fans saw the end of an era with the break-up of the rock music group "The Who" as well as the "Doobie Brothers" farewell concert which aired on TV.

In the medical field's attempts to extend human life, the first artificial heart was implanted in 69-year-old patient **Barney Clark**. Clark went through a successful operation but expired 112 days later because his other organs failed.

1. **John Belushi** is remembered for his many comedic roles.
2. Actor **Ed Asner** saw his T.V. series "Lou Grant" cancelled this year.
3. A young **Henry Fonda** waves "hello" to his fans.
4. Philadelphia's **Grace Kelly**, later Her Serene Highness **Princess Grace**, struck this pose in 1954.
5. **Ingrid Bergman** was well-known as Ilsa in "Casablanca."
6. **M*A*S*H** cast poses with their look-a-like dolls, gifts from **Alan Alda**.
7. The late U.S.S.R. leader **Leonid Brezhnev** succumbed after a long-term bout with deteriorating health.

Carla —

Thank you for being our daughter. You have blessed our life with your presence, lightened our days, and brought joy in all your ways.

Mom and Dad

Dear Cathy,

It's hard to believe that this is the end and your beginning. We know you can be anything you want to be. You have always been what we wanted you to be. You know we'll always be behind you.

**Love,
Mom and Dad**

Michael P., Lisa S., George P., Mike F.:

You are so special to me, and I'm glad you're a part of my life. I've delighted in watching you grow this year, for you are continuously becoming splendid people. God bless you in your future.

**I love you,
Carin**

Hi, Son —

Whether you realized it or not, this is really it! Graduation is the really big thing to happen to a young adult. Remember, the years to follow are really yours. Be mindful about what you do with them. I'll always love you!

Mom

Happy Graduation Days

The Polskis

Happy days to all my fellow graduates. May the sun always shine on you.

Mr. Dixon

To the Trailblazer staff:

Thanks for your hard work, your creativity, your humor, your friendship. I'm betting this will be the best book ever!

**Love ya!
J.P.**

Congratulations, Class of '83!

From Your Lucky Principal

**And let us not get tired
Of doing what is right for
After a while we will
Reap a harvest of blessing
If we don't get tired and
Give up.**

Digi and Cheryle,

To two sweet girls who I just met that are very nice, I hope to see more of you this year.

Larry

Congratulations and Good Luck, Class of
'83!

Judith O. Powell

Digi and Cheryle,

To two nice girls, hope to see you at the beach, and I hope to get to know you better.

Love, Hector

J.P.,

Thanks so much for making this book possible! We all love you and appreciate everything you've done. None of this would've been possible without you.

Love always,
The Staff

Hey, Rich, Larry, Lance, Dave, and the rest of the Club!

You guys mean a lot to me, so take care of yourselves. Stay together. We're all brothers.

Love all of you,
Norm

Dear Phyllis Jane,

I've found so much joy in you these past three years. You have given me so much. I wouldn't trade one second of the time that we have spent together for anything.

I love you,
George

Congratulations, Liza!

We're so proud of you and your senior classmates!

We love you, Cactus Flower!
Joe and Mickey Gurule

Jimmy, Congratulations!

You made it, and we are proud of you. We hope the future holds happiness and success for you. You deserve it. God bless you, and we love you very much.

Dad and Mom

Dearest Cheryle,

We love you! Good luck always,

Mark, Russ, Bob

Dear Digi,

Thank you for being a good person and my daughter.

We love you,
Mom, Jim and Sylvia

To Shelly ("Shu Shu," "Momma's Baby") and all our "adopted kids" at Jordan:

We love you and hope you all have a beautiful forever.

Love,
Mom and Dad Anderson

Dear Digi,
Good luck in life. May the Lord watch you in
your steps.

The Bernicos and Harmons

Dear Cheryle,
Your school days have come to an end, and
I'm glad I got to be a part of the last and most
fun year of school. Now I hope you'll make
me a part of that big step into the "Real
World." We've had some bad times, but most
of all they've been good. I hope you'll never
forget them!! Make your life a good one. I
love you.

Love always,
Dale Platt

Mom, Dad, Steve, Ronnie, Arnie, Laura,
April, Ed, Ken, Jessie, Jeanette, and John,
Thank you for helping me through the rough
times — for the laughs, love, and constant
support. You are all so very special to me. I
will always love, admire, and remember you.
Thank you and God bless!

With love,
Jimmy, Class of 1983

Dear Digi,
Thank you for being a good granddaughter.

I love you,
Granny Darnell

Bubba —
You're the greatest! Have fun your last year
at Jordan. It is a great school.

Love,
Mom and Dad

GREAT JOB!
We are all very proud of all you have done,
Juli. Keep it up!
